[57] CLAIM

The ornamental design for a tire tread, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire tread, it being understood that the pattern repeats uniformly throughout the circumference of the tread;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a side elevational view thereof the opposite side elevational view being identical thereto; and,
FIG. 4 is an enlarged fragmentary front view thereof.
The broken line showing of the tire sidewall in the drawings is for illustrative purposes only and forms no part of the claimed design.
