[57] **CLAIM**

The ornamental design for a rotating disc for printing information, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a rotating disc for printing information showing my new design, with the dashed lines indicating a detachable area;

FIG. 2 is a top plan view thereof with the thickness disproportionately enlarged for clarity of illustration;

FIG. 3 is a right end view thereof with the thickness disproportionately enlarged for clarity of illustration;

FIG. 4 is a left end view thereof with the thickness disproportionately enlarged for clarity of illustration;

FIG. 5 is a rear view thereof, with the dashed lines indicating a detachable area;

FIG. 6 is a bottom view thereof with the thickness disproportionately enlarged for clarity of illustration;

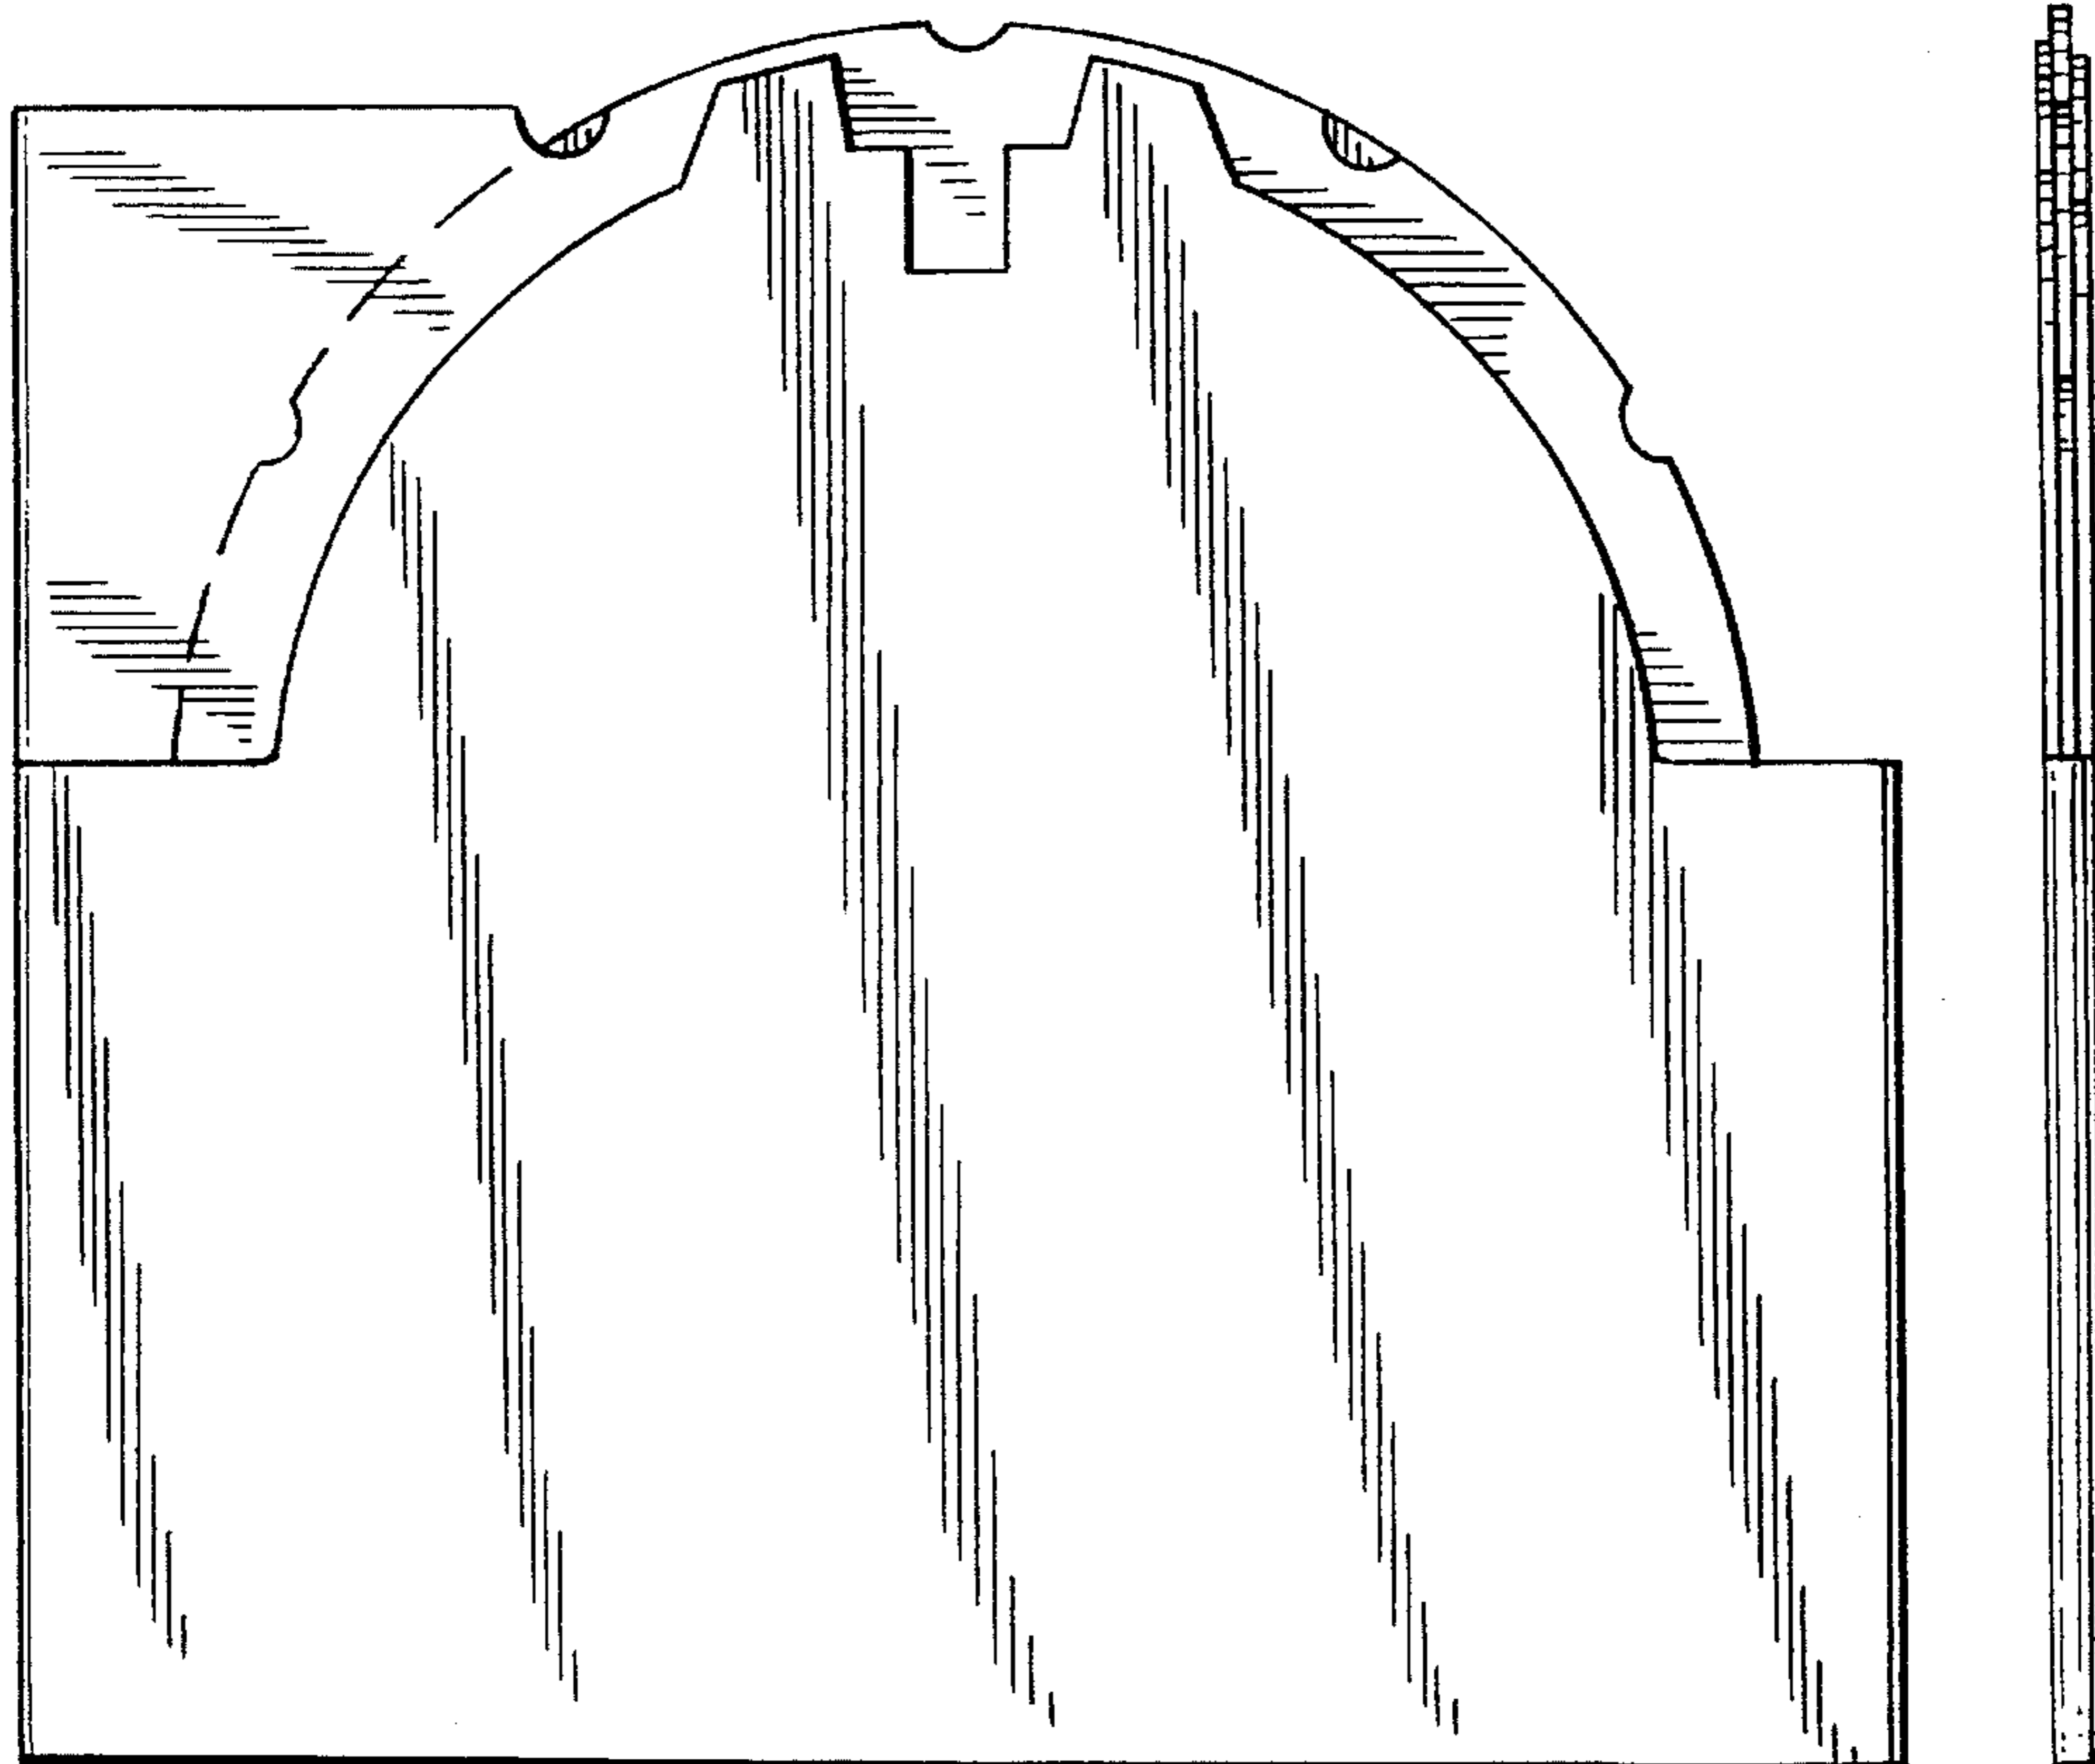

FIG. 7 is a front view thereof with a corner piece removed for clarity of illustration;

FIG. 8 is a top plan view thereof, with the corner piece removed for clarity of illustration;

FIG. 9 is a right end view thereof, with the corner piece removed and with the thickness being disproportionately enlarged for clarity of illustration; and,

FIG. 10 is a rear view thereof, with the corner portion removed for clarity of illustration.
