[57] **CLAIM**

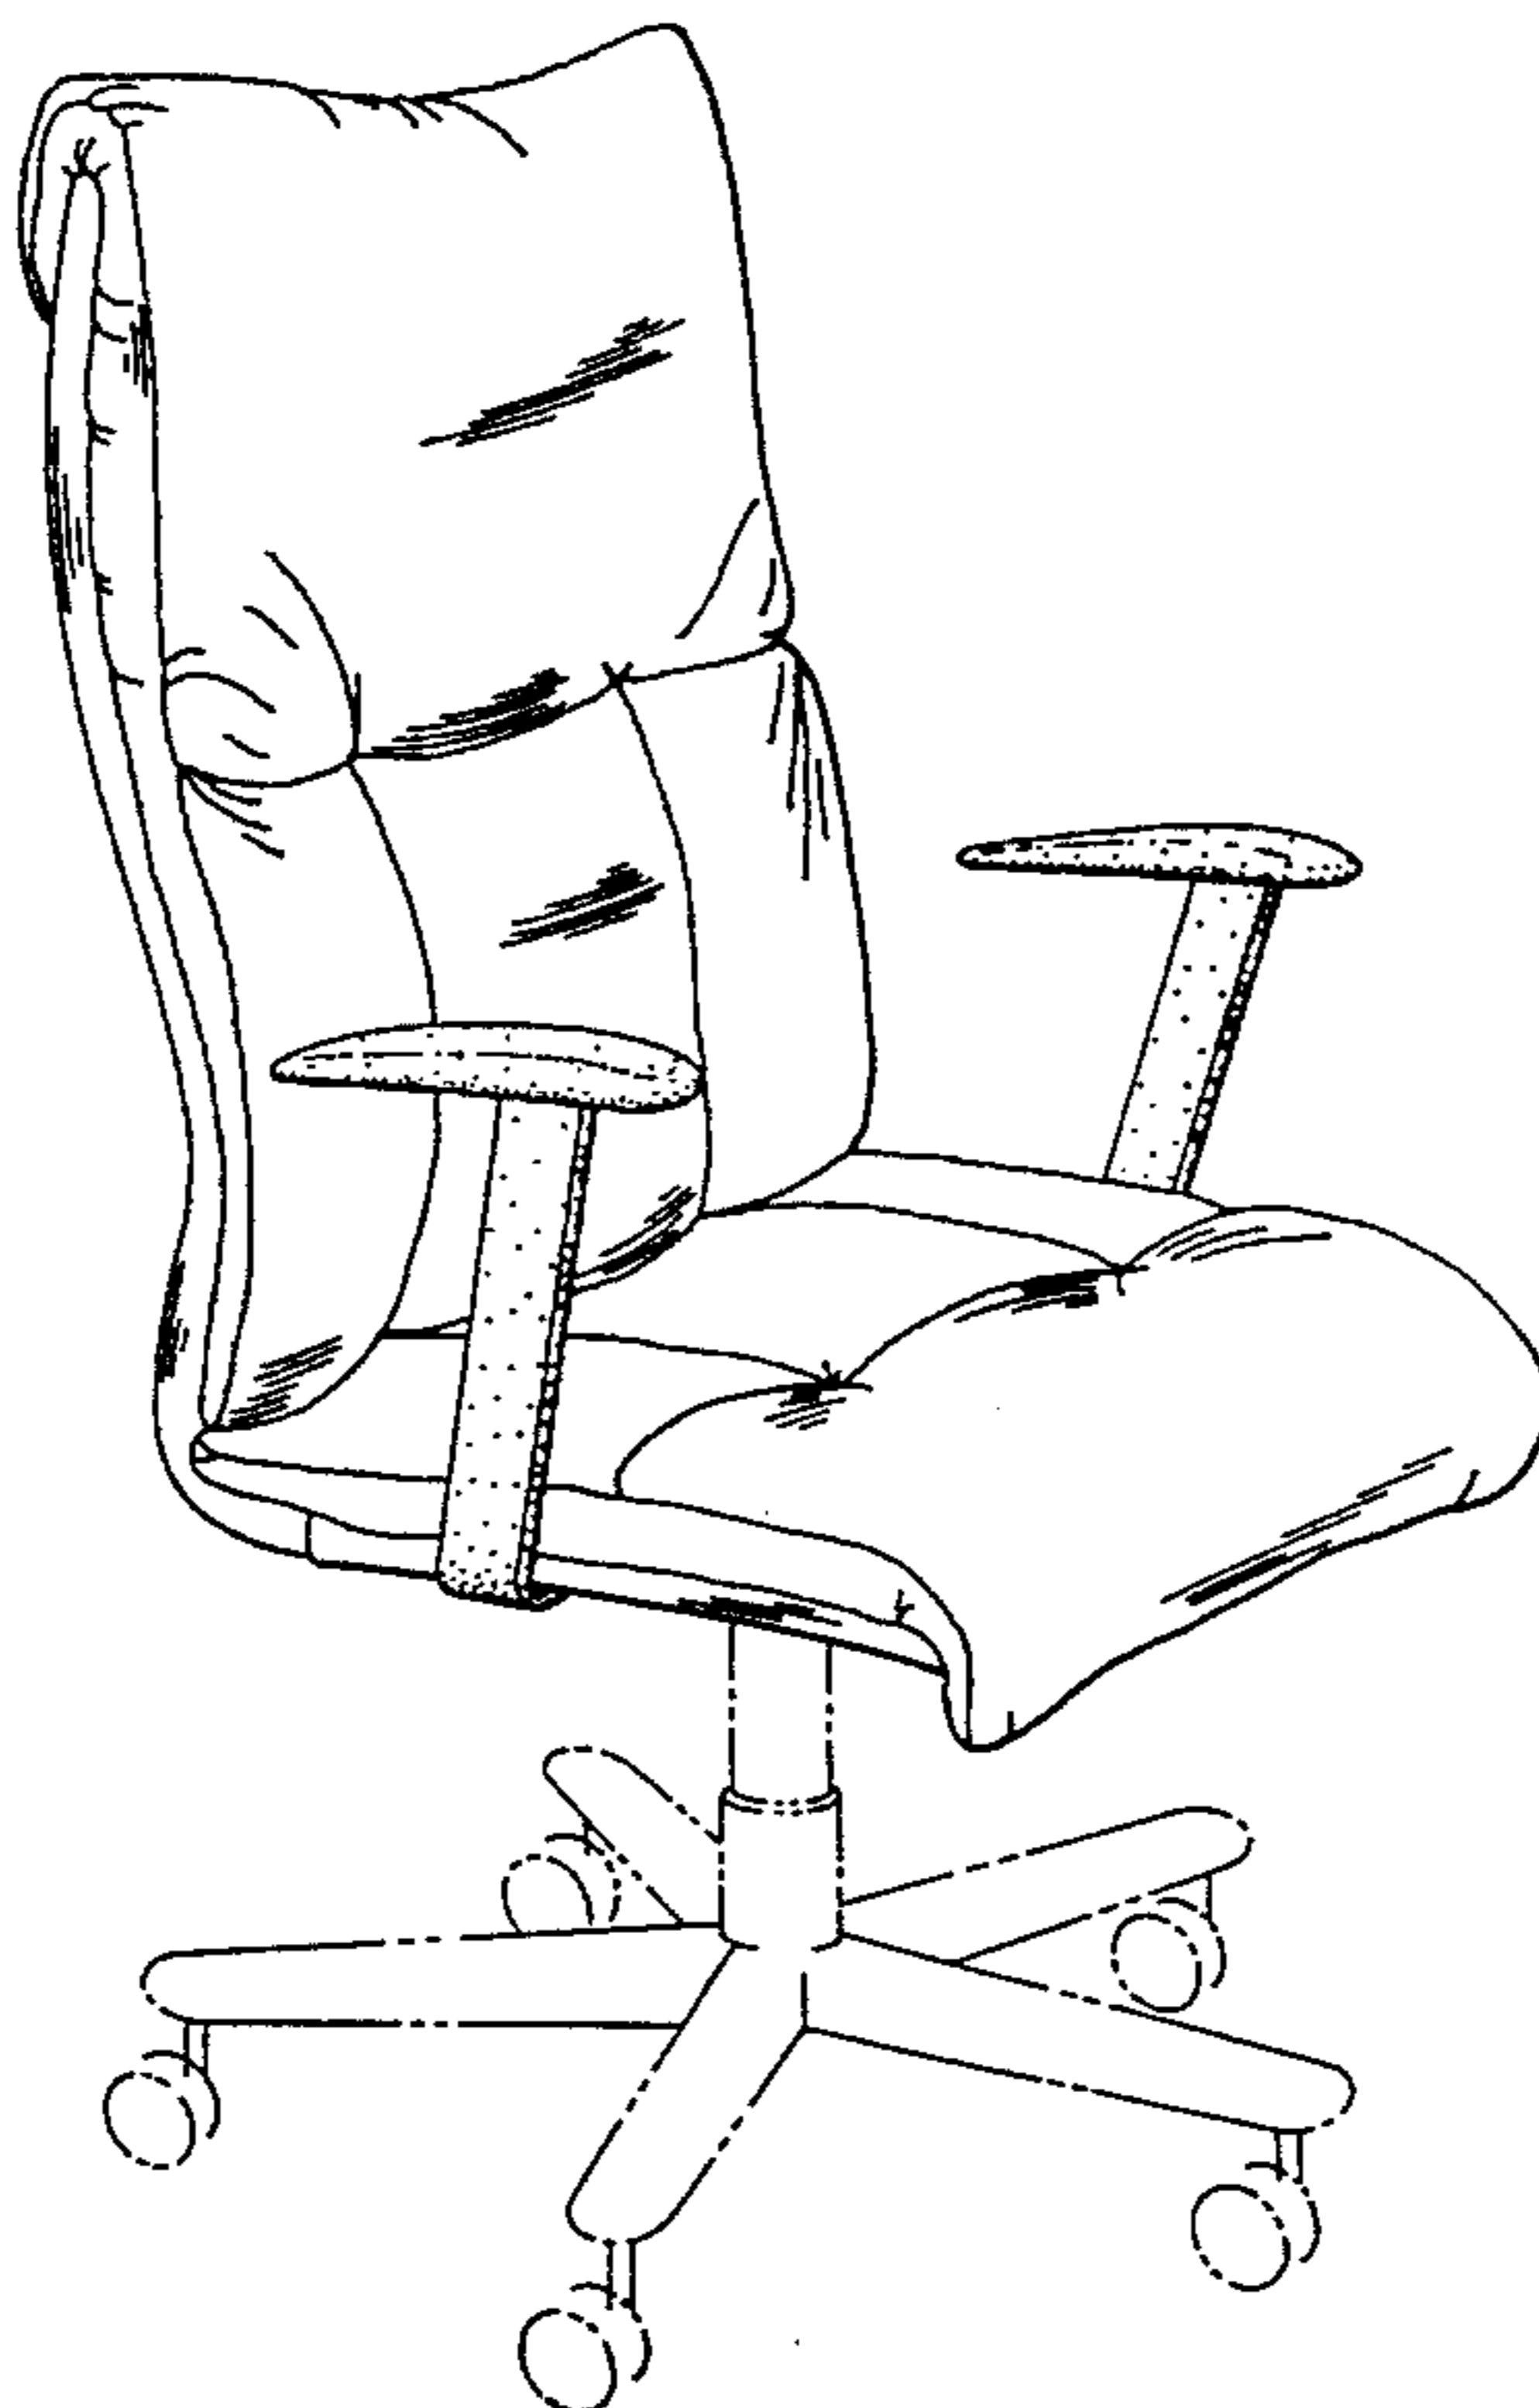

The ornamental design for a pedestal based executive chair, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a pedestal based executive chair embodying our new design;  
 FIG. 2 is a front elevational view of the design;  
 FIG. 3 is a top plan view of the design;  
 FIG. 4 is a side elevational view of the design, the opposite side being substantially a mirror image thereof;  
 FIG. 5 is a rear elevation view of the design;  
 FIG. 6 is a front perspective view of a pedestal based executive chair showing a second embodiment of our design;  
 FIG. 7 is a front elevational view of the second embodiment of the design;  
 FIG. 8 is a top plan view of the second embodiment of the design;  
 FIG. 9 is a side elevational view of the second embodiment of the design, the opposite side being substantially a mirror image thereof; and,  
 FIG. 10 is a rear elevation view of the second embodiment of the design.

The broken line showing of a spider pedestal base is for environmental purposes only and forms no part of the claimed design.
