### [57] CLAIM

The ornamental design for an “attachment for a cap”, as shown and described.

### DESCRIPTION

FIG. 1 is a front perspective view of the attachment for a cap according to my design, the broken line showing the cap in FIG. 1 being for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is a front elevational view of the attachment for a cap shown in FIG. 1, flattened to show the configuration of the depending web;

FIG. 3 is a top plan view of the attachment for a cap of FIG. 2;

FIG. 4 is a bottom view of the attachment for a cap of FIG. 2;

FIG. 5 is a side view of the attachment for a cap of FIG. 2, the opposite side being a mirror image;

FIG. 6 is a front elevational view of an alternative embodiment of the attachment for a cap according to my new design;

FIG. 7 is a top plan view of the attachment for a cap of FIG. 6;

FIG. 8 is a bottom view of the attachment for a cap of FIG. 6; and,

FIG. 9 is a side view of the attachment for a cap of FIG. 6, the opposite side being a mirror image.
