[57] **CLAIM**

The ornamental design for a geometrical puzzle toy, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a geometrical puzzle toy showing my new design;

FIG. 2 is a front elevational view thereof and the rear elevational view thereof is a mirror image of the front elevational view;

FIG. 3 is a top plan view thereof and the bottom plan view thereof is a mirror image of the top plan view; the right side elevational view is identical to said top plan view and the left side elevational view is the mirror image of said right side elevational view;

FIG. 4 is a perspective view of another embodiment showing my new design;

FIG. 5 is a front elevational view thereof and the rear elevational view thereof is a mirror image of the front elevational view; and,

FIG. 6 is a top plan view thereof and the bottom plan view thereof is a mirror image of the top plan view; the right side elevational view is identical to said top plan view and the left side elevational view is the mirror image of said right side elevational view.
