[57] **CLAIM**

The ornamental design for a compact disc storage device for a vehicle visor, as shown and described.

**DESCRIPTION**

FIG. 1 is a front right perspective view of a compact disc storage device for a vehicle visor showing our new design; FIG. 2 is a front plan view of the invention of claim 1; FIG. 3 is a top view of the invention of claim 1; FIG. 4 is a rear plan view of the invention of claim 1; FIG. 5 is a bottom view of the invention of claim 1; FIG. 6 is a left side view of the invention of claim 1; FIG. 7 is a right side view of the invention of claim 1; FIG. 8 is a right front perspective view of the invention of claim 1 with environment; and, FIG. 9 is a right front perspective view of the invention of claim 1 with environment showing a pivoted position of use. The broken line showings of an automobile visor, a pen and a key are for illustrative purposes only and form no part of the claimed design.
