[57] **CLAIM**

The ornamental design for a clip-on dispenser assembly unit for air treating material, as shown and described.

**DESCRIPTION**

FIG. 1 is a top and side perspective view of the clip on dispenser assembly unit for air treating material showing our new design;

FIG. 2 is a side elevational view thereof;

FIG. 3 is a side elevational view thereof, taken from the section opposite to FIG. 2;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a side elevational view thereof, the opposite side being a mirror image of that shown;

FIG. 7 is an exploded top and side perspective view corresponding to FIG. 1;

FIG. 8 is a side elevational view of the dispenser portion, shown separately for clarity of illustration, the opposite side being a mirror image of that shown;

FIG. 9 is a side elevational view of the dispenser portion taken from the right side of FIG. 8, shown separately for clarity of illustration, the opposite side being a mirror image of that shown;

FIG. 10 is a top plan view of the dispenser portion, shown separately for clarity of illustration; and,

FIG. 11 is a bottom plan view of the dispenser portion, shown separately for clarity of illustration.
