[57] **CLAIM**

The ornamental design for a lightbar for motorcycle cargo carriers, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a light bar for motorcycle cargo carriers showing my new design, with the broken line shown for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is a top perspective view thereof;

FIG. 3 is a right side view thereof;

FIG. 4 is a rear view thereof;

FIG. 5 is a top view thereof;

FIG. 6 is a bottom view thereof;

FIG. 7 is a left side view thereof;

FIG. 8 is a front view thereof; and,

FIG. 9 is a perspective view of a light bar for the left side of the vehicle and is a mirror image of the right side light bar shown in FIG. 2. The remaining views of the left side light are mirror images of the corresponding views of the right side light bar shown in FIGS. 2-8.

The drawings illustrate the light bars according to my invention for being mounted on the right side of a motorcycle, the light bar for the left side of the motorcycle being a mirror image of that illustrated in FIGS. 1-9.
