[57] **CLAIM**

The ornamental design for a fluid measuring and transfer device, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a fluid measuring and transfer device showing my new design;
FIG. **2** is a front elevational thereof;
FIG. **3** is a bottom plan view thereof;
FIG. **4** is a right side elevational view thereof;
FIG. **5** is a left side elevational view thereof;
FIG. **6** is a top elevational view thereof; and,
FIG. **7** is a rear elevational view thereof.

The dominant feature of the invention resides in the design of a fluid measuring and transfer device employed as a portable miniature fluid measuring device designed for use with measuring solvents.
