[57] CLAIM

The ornamental design for computer mouse, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a computer mouse showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a left side elevational view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a rear elevational view thereof; and,

FIG. 7 is a bottom plan view thereof.

The dominant feature of the invention resides in the design of the Walt Disney character Mickey Mouse with two circular ears mounted on a spherically shaped electronic mouse.

The broken line drawing of a portion of a cord in FIGS. 1, 2, 4-7 is for illustrative purposes only and forms no part of the claimed design.
