[57] **CLAIM**

The ornamental design for an end frame for a futon, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a end frame for a futon illustrating the features of the invention relating to the end portion in solid lines, and in broken lines to show the environment in which the invention is claimed, said broken lines forming no part of the claimed design;

FIG. 2 is a perspective view of the subject futon support in the lowered or sleeping position in solid lines, and in broken lines to show the environment in which the invention is claimed, said broken lines forming no part of the claimed design;

FIG. 3 is a frontal view of the futon rack end and arm rest; FIG. 4 is an end view of the arm rest and rack of FIG. 3; FIG. 5 is another end view of the subject matter of FIG. 3 taken from the opposite end;

FIG. 6 is an elevational view of the reverse side of the end rack and arm support of FIG. 3;

FIG. 7 is a top view of the end in FIG. 3; and,

FIG. 8 is a bottom view of the end support rack and arm rest of FIG. 3.

The broken lines shown in FIGS. 1 and 2 are for an environmental showing and do not form a part of the claimed design.
