[57] **CLAIM**

The ornamental design for a massager, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the massager illustrating one embodiment of the present invention;

FIG. 2 is a front elevational view of the massager of FIG. 1, the left side, rear, and right side views appearing the same as the front view;

FIG. 3 is a bottom plan view of the massager of FIG. 1;

FIG. 4 is a top plan view of a second embodiment of the massager of the present invention;

FIG. 5 is a front elevational view of the massager of FIG. 4, the left side, rear, and right side views appearing the same as the front view;

FIG. 6 is a bottom plan view of the massager of FIG. 4;

FIG. 7 is a top plan view of a third embodiment of the massager of the present invention;

FIG. 8 is a front elevational view of the massager of FIG. 7;

FIG. 9 is a bottom plan view of the massager of FIG. 7;

FIG. 10 is a rear elevational view of the massager of FIG. 7;

FIG. 11 is a left side elevational view of the massager of FIG. 7;

FIG. 12 is a right side elevational view of the massager of FIG. 7;

FIG. 13 is a top plan view of a fourth embodiment of the massager of the present invention;

FIG. 14 is a front elevational view of the massager of FIG. 13;

FIG. 15 is a bottom plan view of the massager of FIG. 13;

FIG. 16 is a rear elevational view of the massager of FIG. 13;

FIG. 17 is a left side elevational view of the massager of FIG. 13; and,

FIG. 18 is a right side elevational view of the massager of FIG. 13.
