[57] CLAIM

The ornamental design for a fastener driving device housing,
as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a fastener device housing
showing my new design, looking at the top, from the left
side, the magazine assembly and the nosepiece of the device
being shown in phantom lines;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a left side elevational view thereof, the right side
thereof being a mirror image thereof;

FIG. 5 is a front elevational view thereof; and,

FIG. 6 is a rear elevational view thereof.

The broken line showing of the magazine assembly and the
nosepiece is for illustrative purposes only and forms no part
of the claimed design.
