[57] **CLAIM**

The ornamental design for a one-piece sloped ceiling reflector with baffles, as shown and described herein.

**DESCRIPTION**

FIG. 1 is a side elevational view illustrating the one-piece, sloped ceiling reflector with baffles in accordance with our new design which is adapted to be mounted within a recessed lighting fixture;

FIG. 2 is a longitudinal cross-sectional view of the reflector illustrated in FIG. 1;

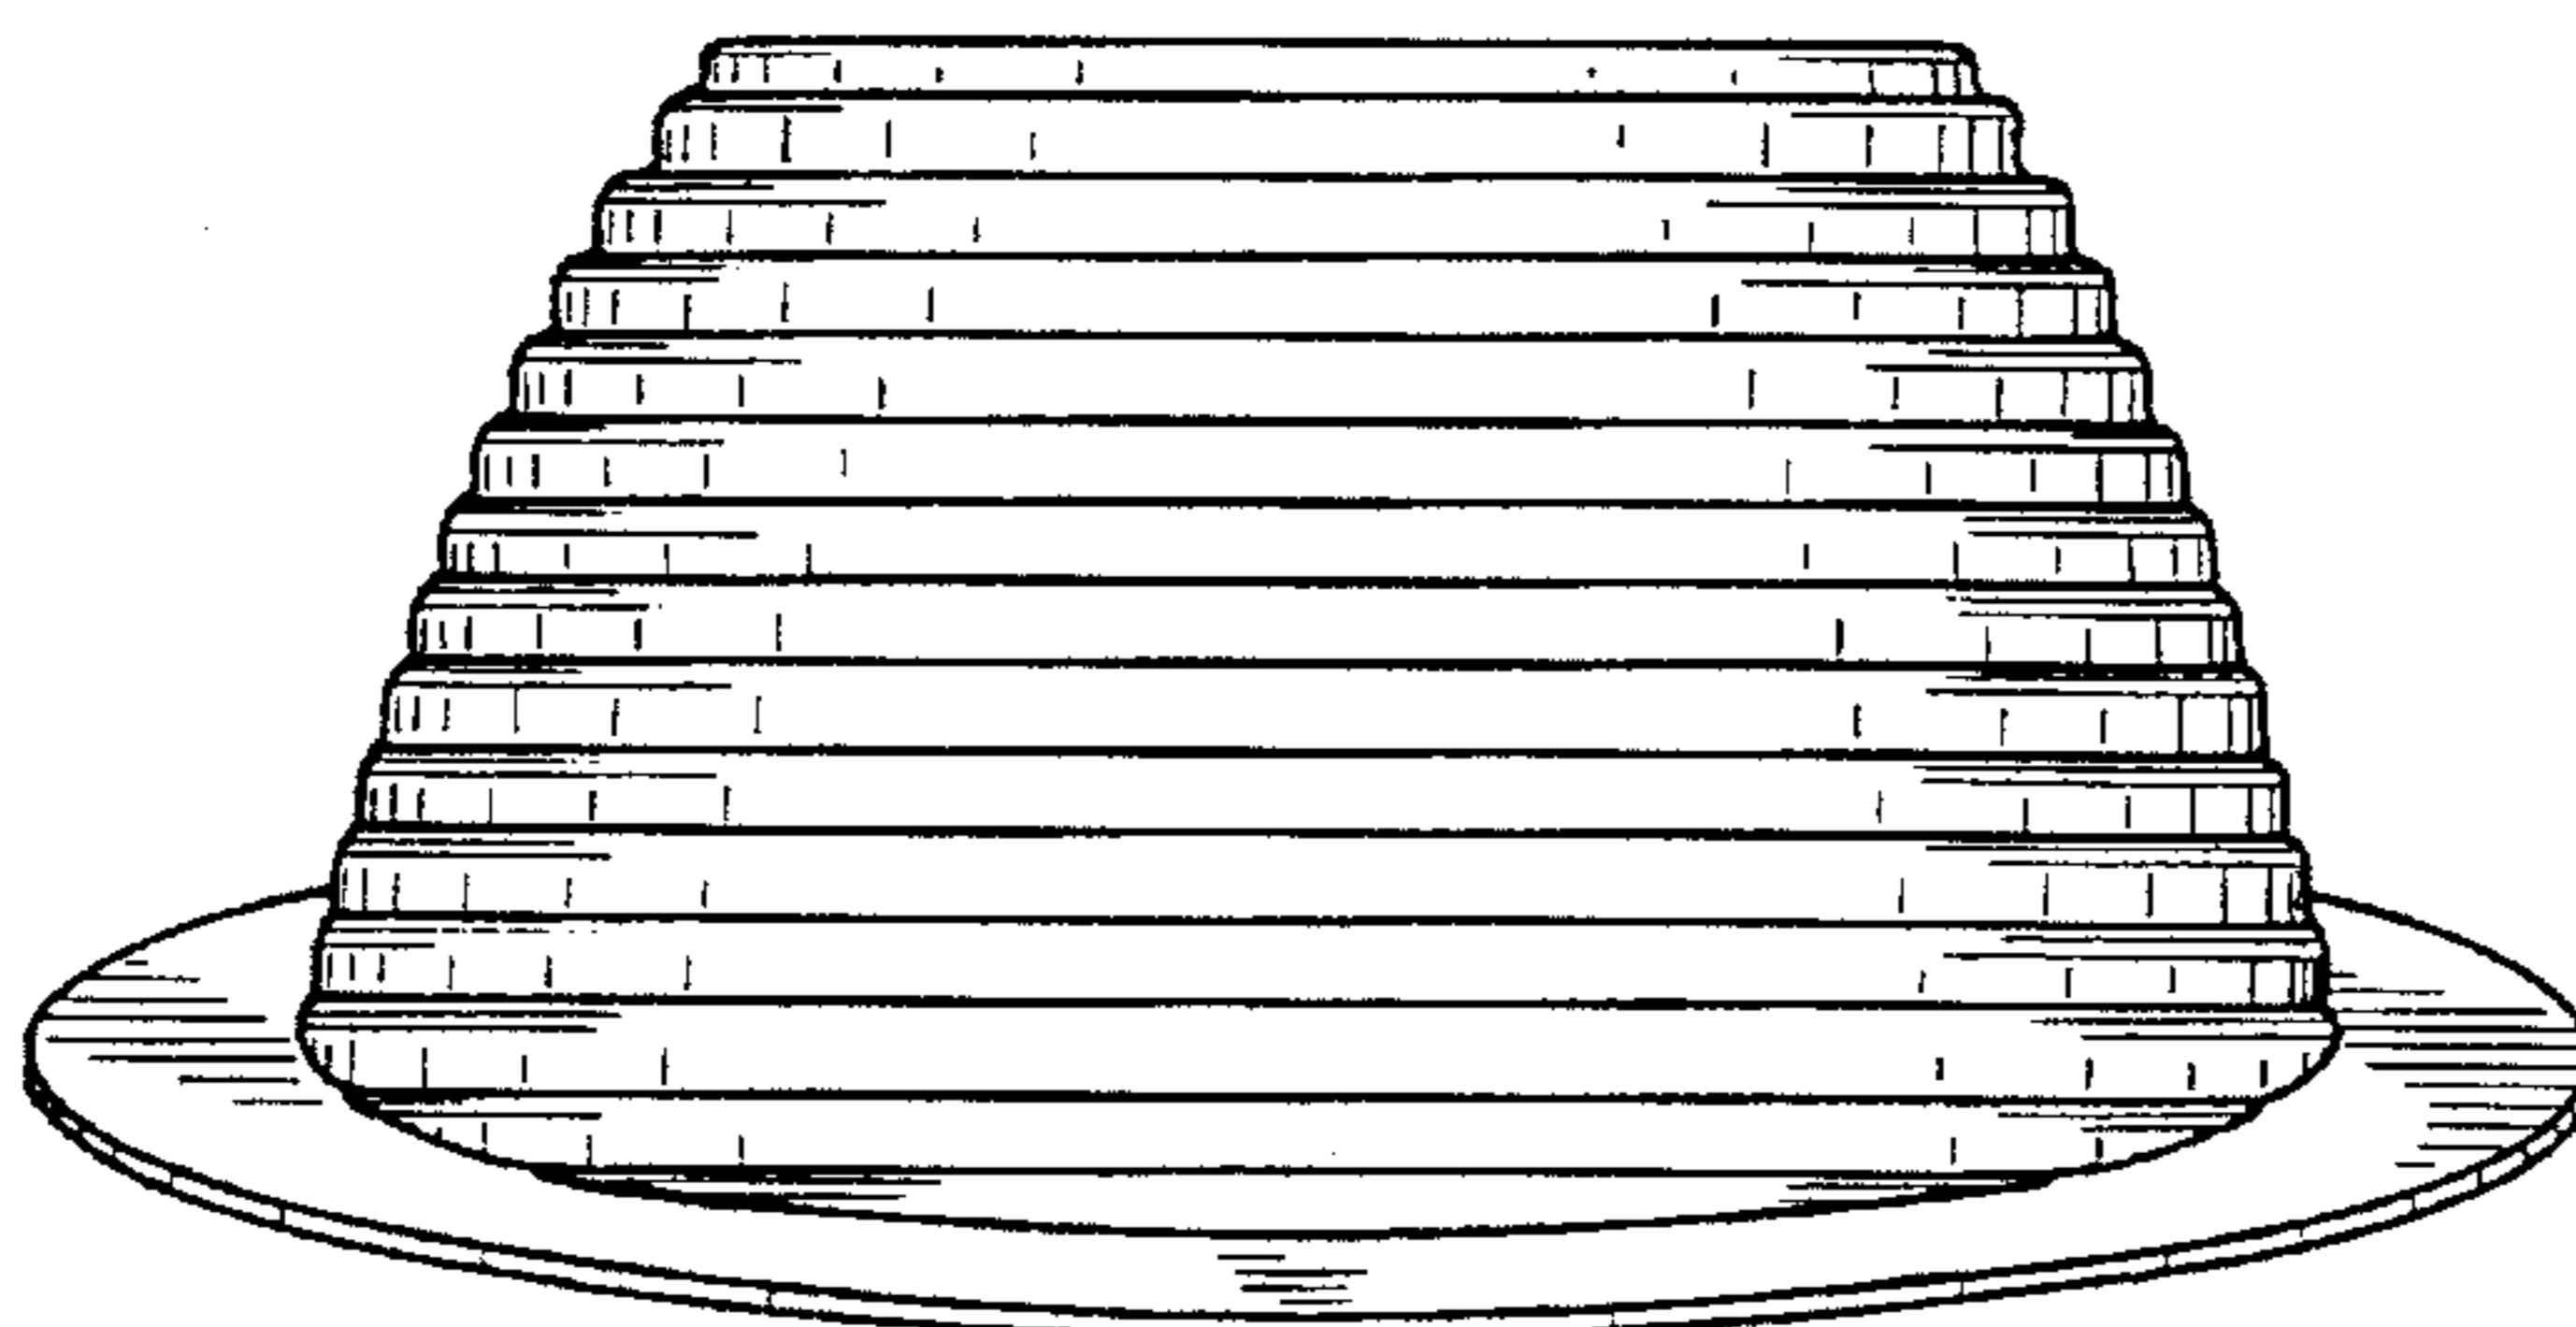

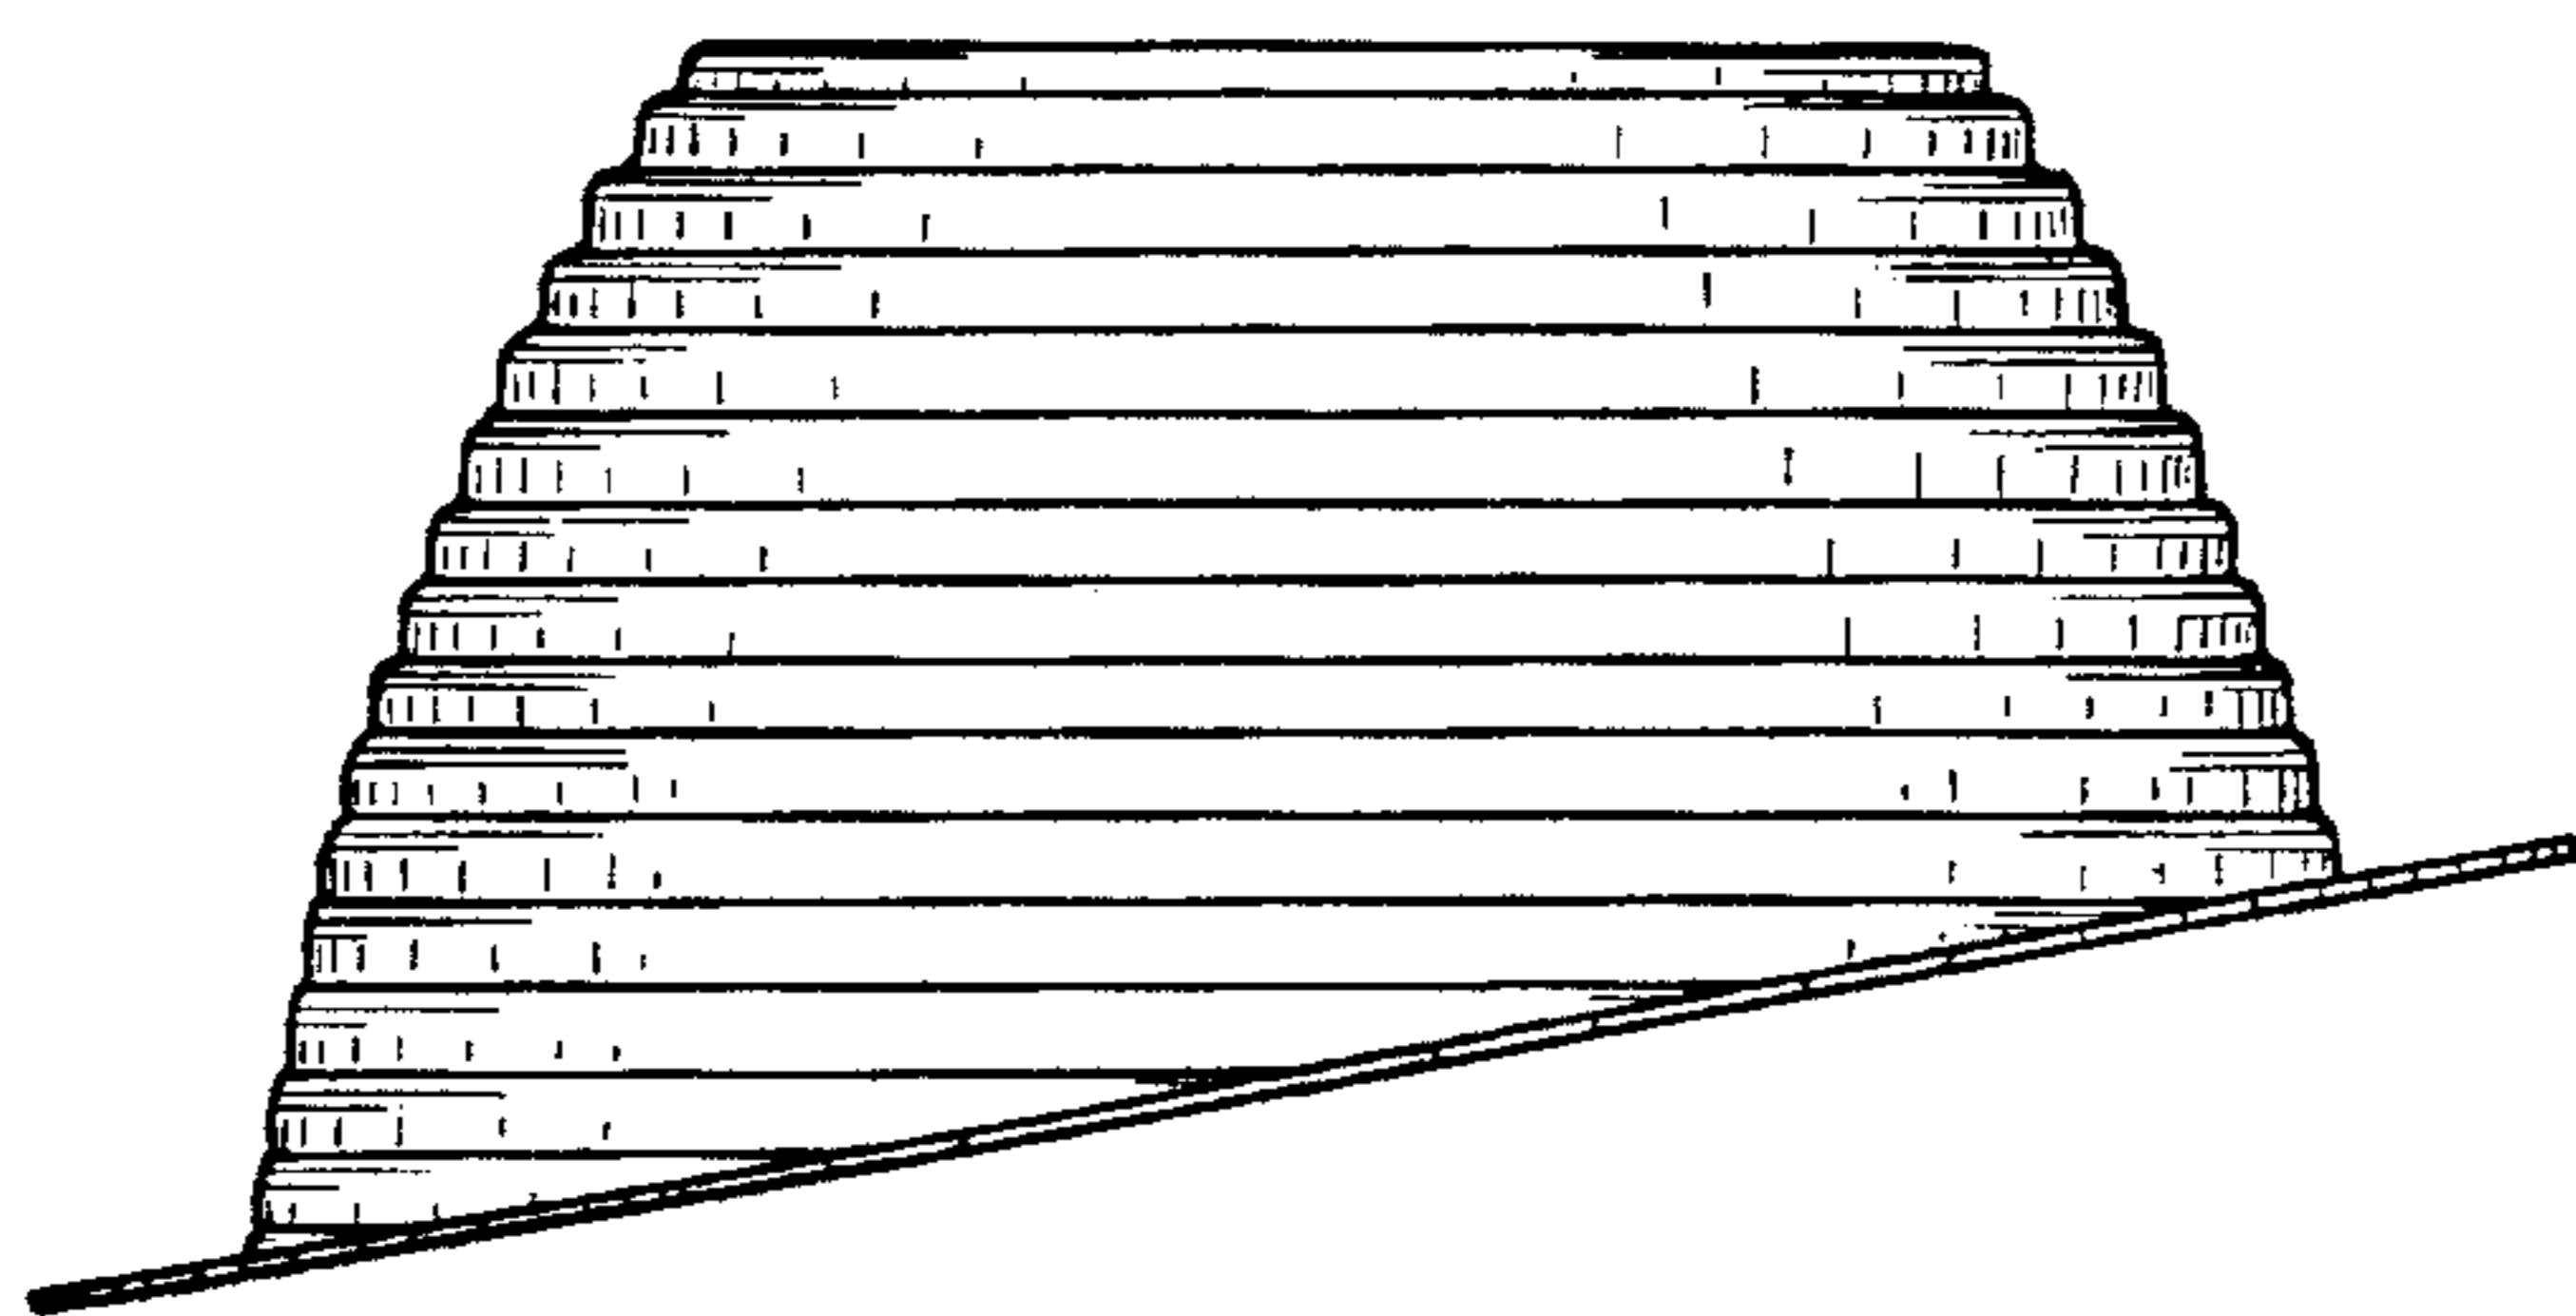

FIG. 3 is a left end elevational view of the reflector illustrated in FIGS. 1 and 2;

FIG. 4 is a right end elevational view of the reflector illustrated in FIGS. 1-3;

FIG. 5 is a top plan view of the reflector illustrated in FIGS. 1-4 as seen along the center line of the upper elliptical opening of the reflector; and,

FIG. 6 is a bottom auxiliary view of the reflector illustrated in FIGS. 1-3 as seen along the center line of the lower elliptical opening of the reflector.
