[57] CLAIM

The ornamental design for an attachment tool for a system for repairing damaged gas turbine engine airfoils, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an attachment tool for a system for repairing damaged gas turbine engine airfoils showing my new design;

FIG. 2 is a left side view thereof;

FIG. 3 is a right side view thereof; and,

FIG. 4 is a top view thereof.

The broken line showing the abradable end piece is not part of the claimed design.
