[57] CLAIM

The ornamental design for a tire tread, as shown and described.

DESCRIPTION

FIG. 1 is a right side perspective view of a tire tread showing our new design, it being understood that the tread pattern is repeated throughout the circumference of the tire, the opposite side being substantially the same as that shown;

FIG. 2 is a front elevational view thereof;

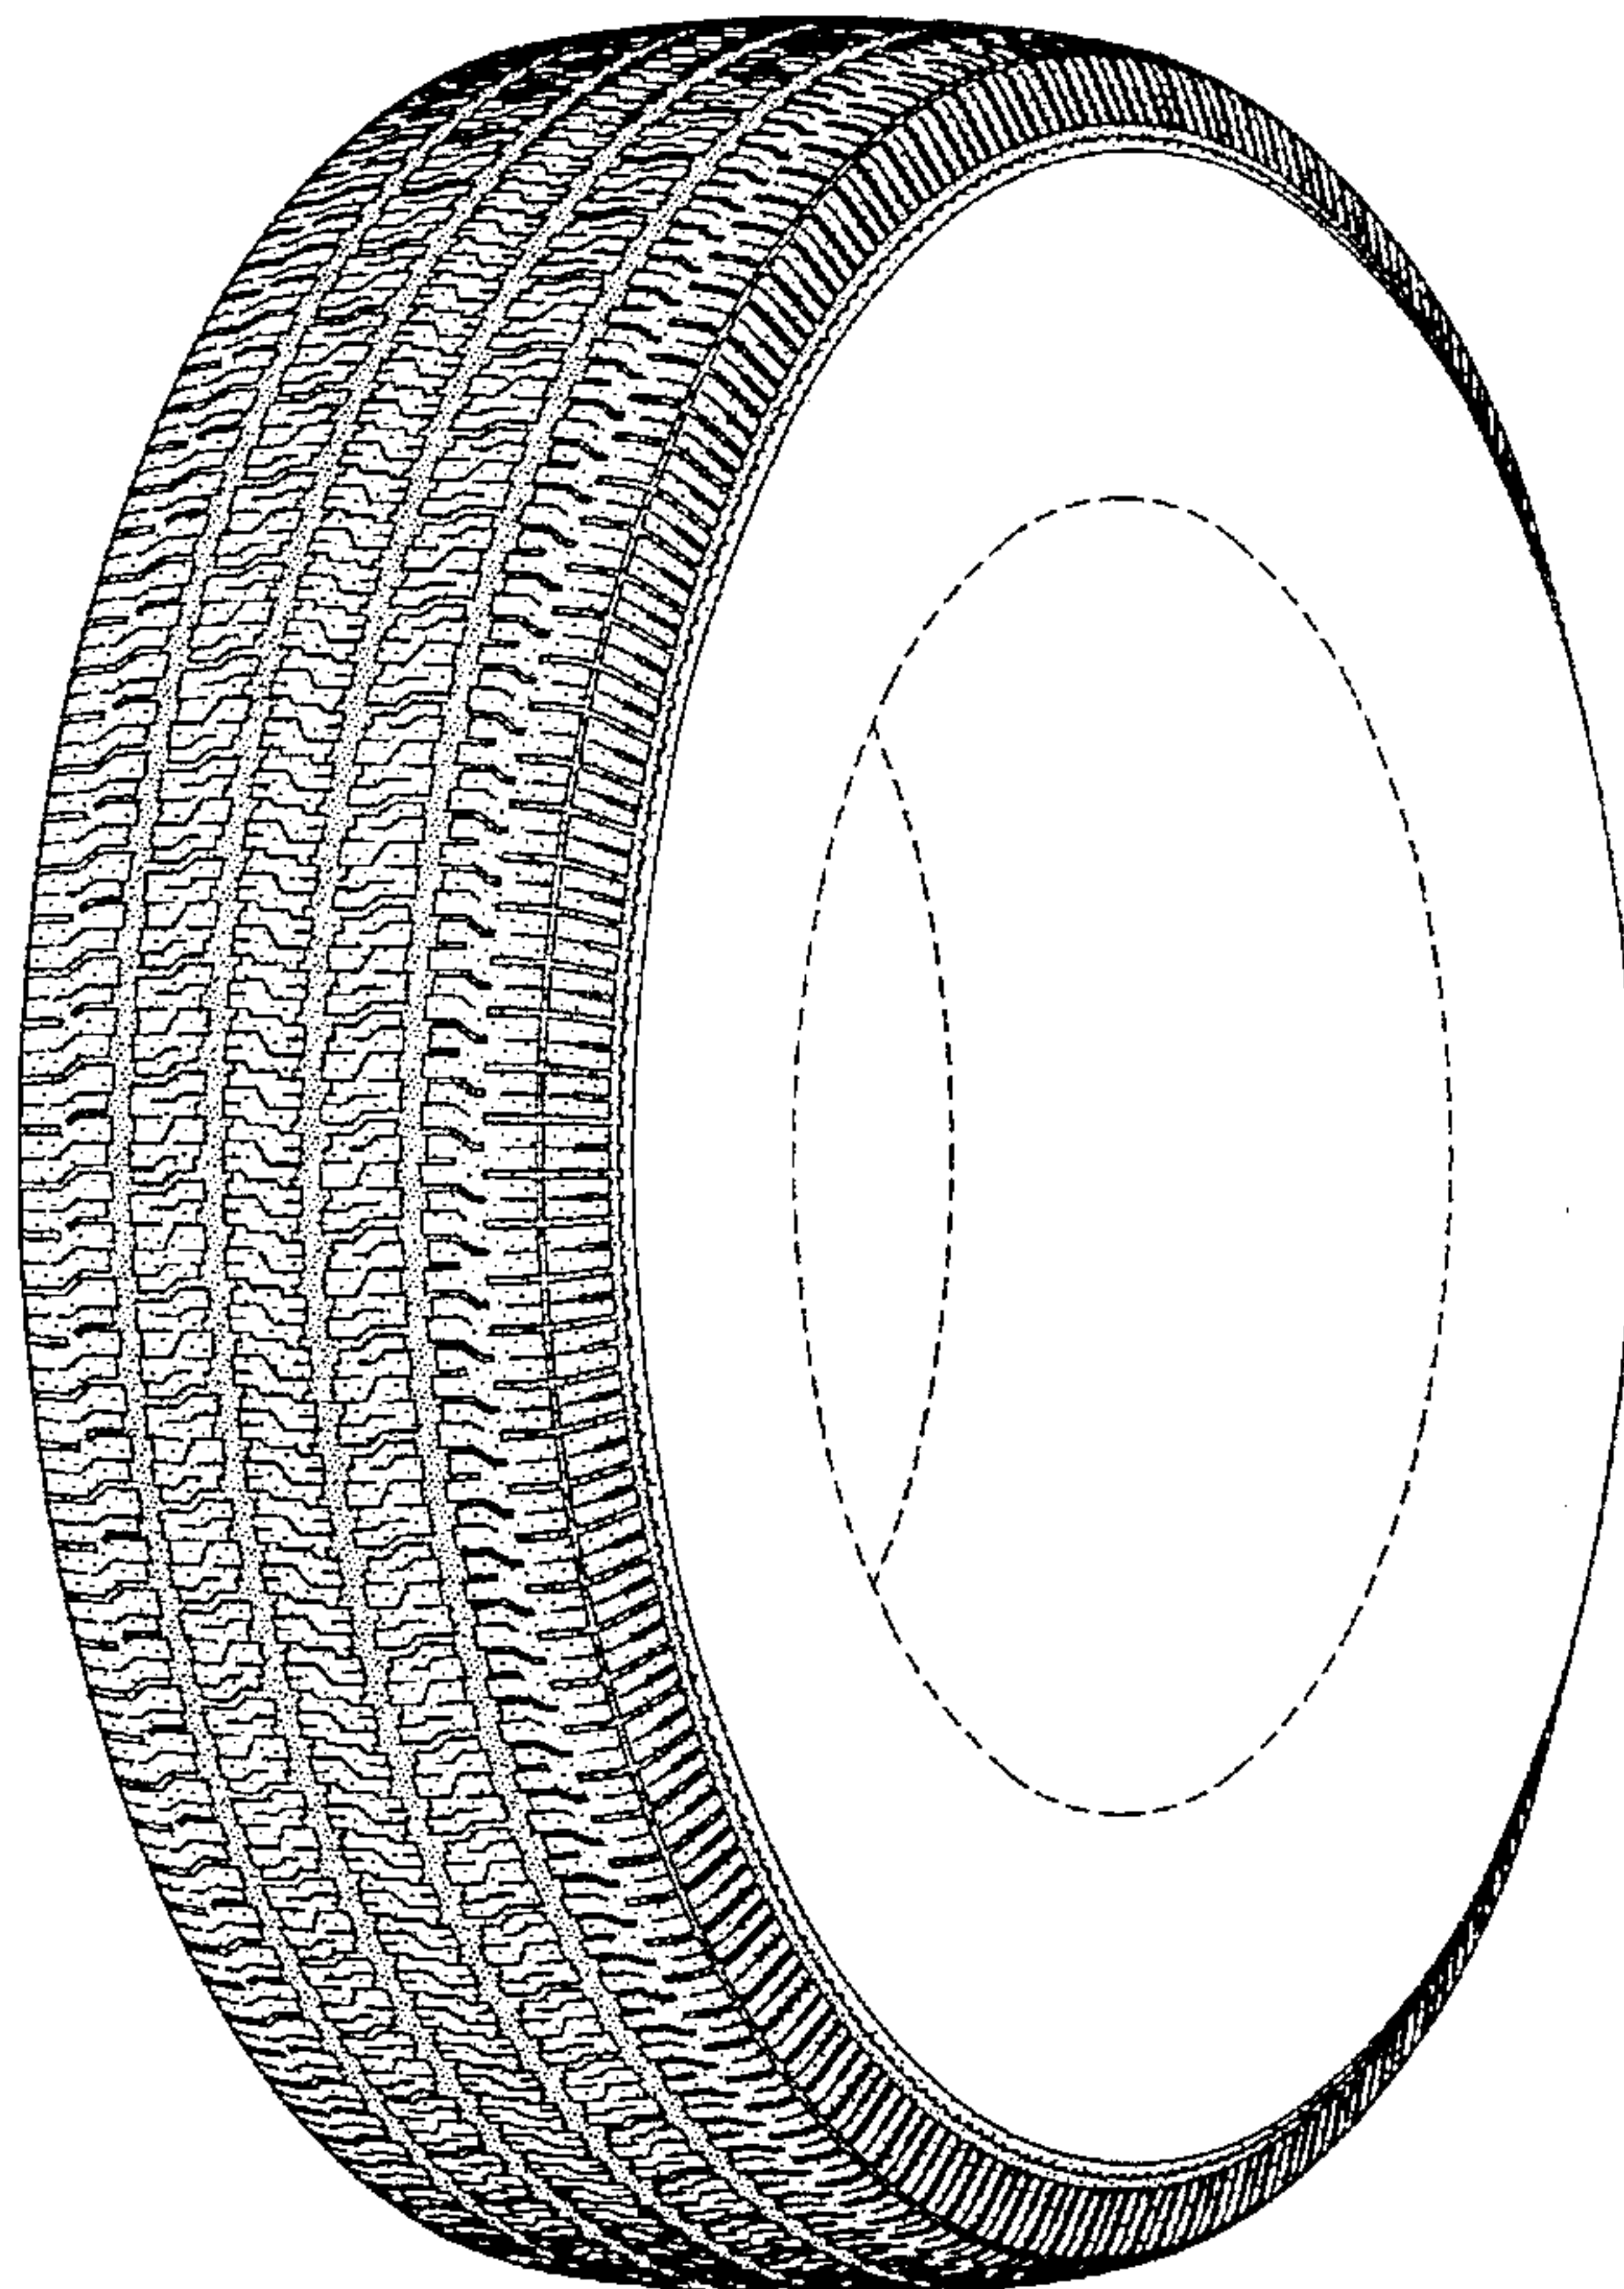

FIG. 3 is a right side elevational view of the right side thereof;

FIG. 4 is a left side elevational view of the left side thereof; and,

FIG. 5 is an enlarged fragmentary front elevational view thereof.

The broken line showing of a tire sidewall is for illustrative purposes only and forms no part of the claimed design.
