[57] **CLAIM**

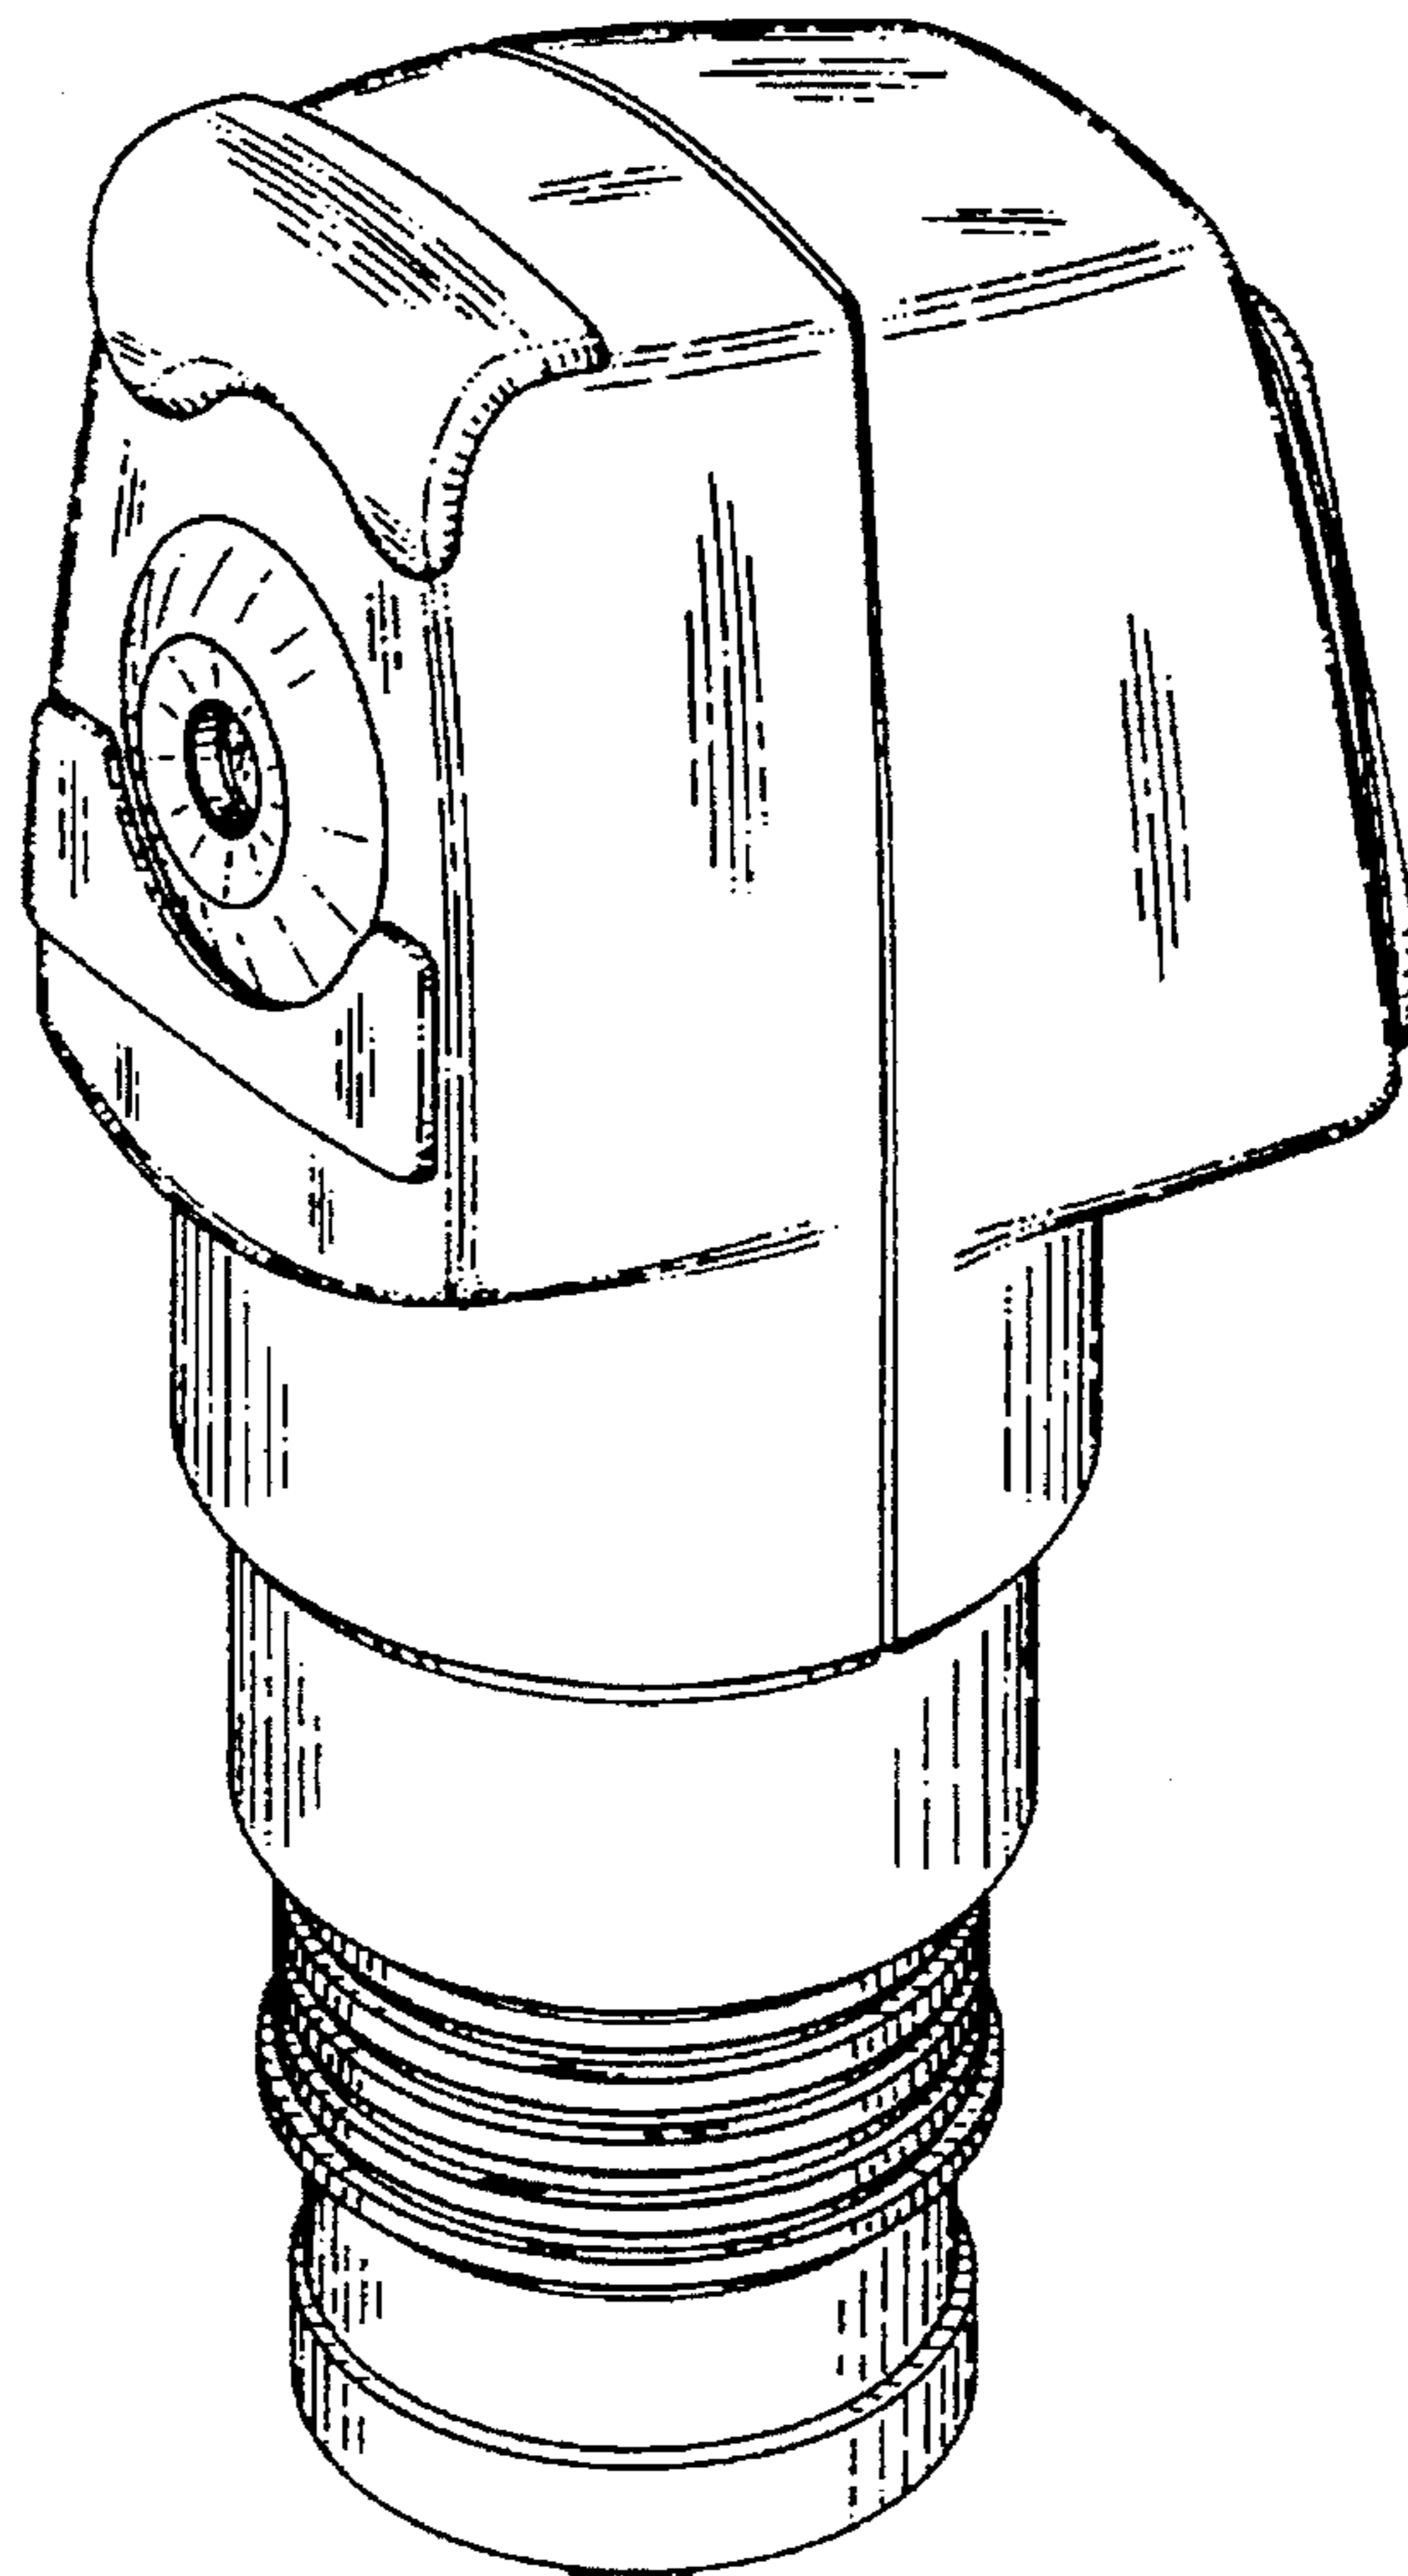

The ornamental design for a compact telescoping retinoscope, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a compact telescoping retinoscope according to the invention;
FIG. 2 is a side view of the compact telescoping retinoscope of FIG. 1 with the other side being a mirror image;
FIG. 3 is a rearview of the compact telescoping retinoscope of FIG. 1;
FIG. 4 is a bottom plan view of the compact telescoping retinoscope;
FIG. 5 is a top plan view of the compact telescoping retinoscope; and,
FIG. 6 is a perspective view of the compact telescoping retinoscope.

The broken line showing of the carrying case in FIGS. 1, 2, and 3 is for illustrative purposes only and forms no part of the claimed design.
