[57] **CLAIM**

The ornamental design for a bar code reader and information display, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of the bar code reader and information display of our new design; FIG. 2 is a top plan view thereof; FIG. 3 is a front elevation view thereof; FIG. 4 is a side view thereof; FIG. 5 is a rear elevation view thereof; and, FIG. 6 is a bottom plan view thereof.

The opposite side elevation view is a mirror image to that shown in FIG. 4 and the broken lines are shown in FIG. 5 for illustrative purposes only and form no part of the claimed design.
