#### [57] CLAIM

FIG. 2;

The ornamental design for a pair of legs for a table, as shown and described.

#### DESCRIPTION

FIG. 1 is a perspective view of a first variation of a pair of legs for a table embodying my design, the table top being shown by dotted lines for illustrative purposes;

FIG. 2 is a front elevational view thereof, the rear elevational view being substantially identical thereto;

FIG. 3 is a left-side elevational view thereof on an enlarged scale, the right-side elevational view being substantially identical thereto;

FIG. 4 is an enlarged cross sectional view taken along line 4-4 in FIG. 3;

FIG. 5 is a side elevational view which corresponds to FIG. 3 but shows an opposite side of the leg depicted therein, such veiw being taken generally along line 5—5 in FIG. 2; and FIG. 6 is a top plan view taken generally along line 6—6 in

FIG. 7 is a perspective view of a second variation of a pair of legs for a table embodying my design, the table top being shown by dotted lines for illustrative purposes;

FIG. 8 is a front elevational view thereof, the rear elevational view being substantially identical thereto;

FIG. 9 is a left-side elevational view thereof on an enlarged scale, the right-side elevational view being substantially a mirror image thereof;

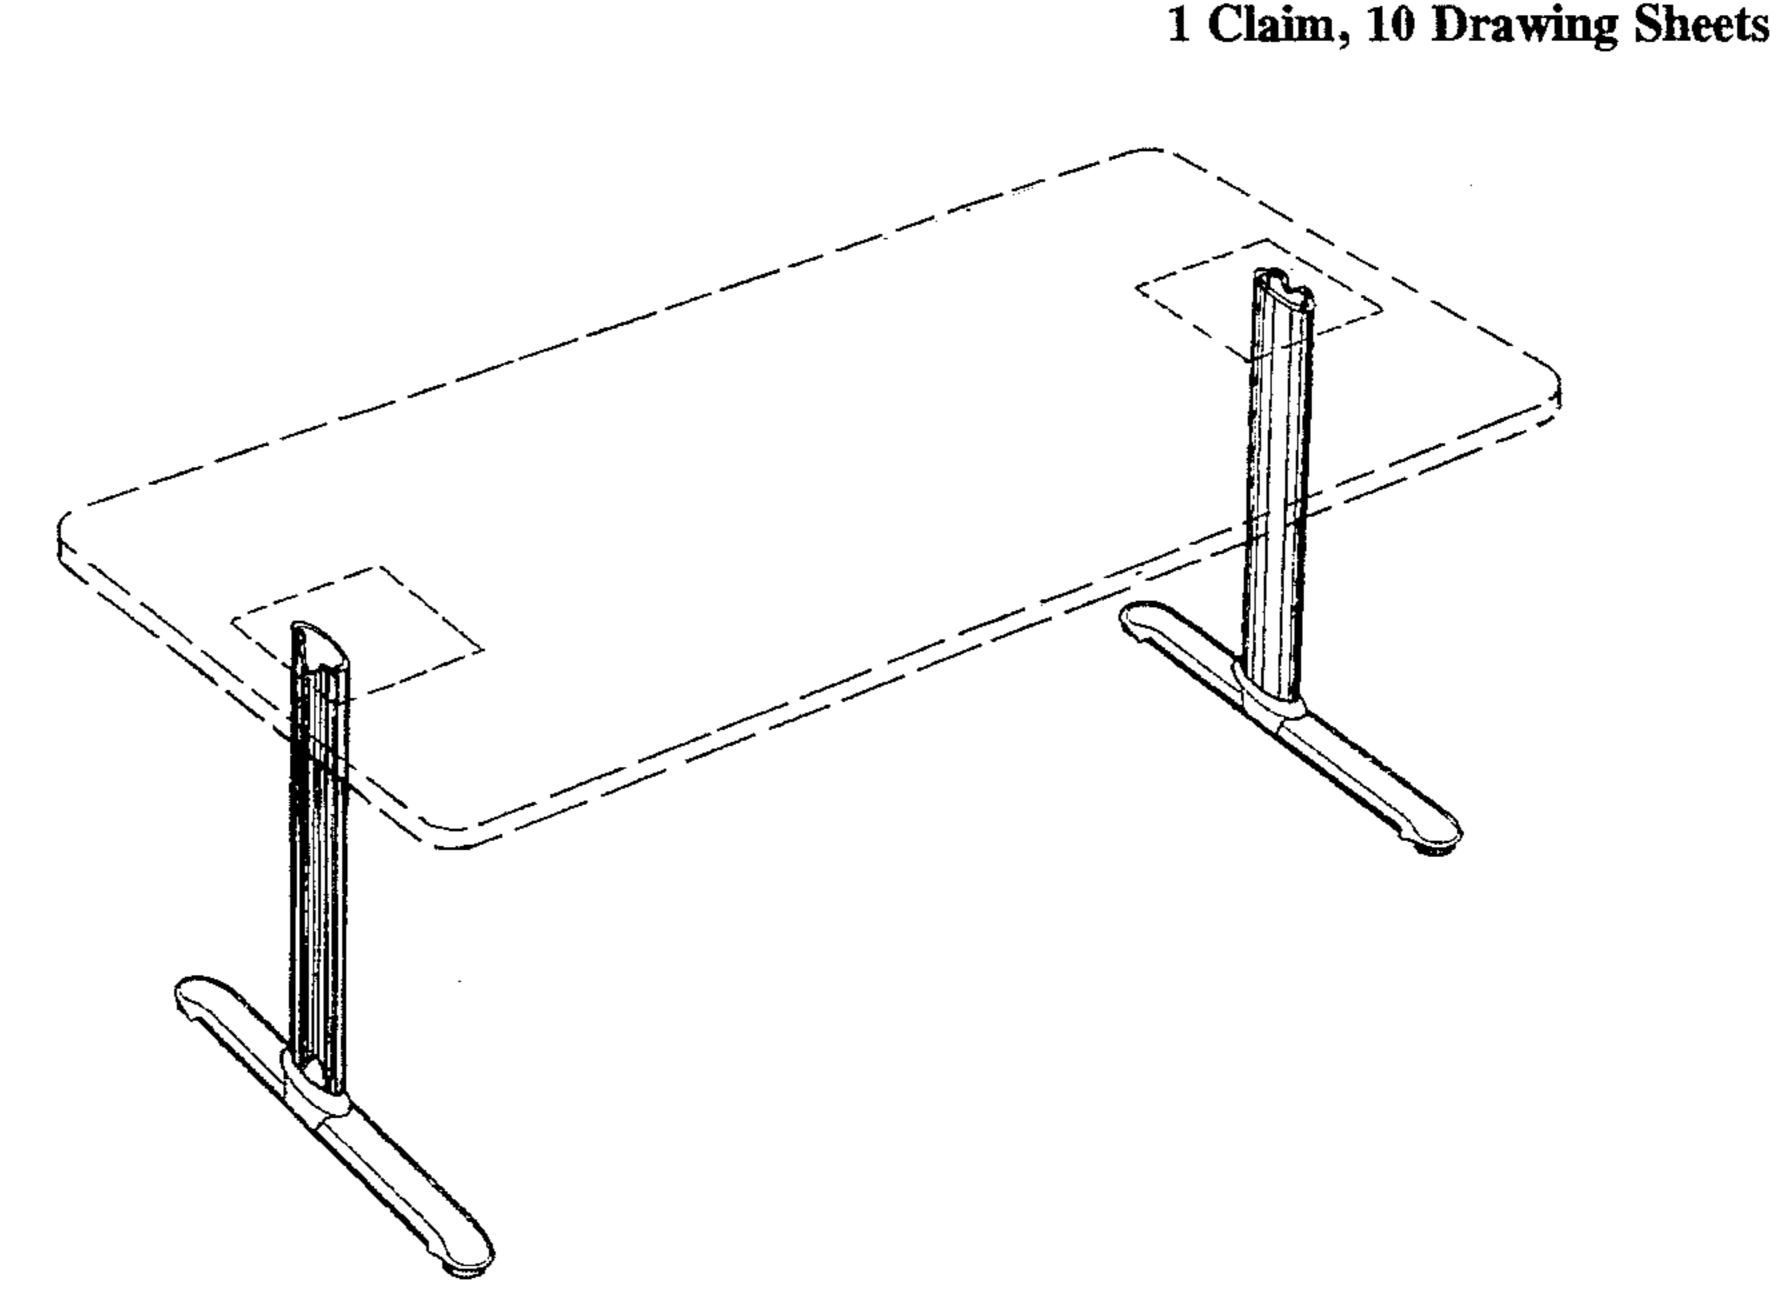

FIG. 10 is an enlarged cross sectional view taken along line 10—10 in FIG. 9;

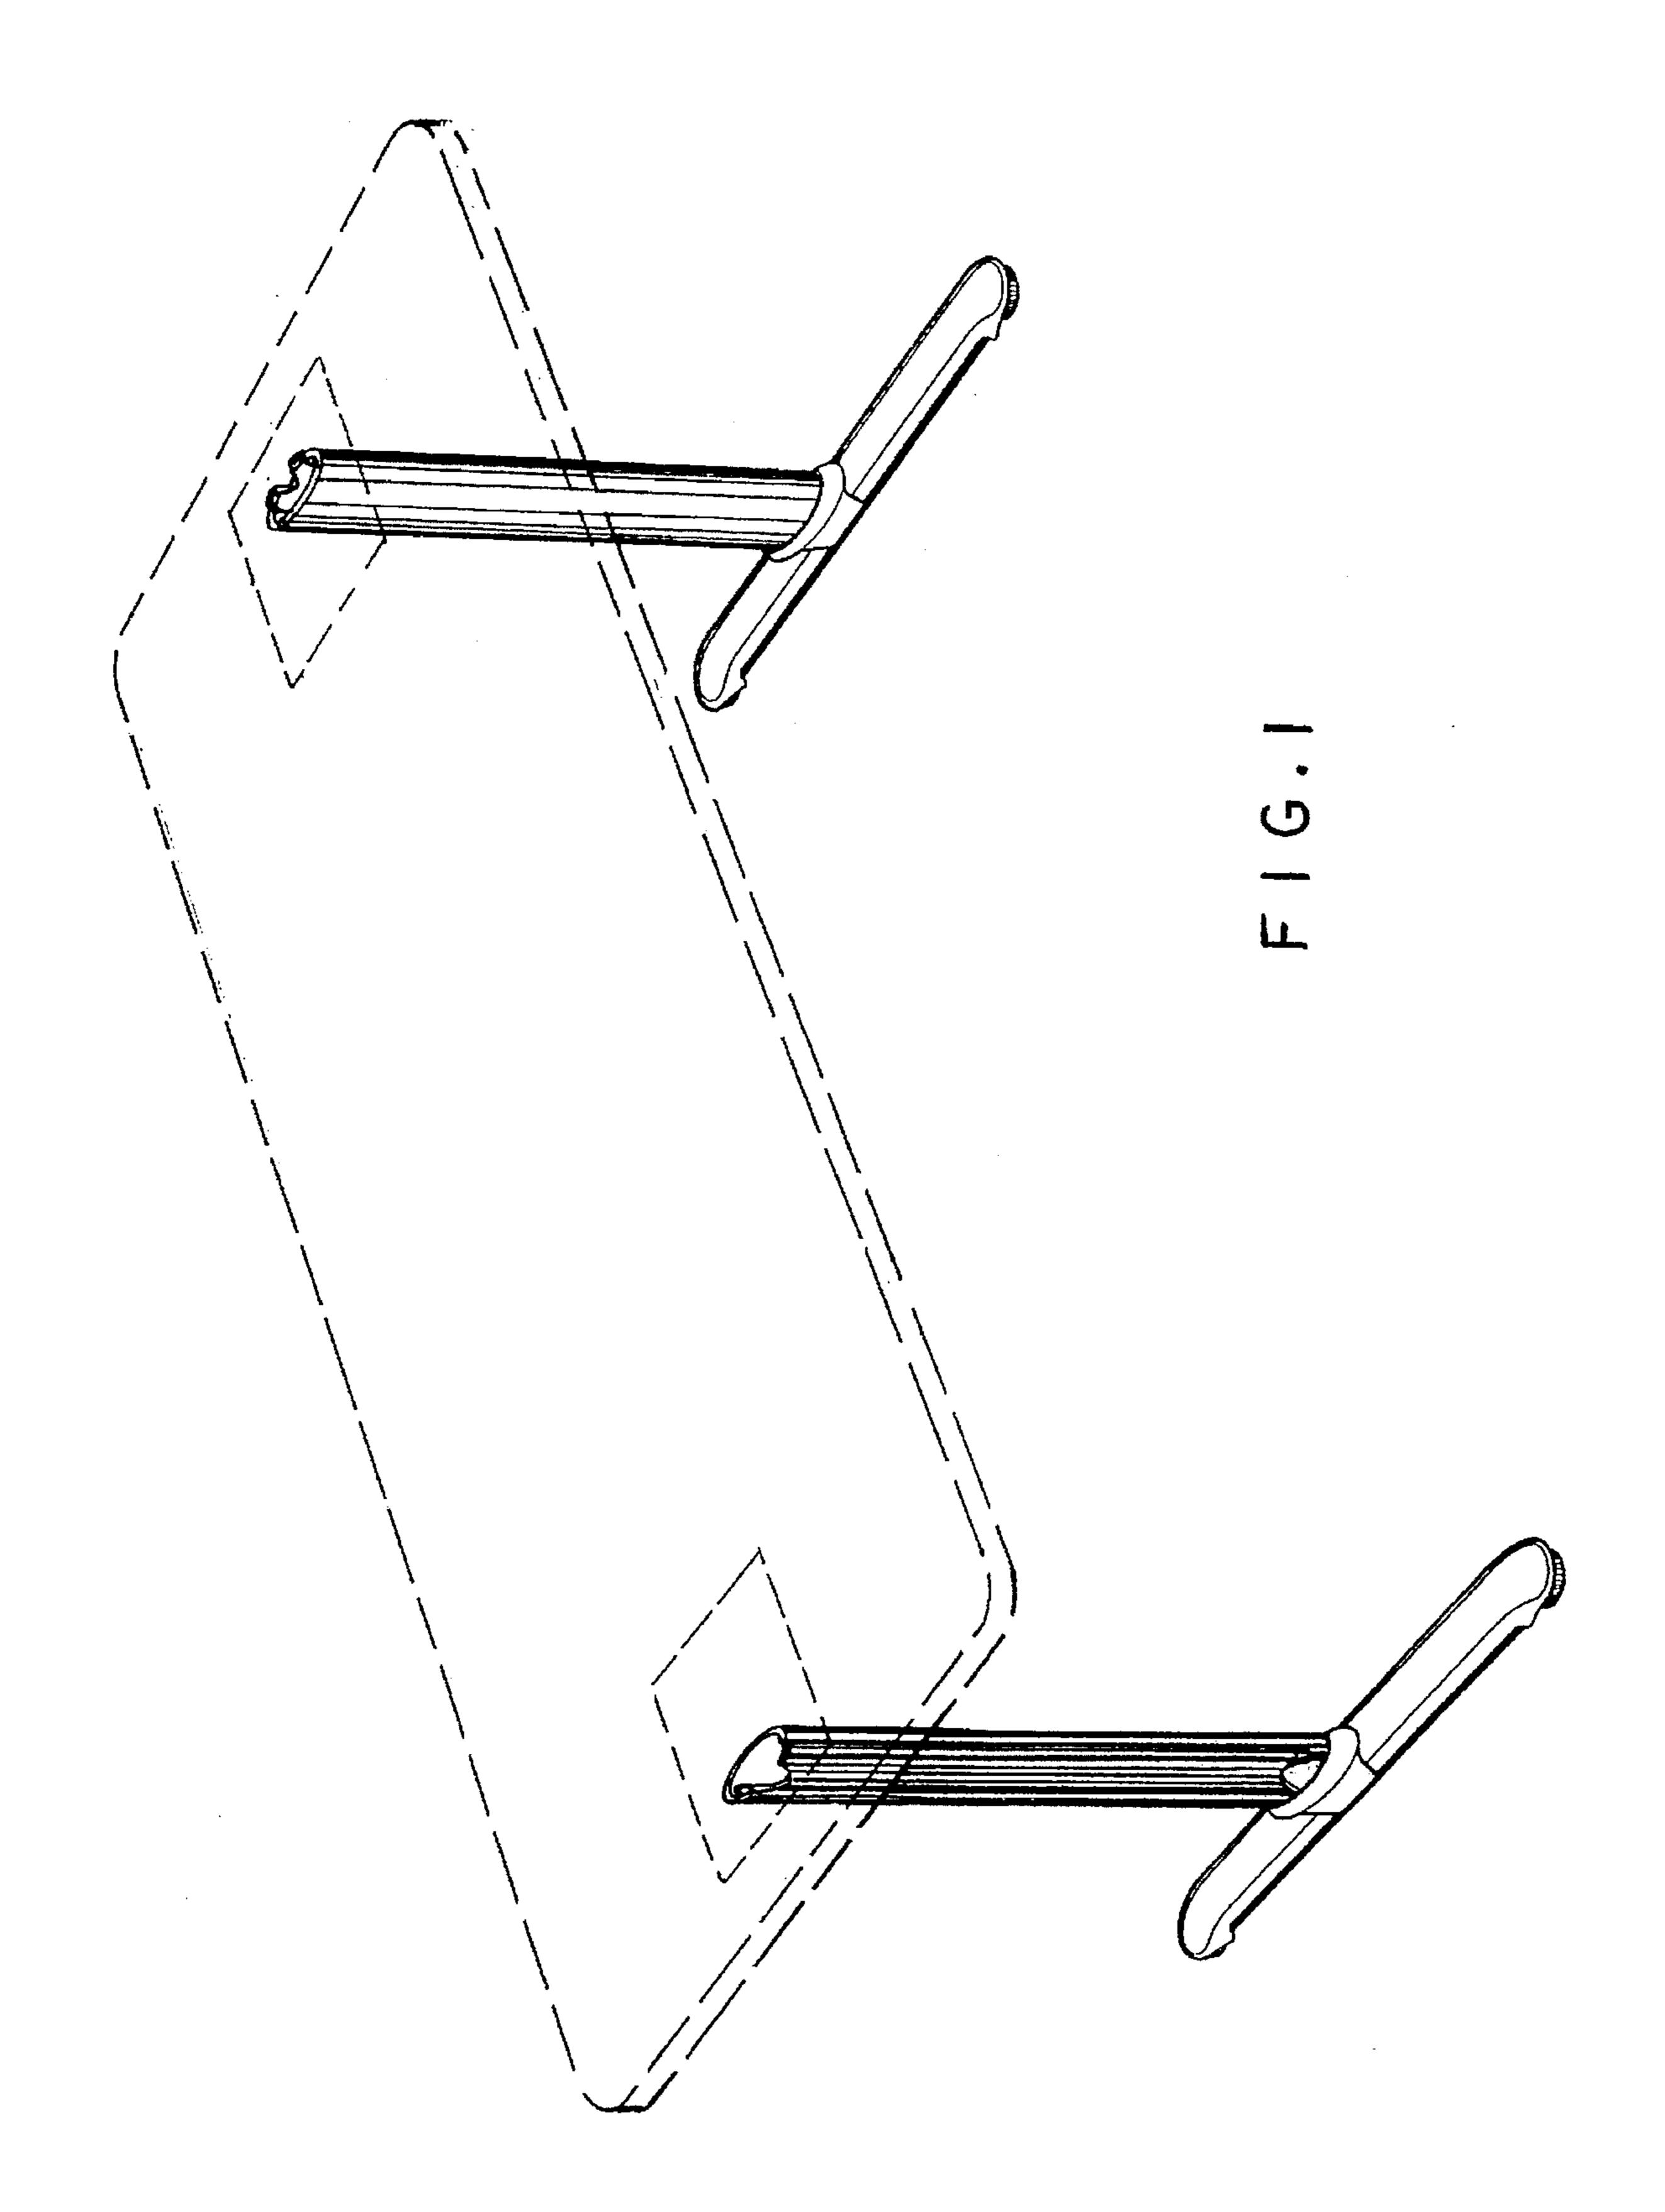

FIG. 11 is a side elevational view which corresponds to FIG. 9 but shows an opposite side of the leg depicted therein, such view being taken generally along line 11—11 in FIG. 8; and, FIG. 12 is a top plan view taken generally along line 12—12

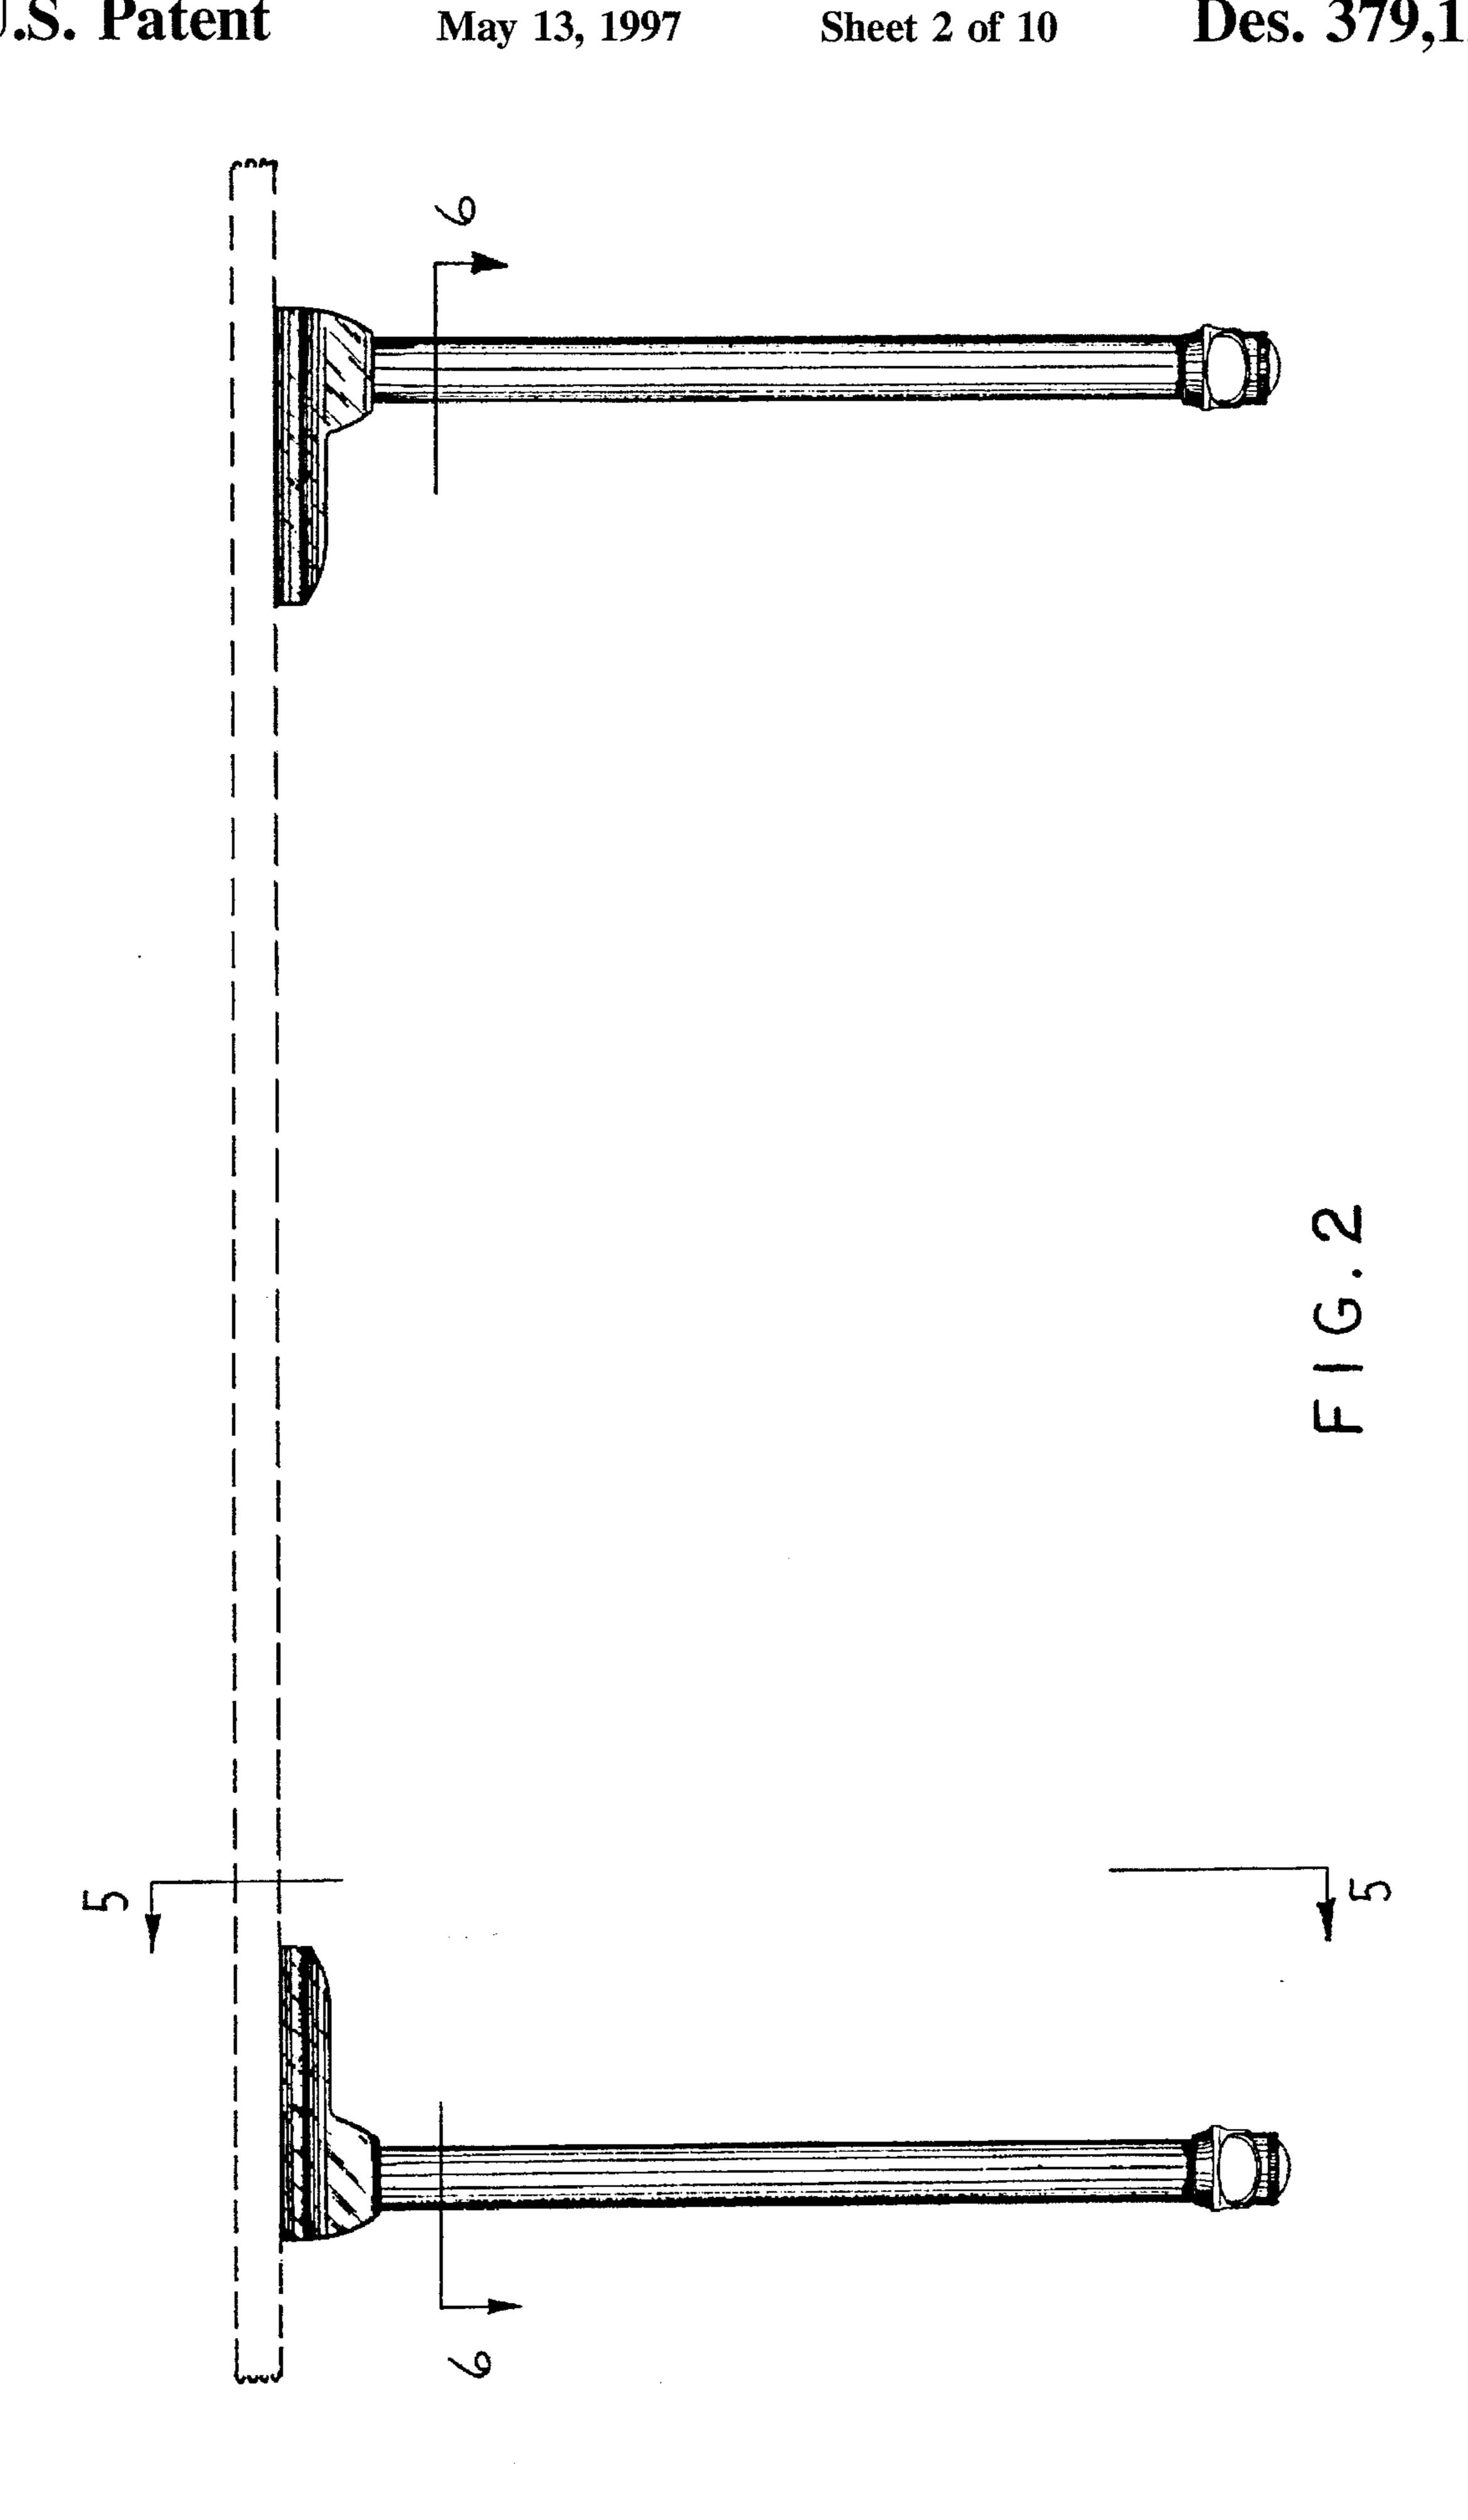

in FIG. 8.

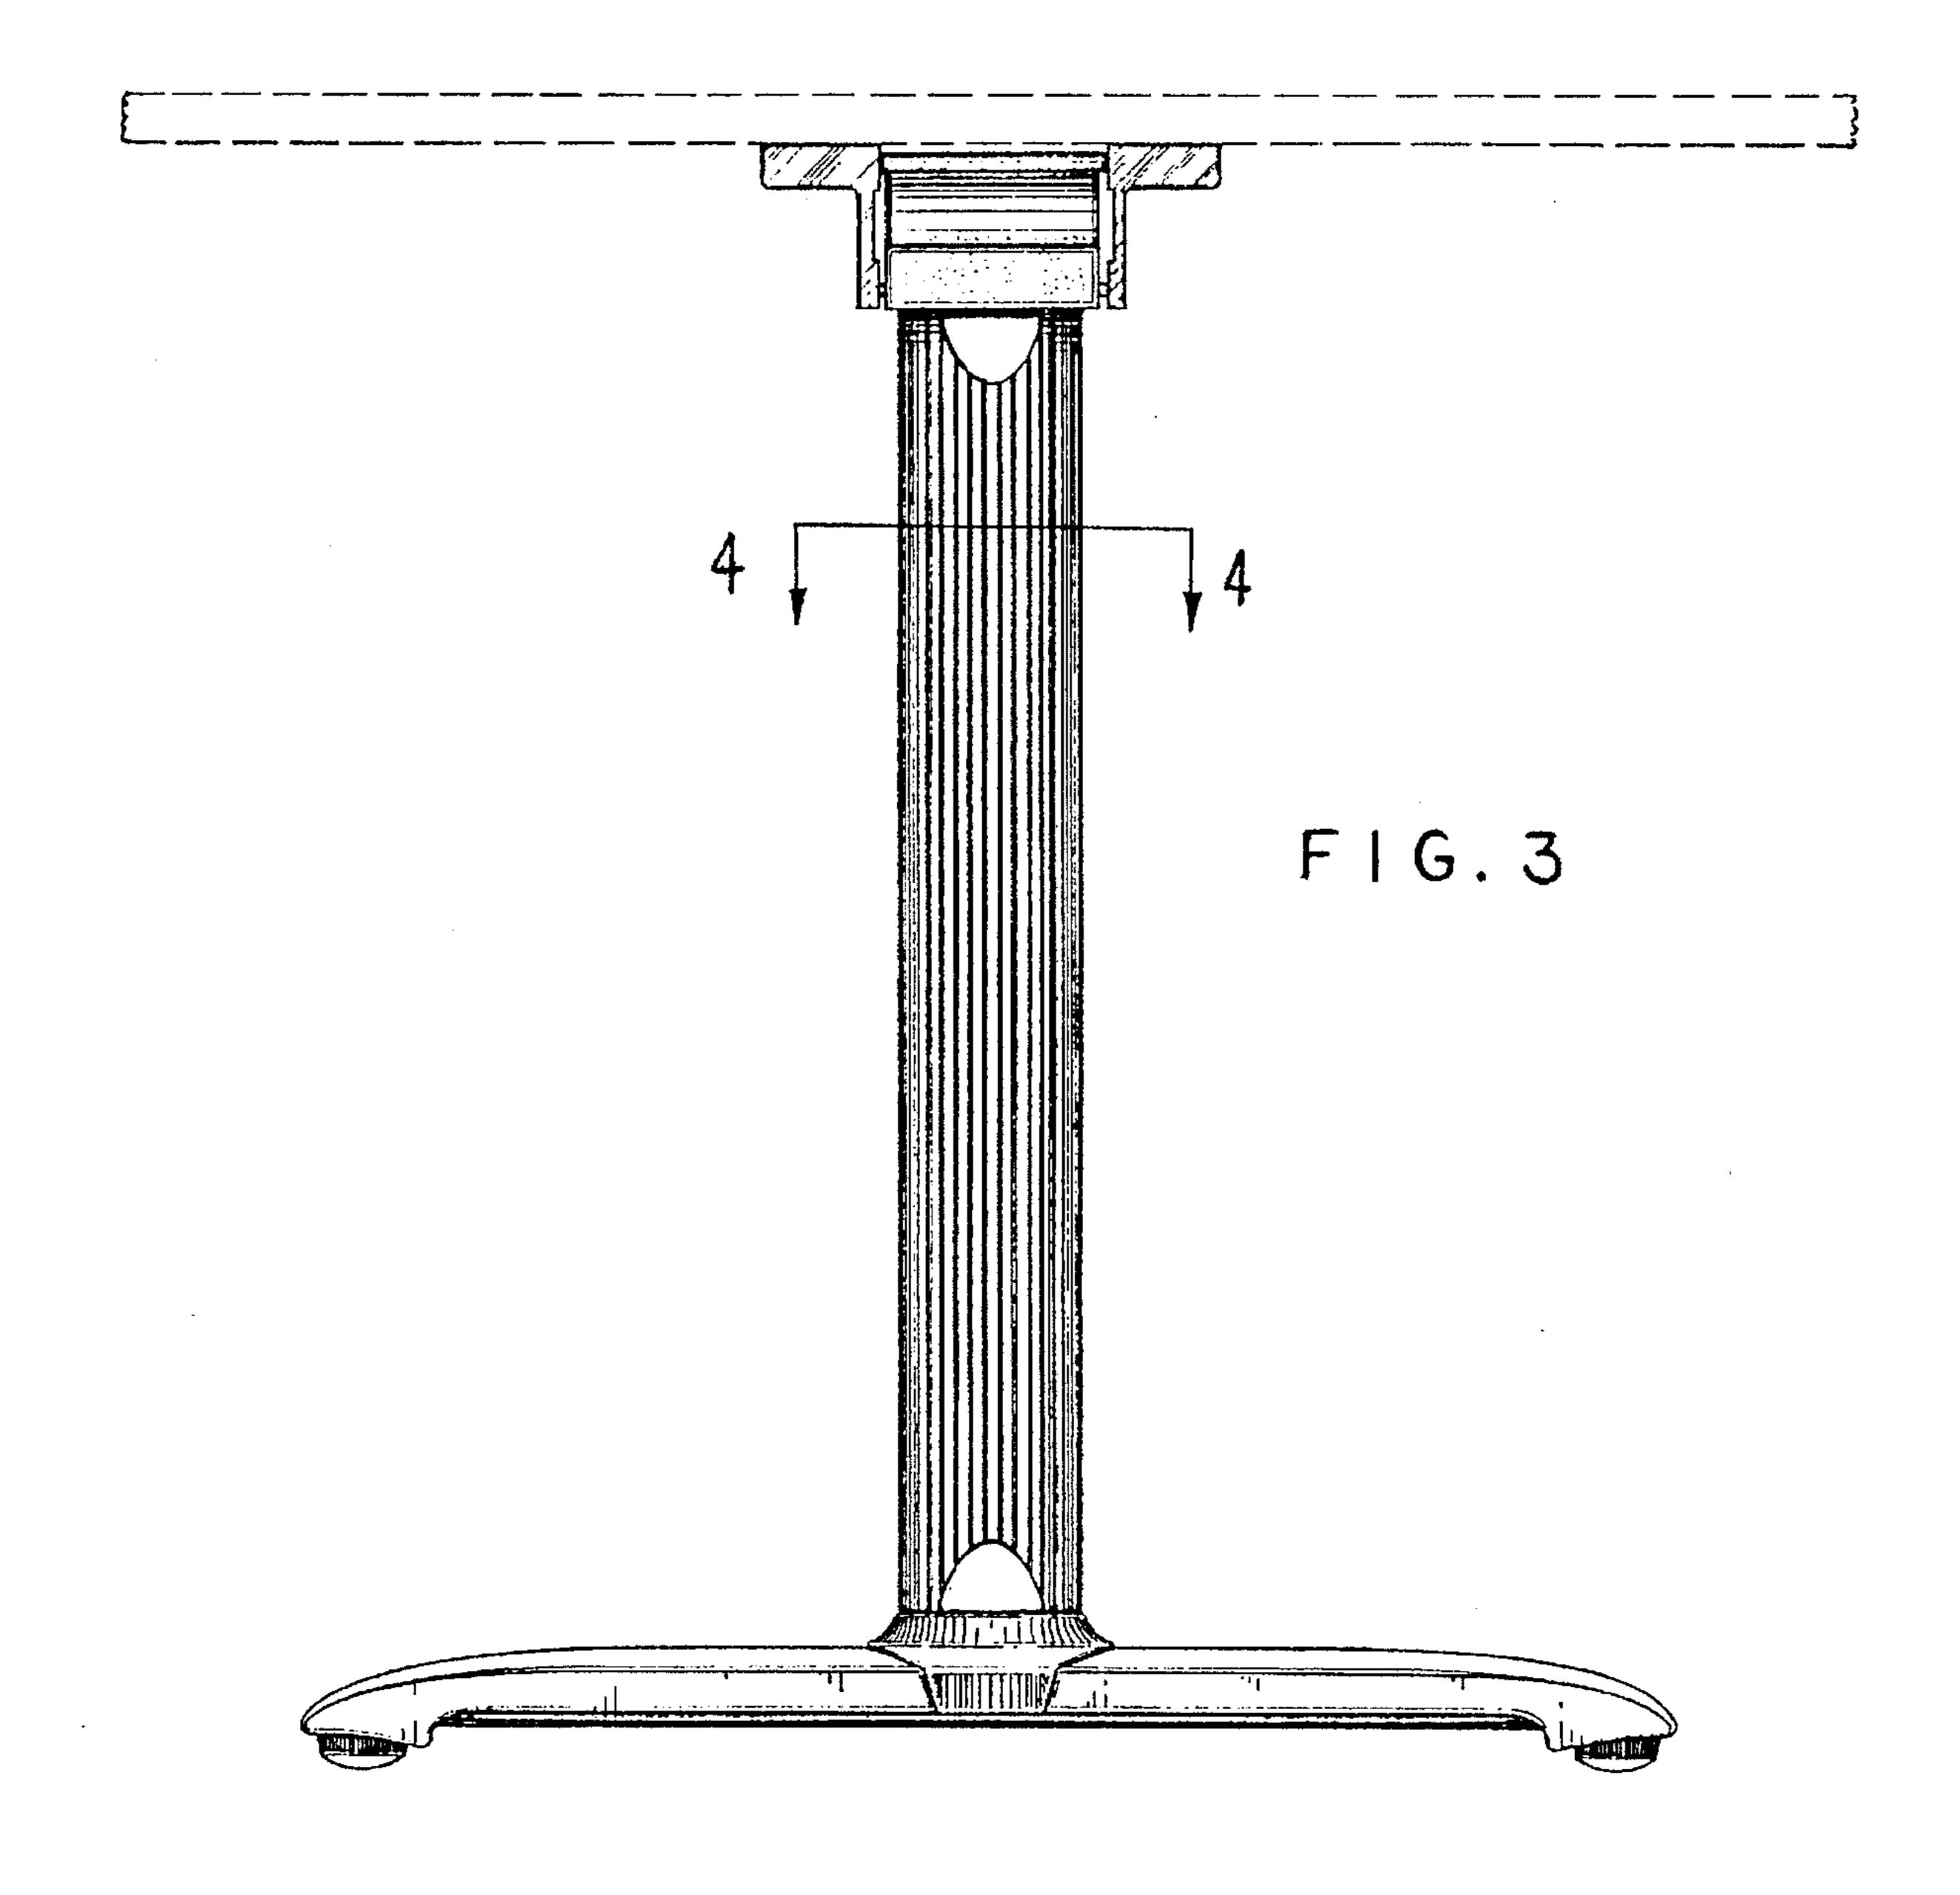

The mounting element shown on the top of each leg is not

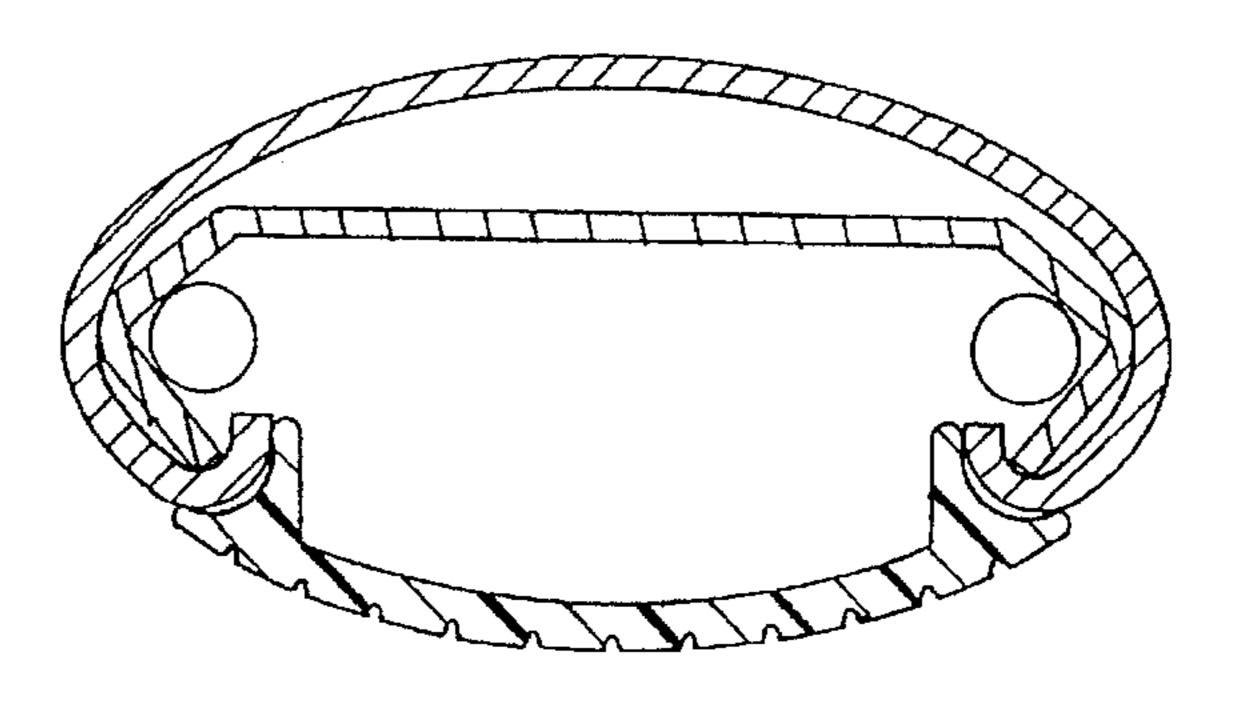

shown in FIGS. 1 and 7 for convenience of illustration.
