[57] **CLAIM**

The ornamental design for a coupling eye for a window operator, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a coupling eye for a window operator showing our new design;

FIG. 2 is a front elevational view thereof, the side opposite being identical except for the appearance of the circular aperture;

FIG. 3 is a bottom plan view thereof; and,

FIG. 4 is a cross sectional view taken along line 4—4 of FIG. 3.
