[57] **CLAIM**

The ornamental design for a food press, as shown and described.

DESCRIPTION

FIG. 1 is a side perspective view of a food press showing my

new design;

FIG. 2 is a side and bottom perspective view with the press in an extended position;

FIG. 3 is a side elevational view with the press in the compressed position thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a perspective view in a disassembled condition with the top and bottom removed from the central portion thereof;

FIG. 7 is a side elevational view with the press in an extended position;

FIG. 8 is a perspective view with the bottom container removed from the central portion thereof and the lid which is original on the top of the central portion applied to the container;

FIG. 9 is a top perspective view of the bottom container with a lid applied thereto;

FIG. 10 is a bottom perspective view of the bottom container with a lid applied thereto;

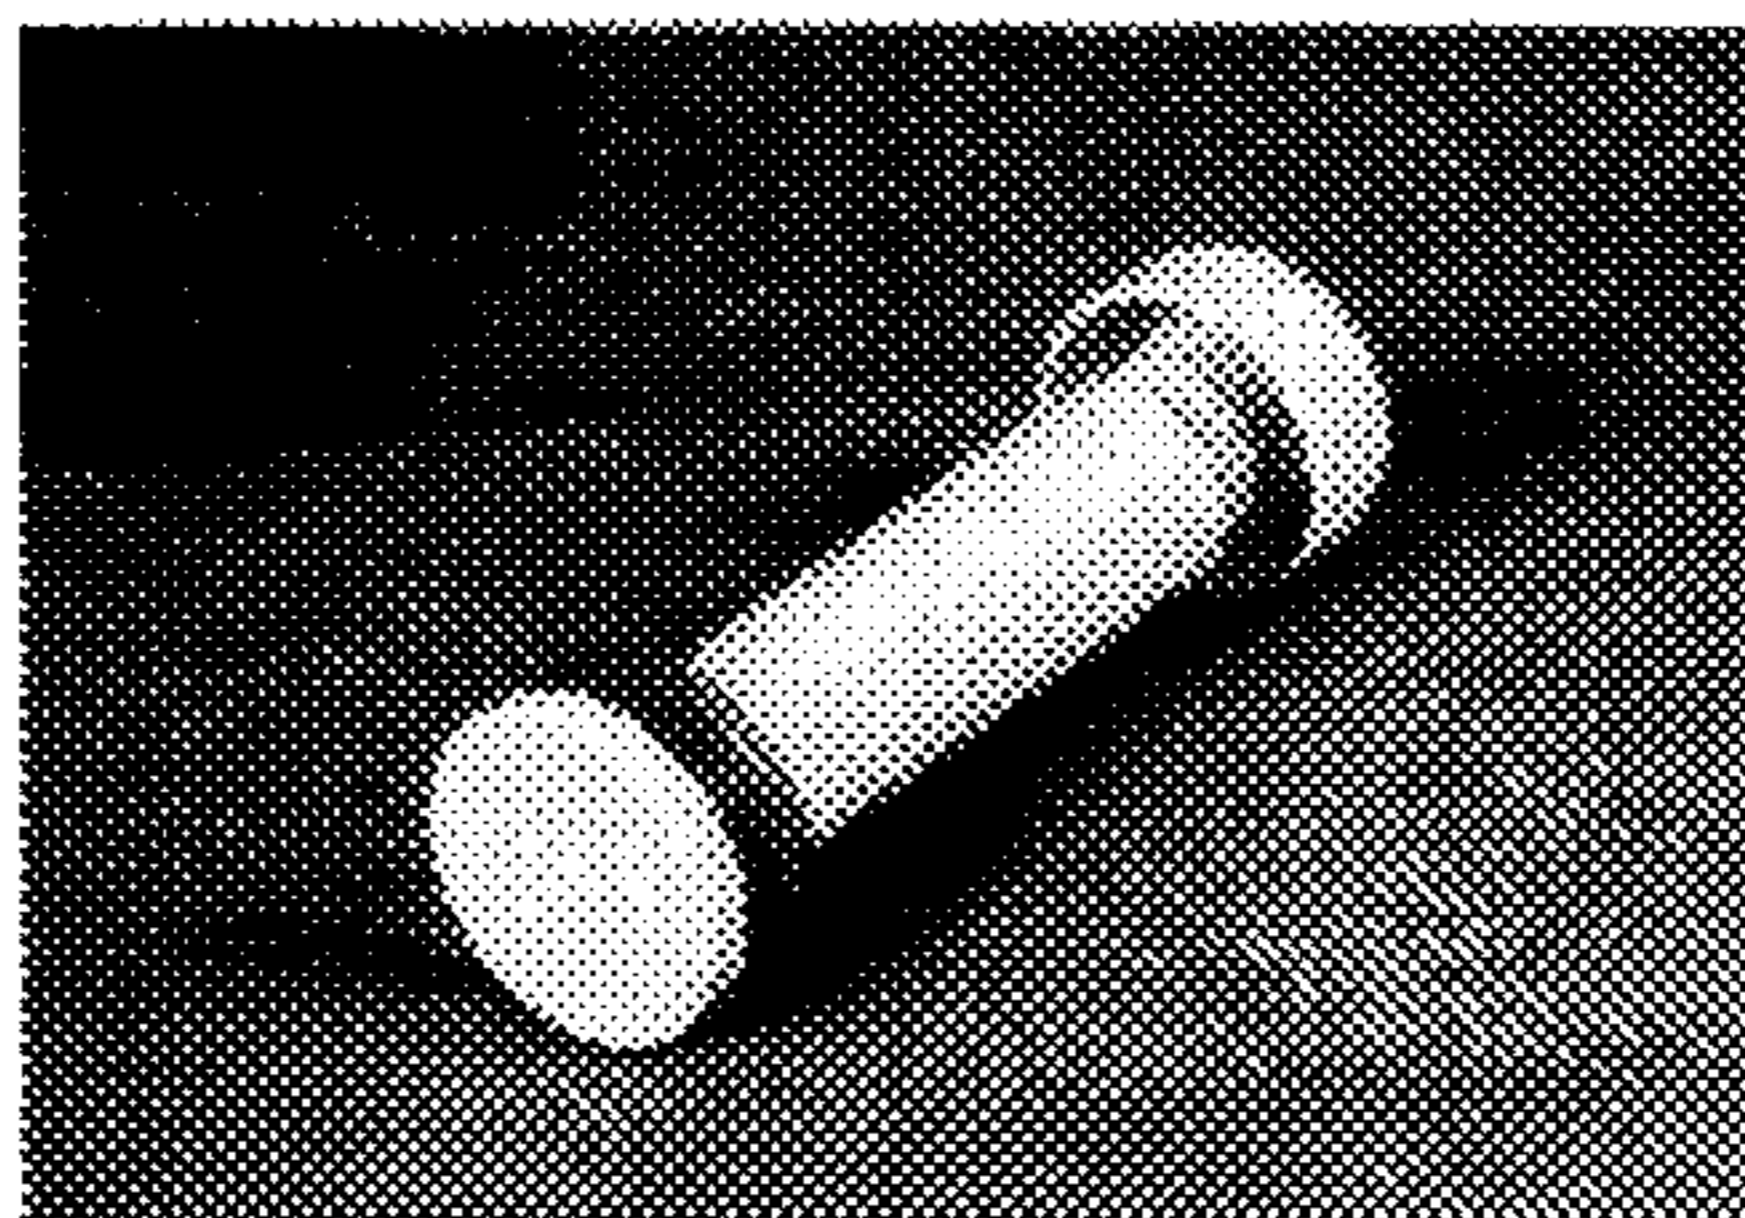

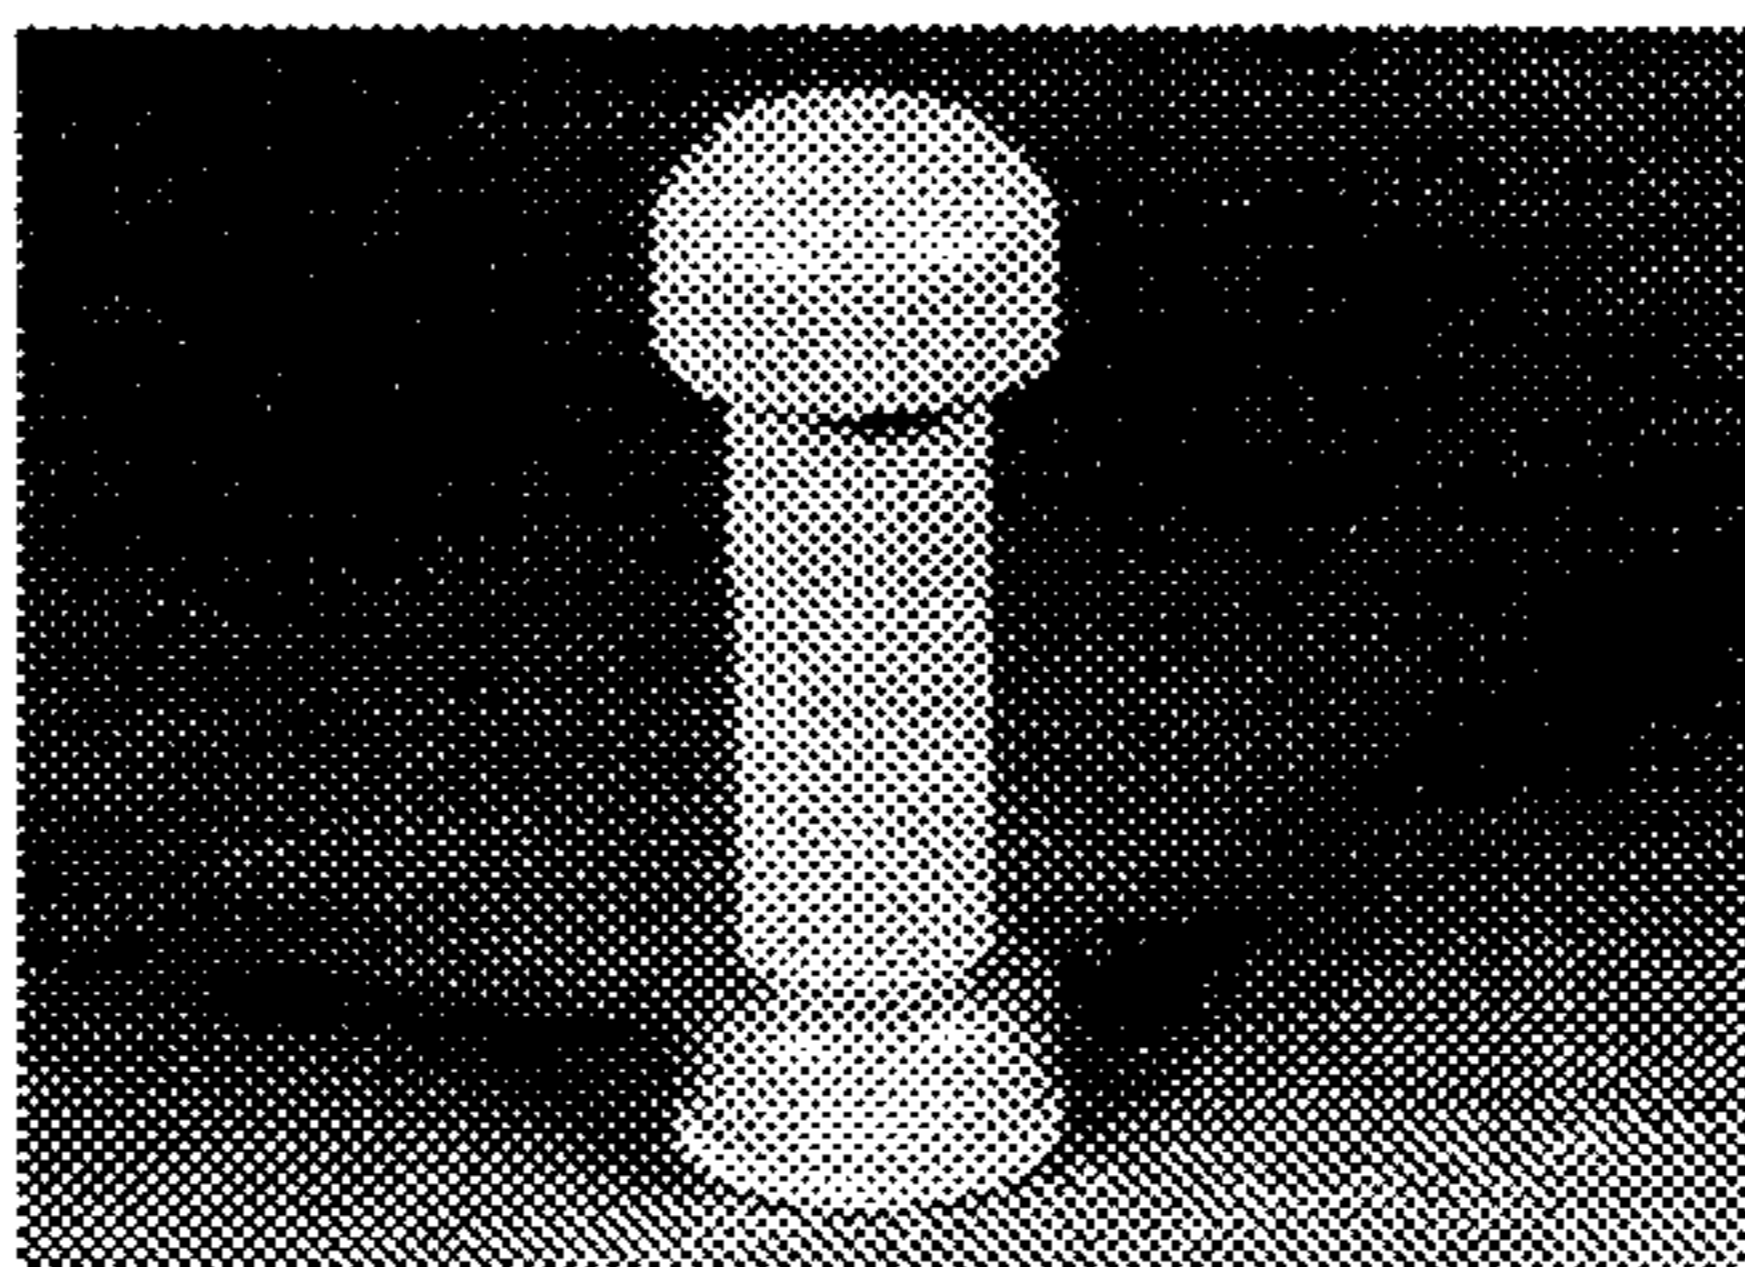

FIG. 11 is a side elevational view of the bottom container with a lid applied thereto;

FIG. 12 is a perspective view of the bottom container with the lids removed therefrom; and,

FIG. 13 is a perspective view of the bottom container with the lid removed therefrom.

The bottom container is shown separately and disassembled for clarity of illustration.
