[57] CLAIM

The ornamental design for rolling utility cart, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the rolling utility cart of my design showing the left side and front wherein the ribbed roll up door is shown in a closed position;

FIG. 2 is a perspective view of the design with the ribbed roll up door in the open position, exposing storage trays;

FIG. 3 is a top view of a first embodiment of the design having integral rear storage compartments;

FIG. 4 is a front view of the design with the door in the closed position;

FIG. 5 is a right side view of the first embodiment of the design;

FIG. 6 is a rear view of the first embodiment of the design;

FIG. 7 is a perspective view of a second embodiment of the design with a raised rear panel replacing the rear storage containments of the first embodiment;

FIG. 8 is a rear view of the second embodiment of the design; and,

FIG. 9 is a top view of the second embodiment of the design.
