### [57] CLAIM

The ornamental design for a tripod for a camera, as shown and described.

### DESCRIPTION

FIG. 1 is a front elevational view of my tripod for camera in the full opened position showing my new design;

FIG. 2 is a right hand side elevational view thereof in full opened position;

FIG. 3 is a top plan view thereof in the full opened position;

FIG. 4 is a bottom plan view thereof in the full opened position;

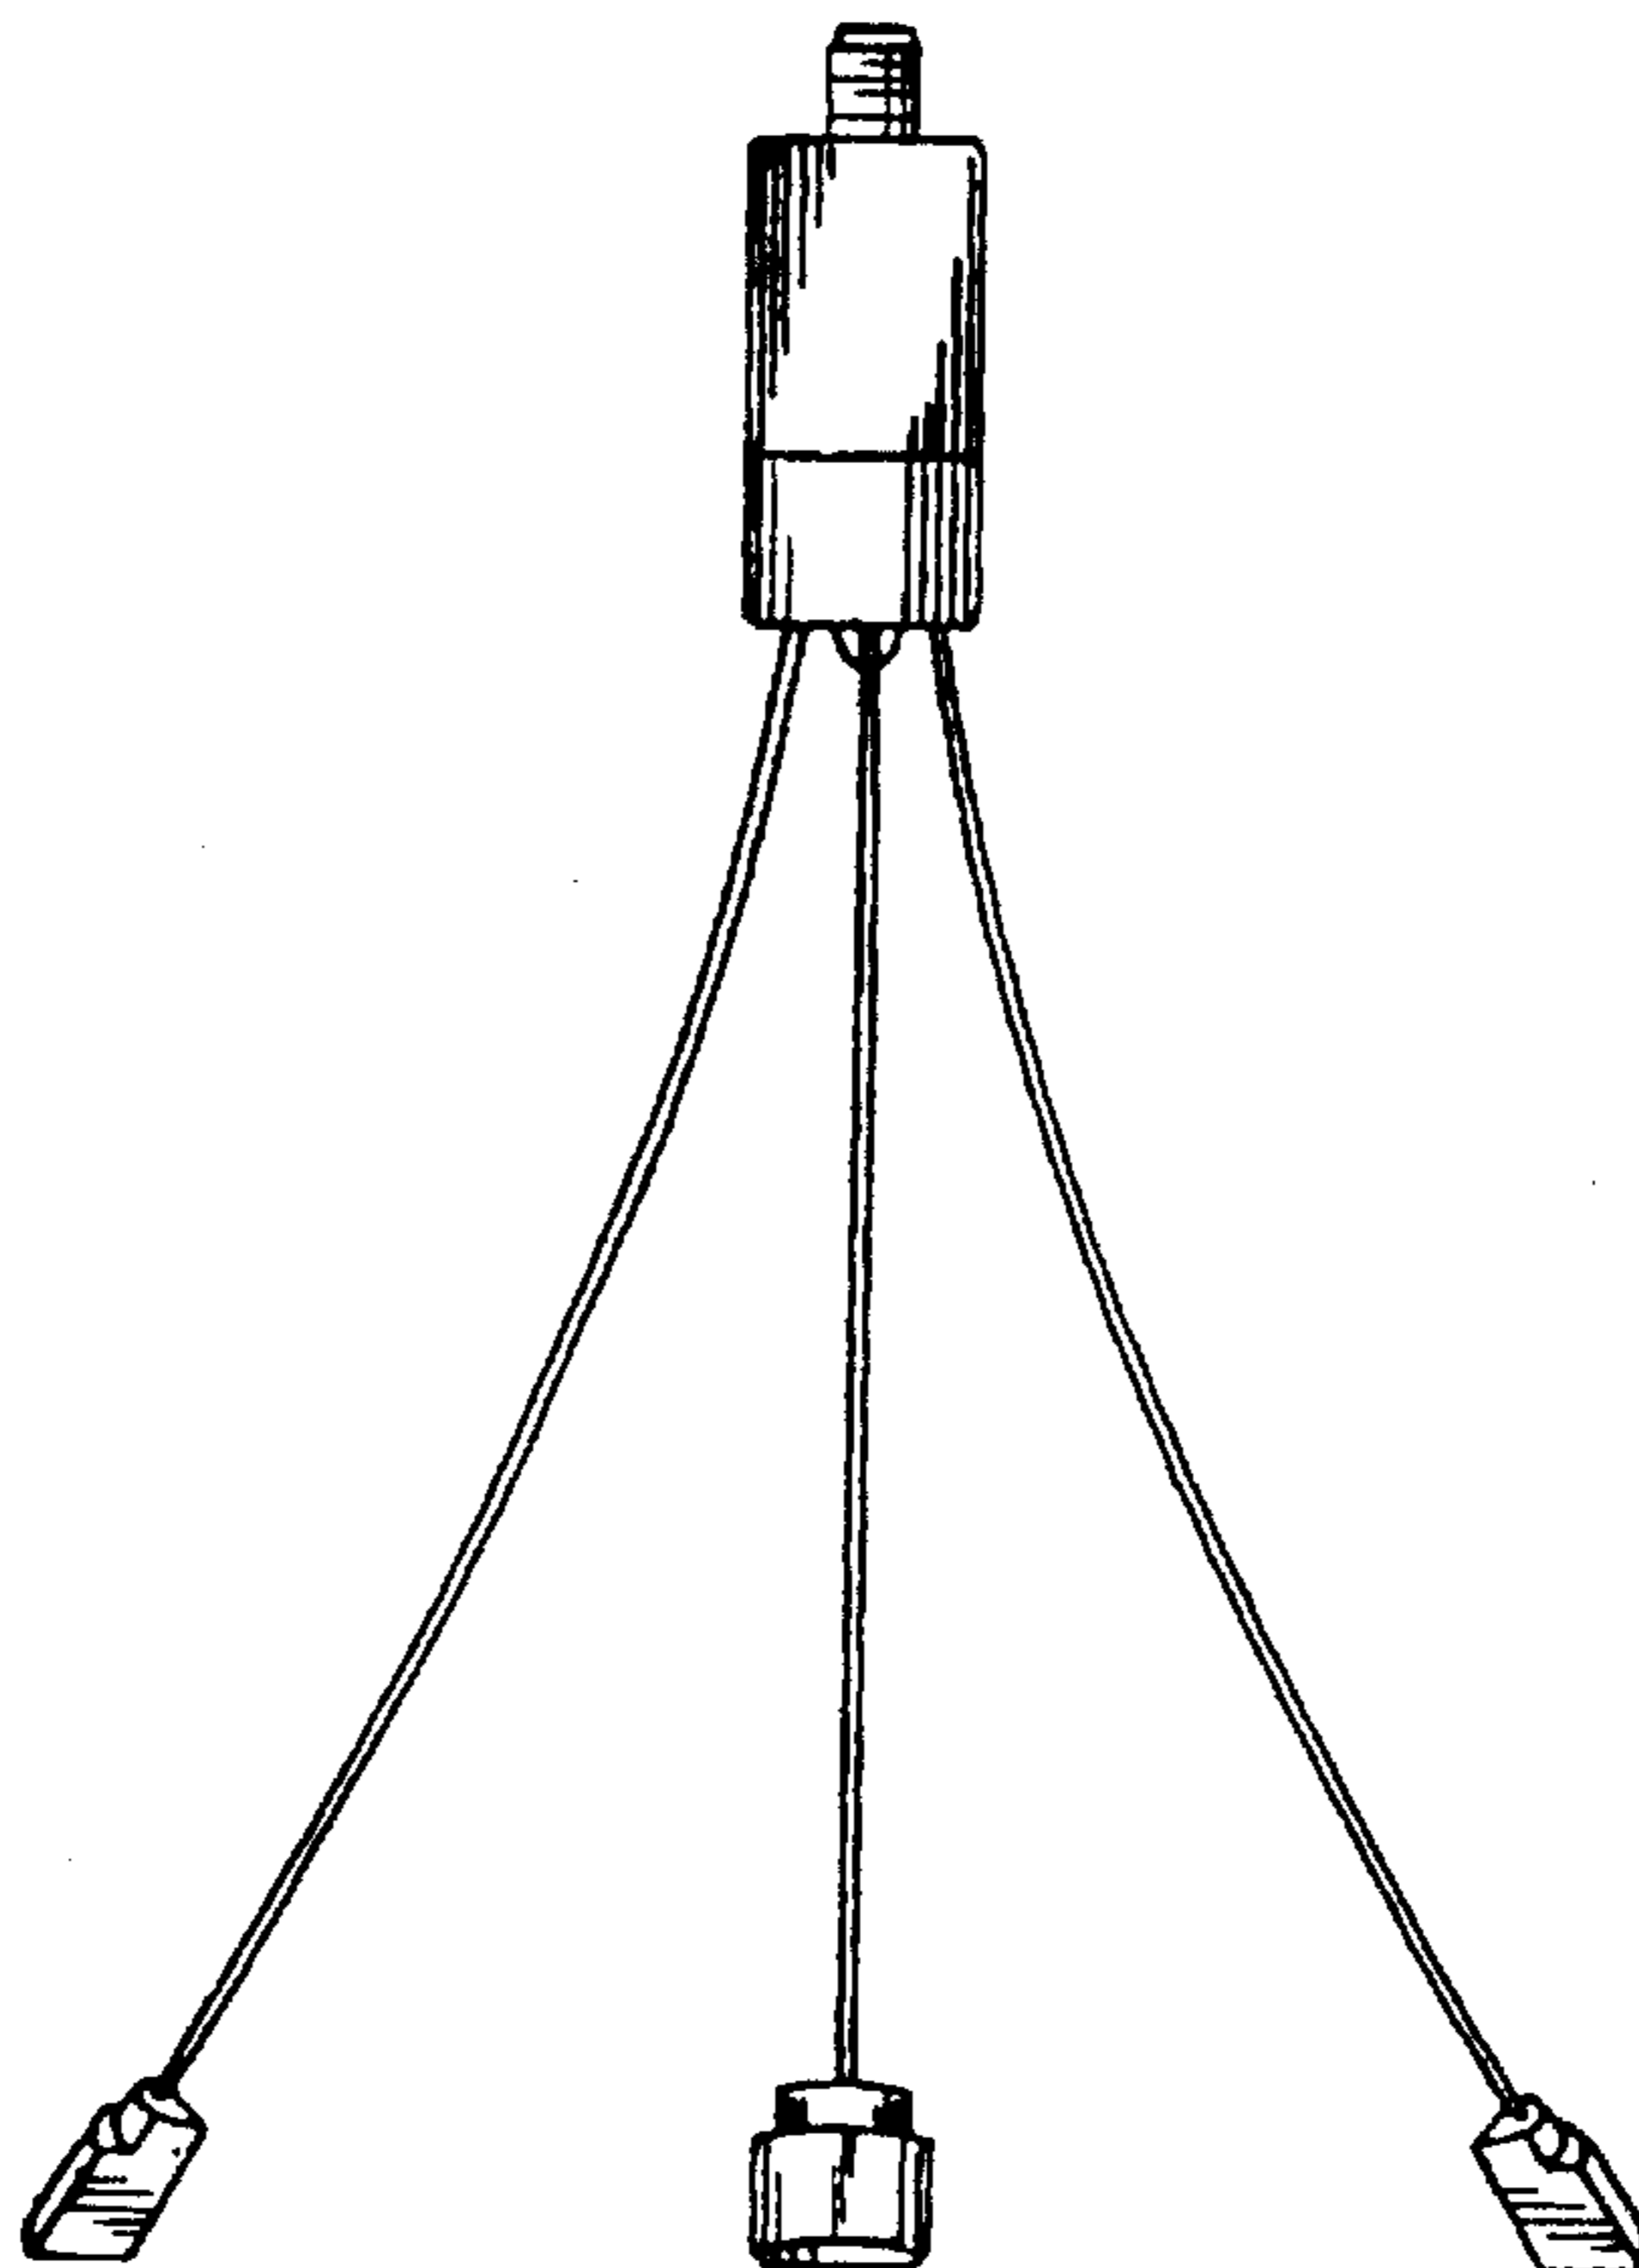

FIG. 5 is a rear elevational view thereof in the full opened position;

FIG. 6 is a perspective view thereof in the full opened position; and,

FIG. 7 is a perspective view thereof in the closed position.

The left hand side elevational view not shown herein is a mirror image of the right hand side elevational view shown in FIG. 2.
