[57] **CLAIM**

The ornamental design for a beverage cup dispenser, as shown and described.

**DESCRIPTION**

FIG. 1 is a left elevational view of the beverage cup dispenser according to my design, with the right elevational view being a mirror image of the left elevational view shown;  
FIG. 2 is a top plan view thereof;  
FIG. 3 is a bottom plan view thereof;  
FIG. 4 is a front elevational view thereof;  
FIG. 5 is a rear elevational view thereof;  
FIG. 6 is a left elevational view of a second embodiment which is similar to the first embodiment but with two less tubes for beverage cups, the right elevational view being a mirror image of the left, the top and bottom views of the second embodiment are identical to the top and bottom views of the first embodiment;  
FIG. 7 is a front elevational view of the second embodiment;  
FIG. 8 is a rear elevational view of the second embodiment;  
FIG. 9 is a left elevational view of a third embodiment which is similar to the first embodiment but with four less tubes for beverage cups, the right elevational view being a mirror image of the left, the top and bottom views of the third embodiment are identical to the top and bottom views of the first embodiment;  
FIG. 10 is a front elevational view of the third embodiment; and,  
FIG. 11 is a rear elevational view of the third embodiment.
