[57] **CLAIM**

The ornamental design for a front face of a write-protect latch on a disk cartridge, as shown and described.

DESCRIPTION

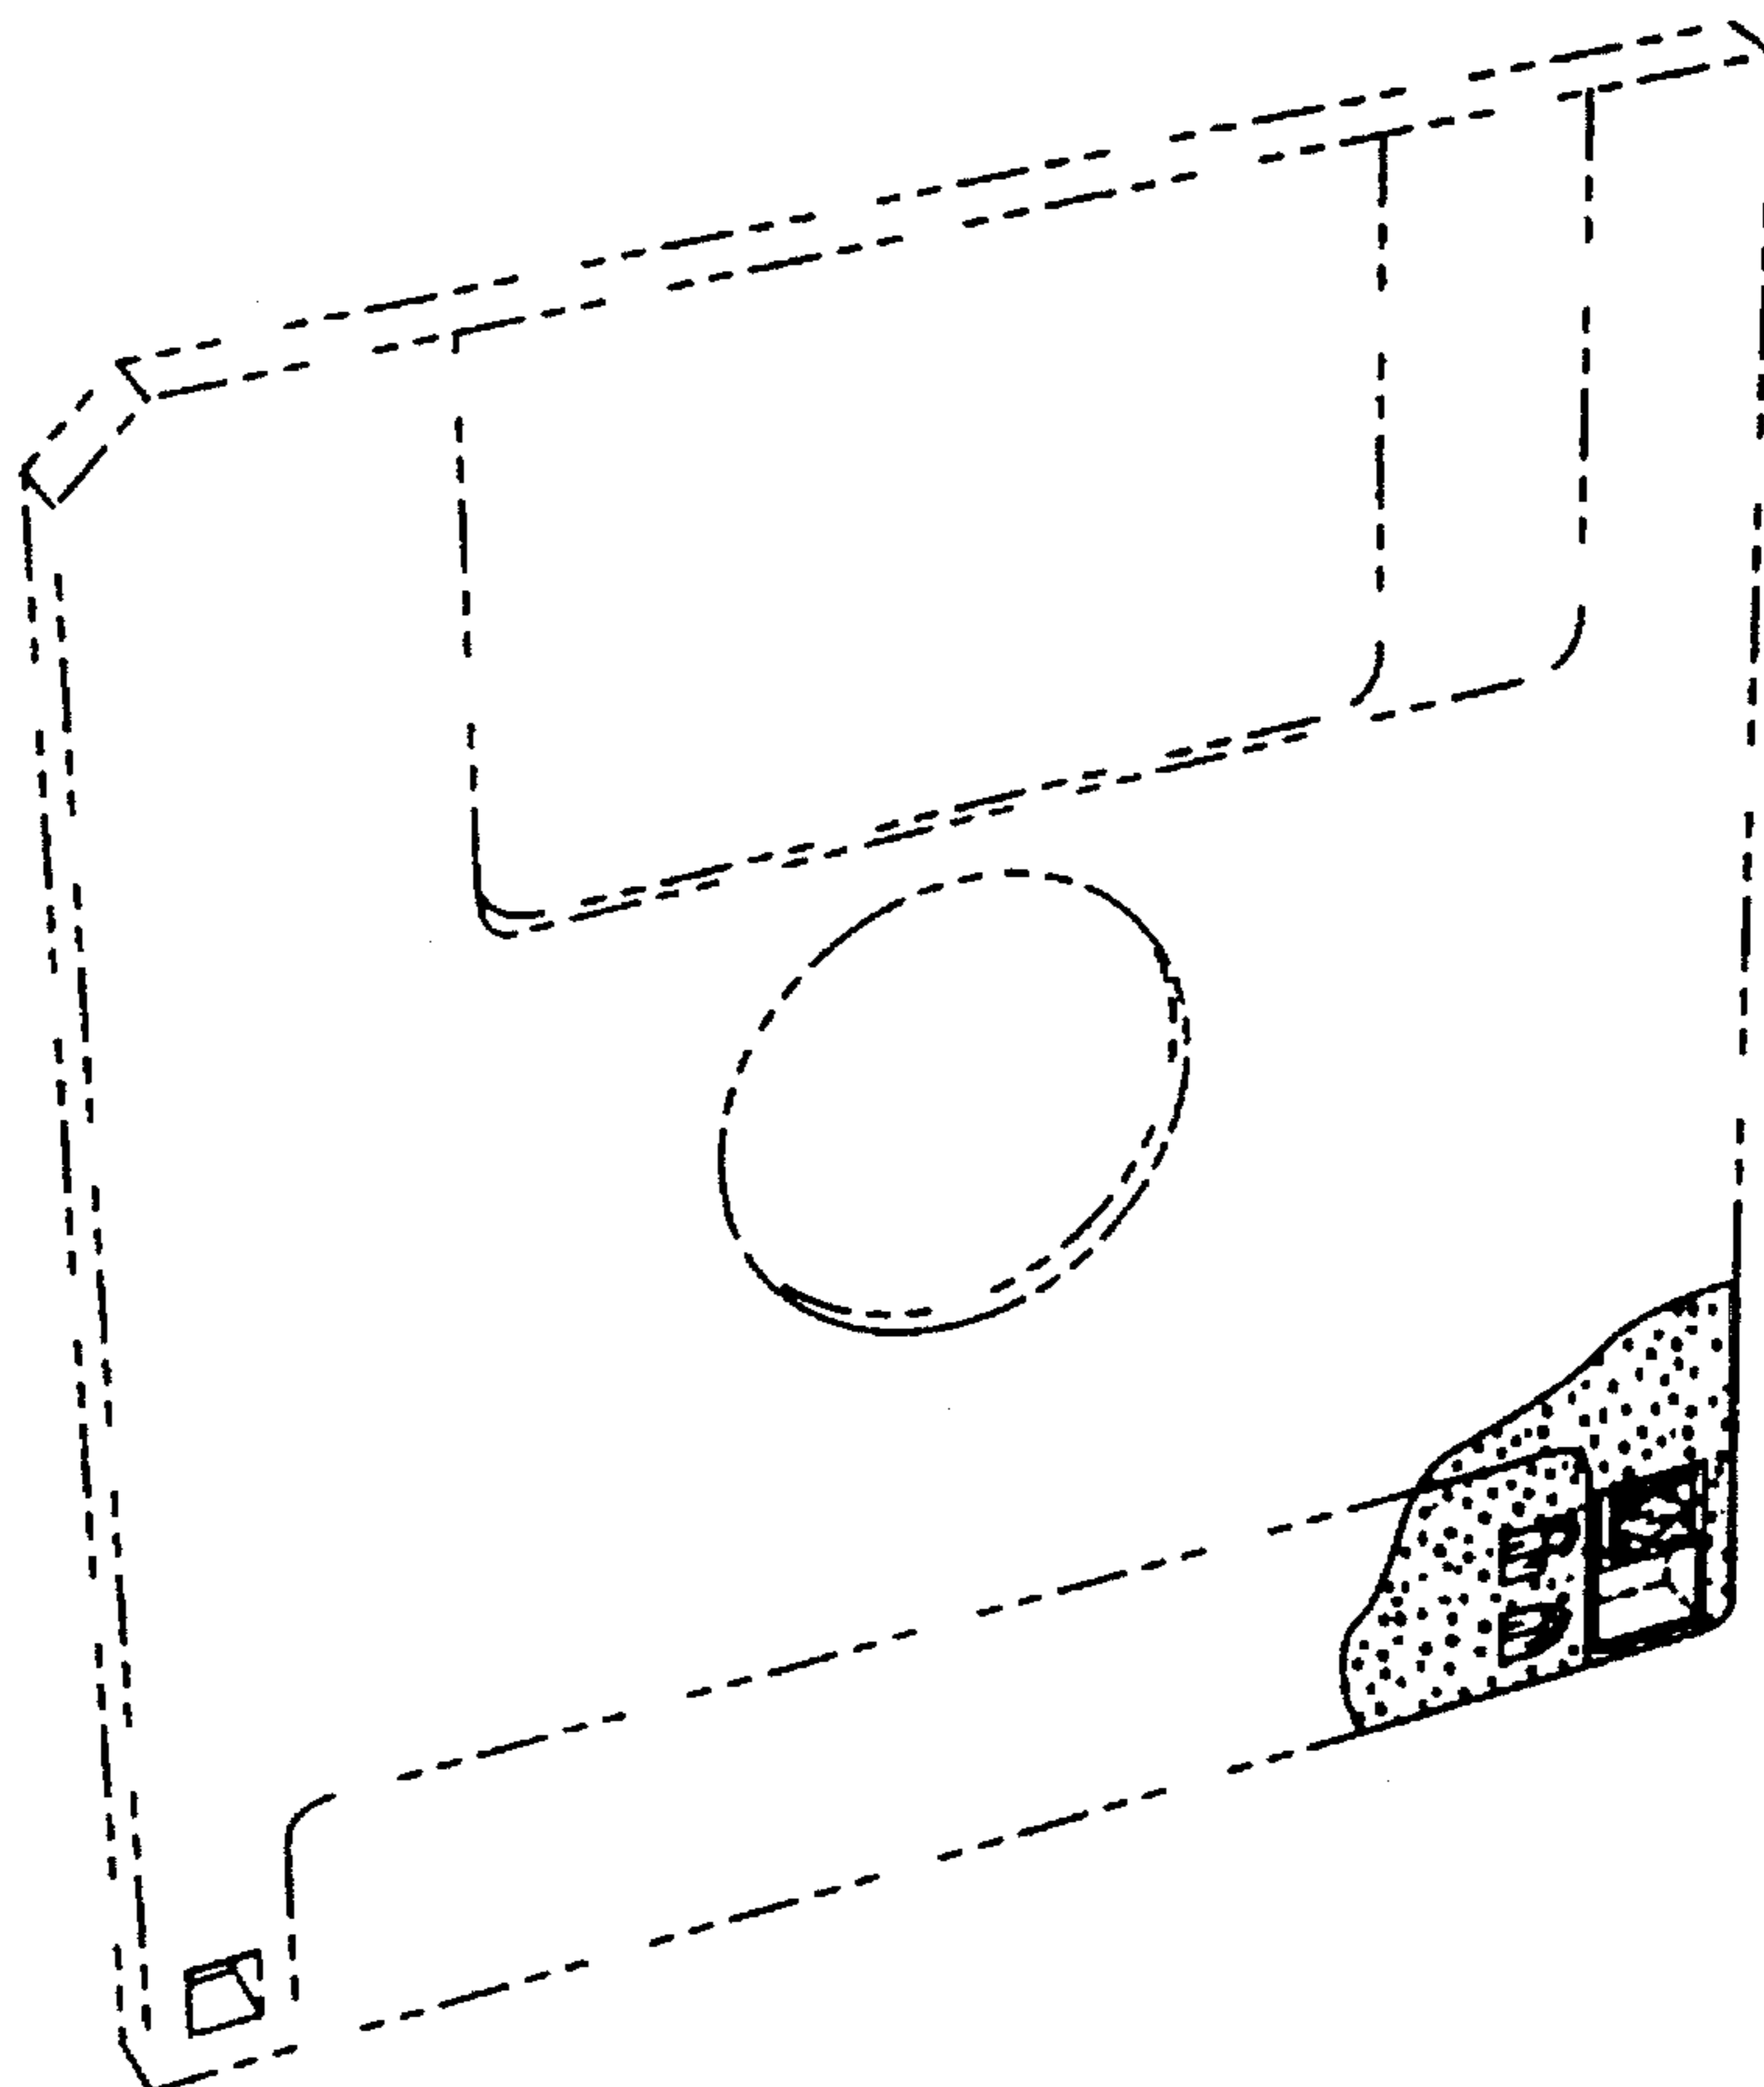

FIG. 1 is a perspective view of a front face of a write-protect latch on a disk cartridge according to the present invention; and,

FIG. 2 is a front elevational view of the disk cartridge shown in FIG. 1.

Those portions of the disk cartridge shown in broken lines are included for illustrative purposes only and form no part of the claimed design.

The characteristic feature of the design resides in the diamond-shape provided on the write-protect latch.
