[57] CLAIM

The ornamental design for a massage chair, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a massage chair, showing our new design;
 FIG. 2 is a rear elevational view thereof;
 FIG. 3 is a top plan view thereof;
 FIG. 4 is a bottom plan view thereof;
 FIG. 5 is a right side elevational view thereof showing wires in broken lines;
 FIG. 6 is a left side elevational view thereof;
 FIG. 7 is a perspective view thereof;
 FIG. 8 is a front view showing the massage chair when the pillow is moved to the upper part;
 FIG. 9 is a front view showing the massage chair when the pillow is moved to the lower part;
 FIG. 10 is a left side elevational view showing the massage chair when the backrest is inclined rearward;
 FIG. 11 is a left side elevational view showing the massage chair when the footrest is extended;
 FIG. 12 is a left side elevational view showing the massage chair when the backrest is inclined rearward and the footrest is extended;
 FIG. 13 is a perspective view illustrating how an individual, shown in broken in lines, uses the massage chair; and,
 FIG. 14 is a left side elevational view illustrating how an individual, shown in broken lines, uses the massage chair.
 The broken line showings of the wires in FIG. 5, and the human form in FIGS. 13 and 14 are for environmental purposes only and form no part of the claimed design.
