[57] **CLAIM**

The ornamental design for an extensible shaft, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the extensible shaft embodying our design;

FIG. 2 is a front view of the extensible shaft;

FIG. 3 is a side view of the extensible shaft;

FIG. 4 is a rear view of the extensible shaft;

FIG. 5 is a top view of the extensible shaft;

FIG. 6 is a bottom view of the extensible shaft;

FIG. 7 is a perspective view of the shaft in an extended position;

FIG. 8 is a perspective view of a second embodiment of the design, the undisclosed sides appearing the same as the first disclosed embodiment except for the quadrilateral, rather than cylindrical shaft segment; and,

FIG. 9 is a perspective view of the second embodiment in an extended position.

The shaft is shown partially broken away in the various views to indicate indeterminate length.
