[57] **CLAIM**

The ornamental design for a fountain brush, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a fountain brush showing my new design;

FIG. 2 is a bottom plan view thereof;

FIG. 3 is a right side view thereof;

FIG. 4 is a perspective thereof;

FIG. 5 is a front elevational view of the handle portion taken along line 5—5 of FIG. 4, with the bristled head being omitted for clarity of illustration only;

FIG. 6 is a rear elevational view thereof, the inside of a hose inlet coupling being plain and unornamented;

FIG. 7 is a right side elevational view of an alternate embodiment wherein the only difference resides in the absence of a water shutoff valve, with the left side being the same in appearance as right side shown;

FIG. 8 is a front elevational view of the handle portion of FIG. 7, with the bristled head being omitted for clarity of illustration only;

FIG. 9 is a rear elevational view of the alternate embodiment;

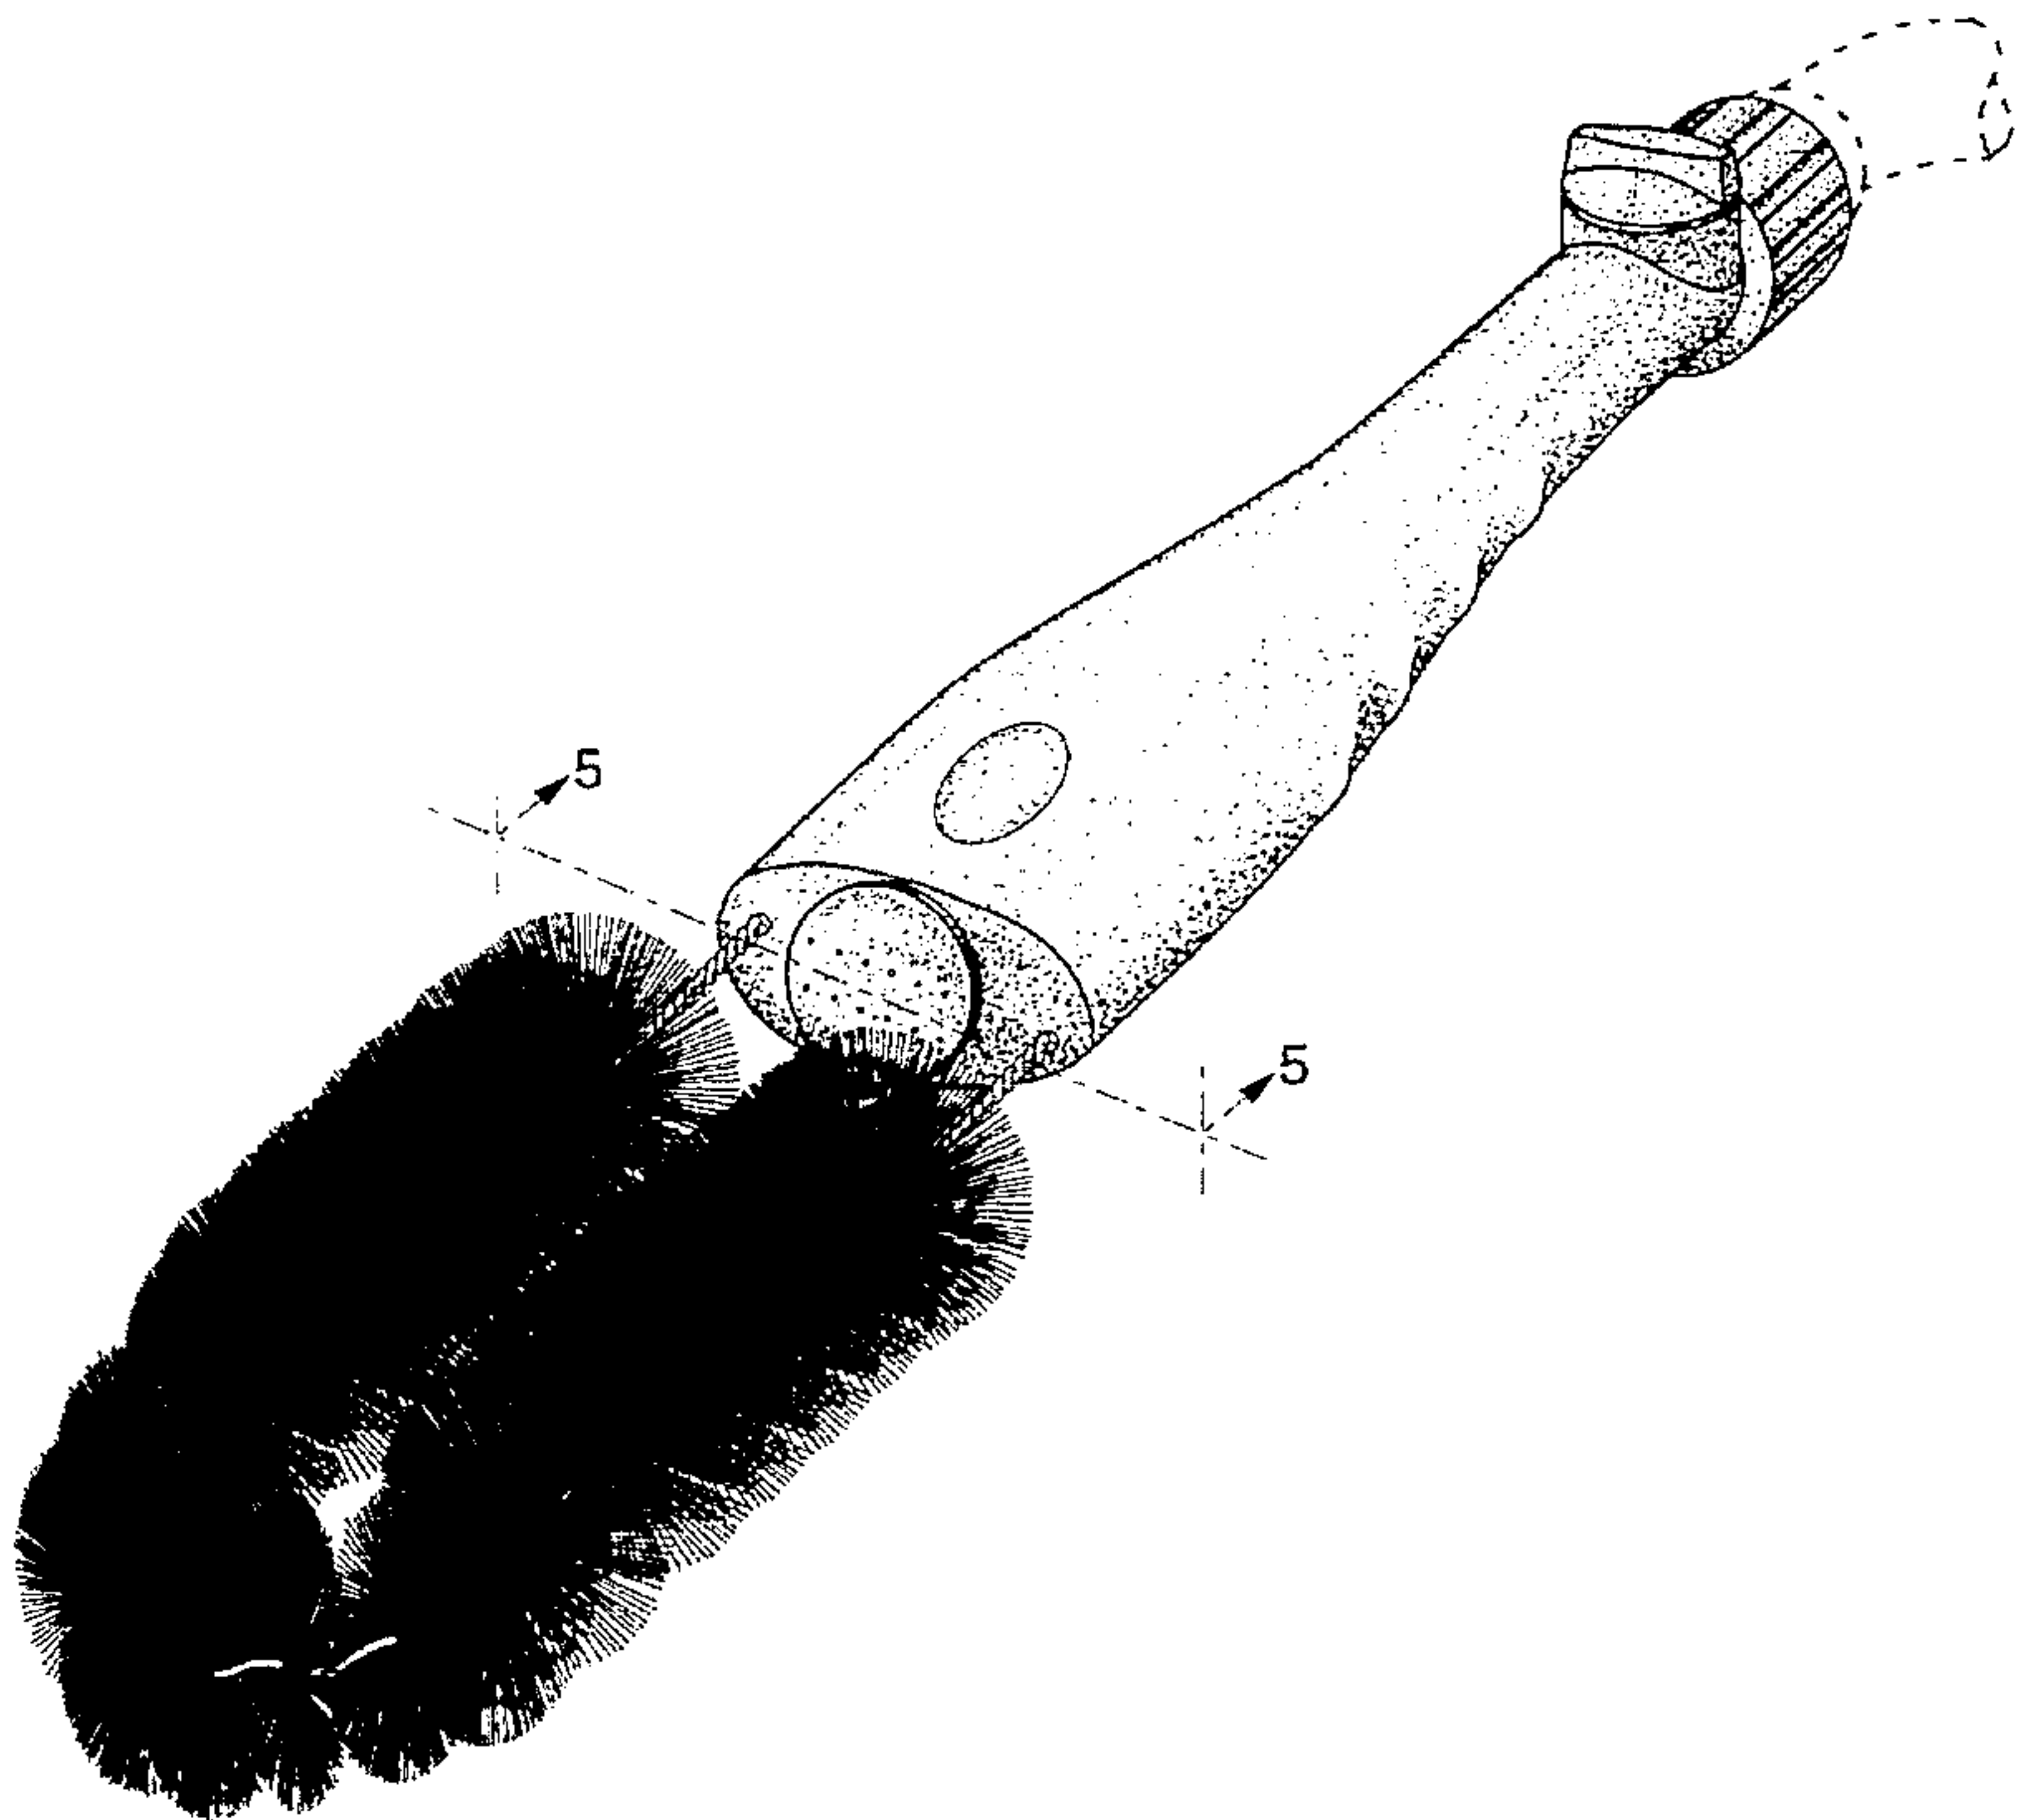

FIG. 10 is a front elevational view of the first embodiment; and,

FIG. 11 is a front elevational view of the alternate embodiment.

The top and bottom views of the alternate embodiment are identical to FIG. 2;

The partial broken line showing of a hose is for illustrative purposes only and forms no part of the claimed design.
