[57] **CLAIM**

The ornamental design for a massaging tool to treat soft tissue injury, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a massaging tool to treat soft tissue injury, showing my new design, the broken line showing of the hand is for illustrative purposes only and forms no part of the claimed design;
FIG. 2 is a side elevational view thereof, with all other sides being identical to that shown;
FIG. 3 is a top view thereof;
FIG. 4 is a bottom view thereof;
FIG. 5 is a side elevational view of a second embodiment of FIG. 1, with all other sides being identical to that shown;
FIG. 6 is a third embodiment of FIG. 1, with all other sides being identical to that shown; and,
FIG. 7 shows the indeterminate length of the rounded shaft of the massaging tool of the present invention.
