[57] **CLAIM**
The ornamental design for a camisole having enclosures for external breast forms, as shown and described.

DESCRIPTION
FIG. 1 is a front perspective view of a camisole having enclosures for external breast forms showing my new design with the right enclosure thereof being shown partially opened to expose the lower edge of a breast form which is received therein and a fastener which closes the lower edge of the enclosure, the right and left enclosures being substantially mirror image identical so as to permit a form to be received in either or both of the enclosures, the outline of the edge of the form which is indicated by broken line image being for illustrative purposes only and forming no part of the claimed design;
FIG. 2 is a front elevational view of the camisole showing my new design;
FIG. 3 is a left elevational view thereof;
FIG. 4 is a rear elevational view thereof;
FIG. 5 is a right elevational view thereof;
FIG. 6 is a top plan view thereof; and,
FIG. 7 is a bottom plan view thereof.
