[57] CLAIM

The ornamental design for a work machine having endless ground engaging drive belts, as shown and described.

DESCRIPTION

FIG. 1 is a right side elevational view of a work machine having endless ground engaging drive belts, showing our new design;

FIG. 2 is a left side elevational view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a right side elevational view of a work machine having endless ground engaging drive belts, showing an alternate embodiment thereof;

FIG. 7 is a left side elevational view of the alternate embodiment;

FIG. 8 is a front elevational view of the alternate embodiment;

FIG. 9 is a rear elevational view of the alternate embodiment; and,

FIG. 10 is a top plan view of the alternate embodiment.

The broken line showing is for illustrative purposes only, and forms no part of the claimed design.
