[57] CLAIM

The ornamental design for a combined handshower, soap dish and support assembly, as shown and described.

DESCRIPTION

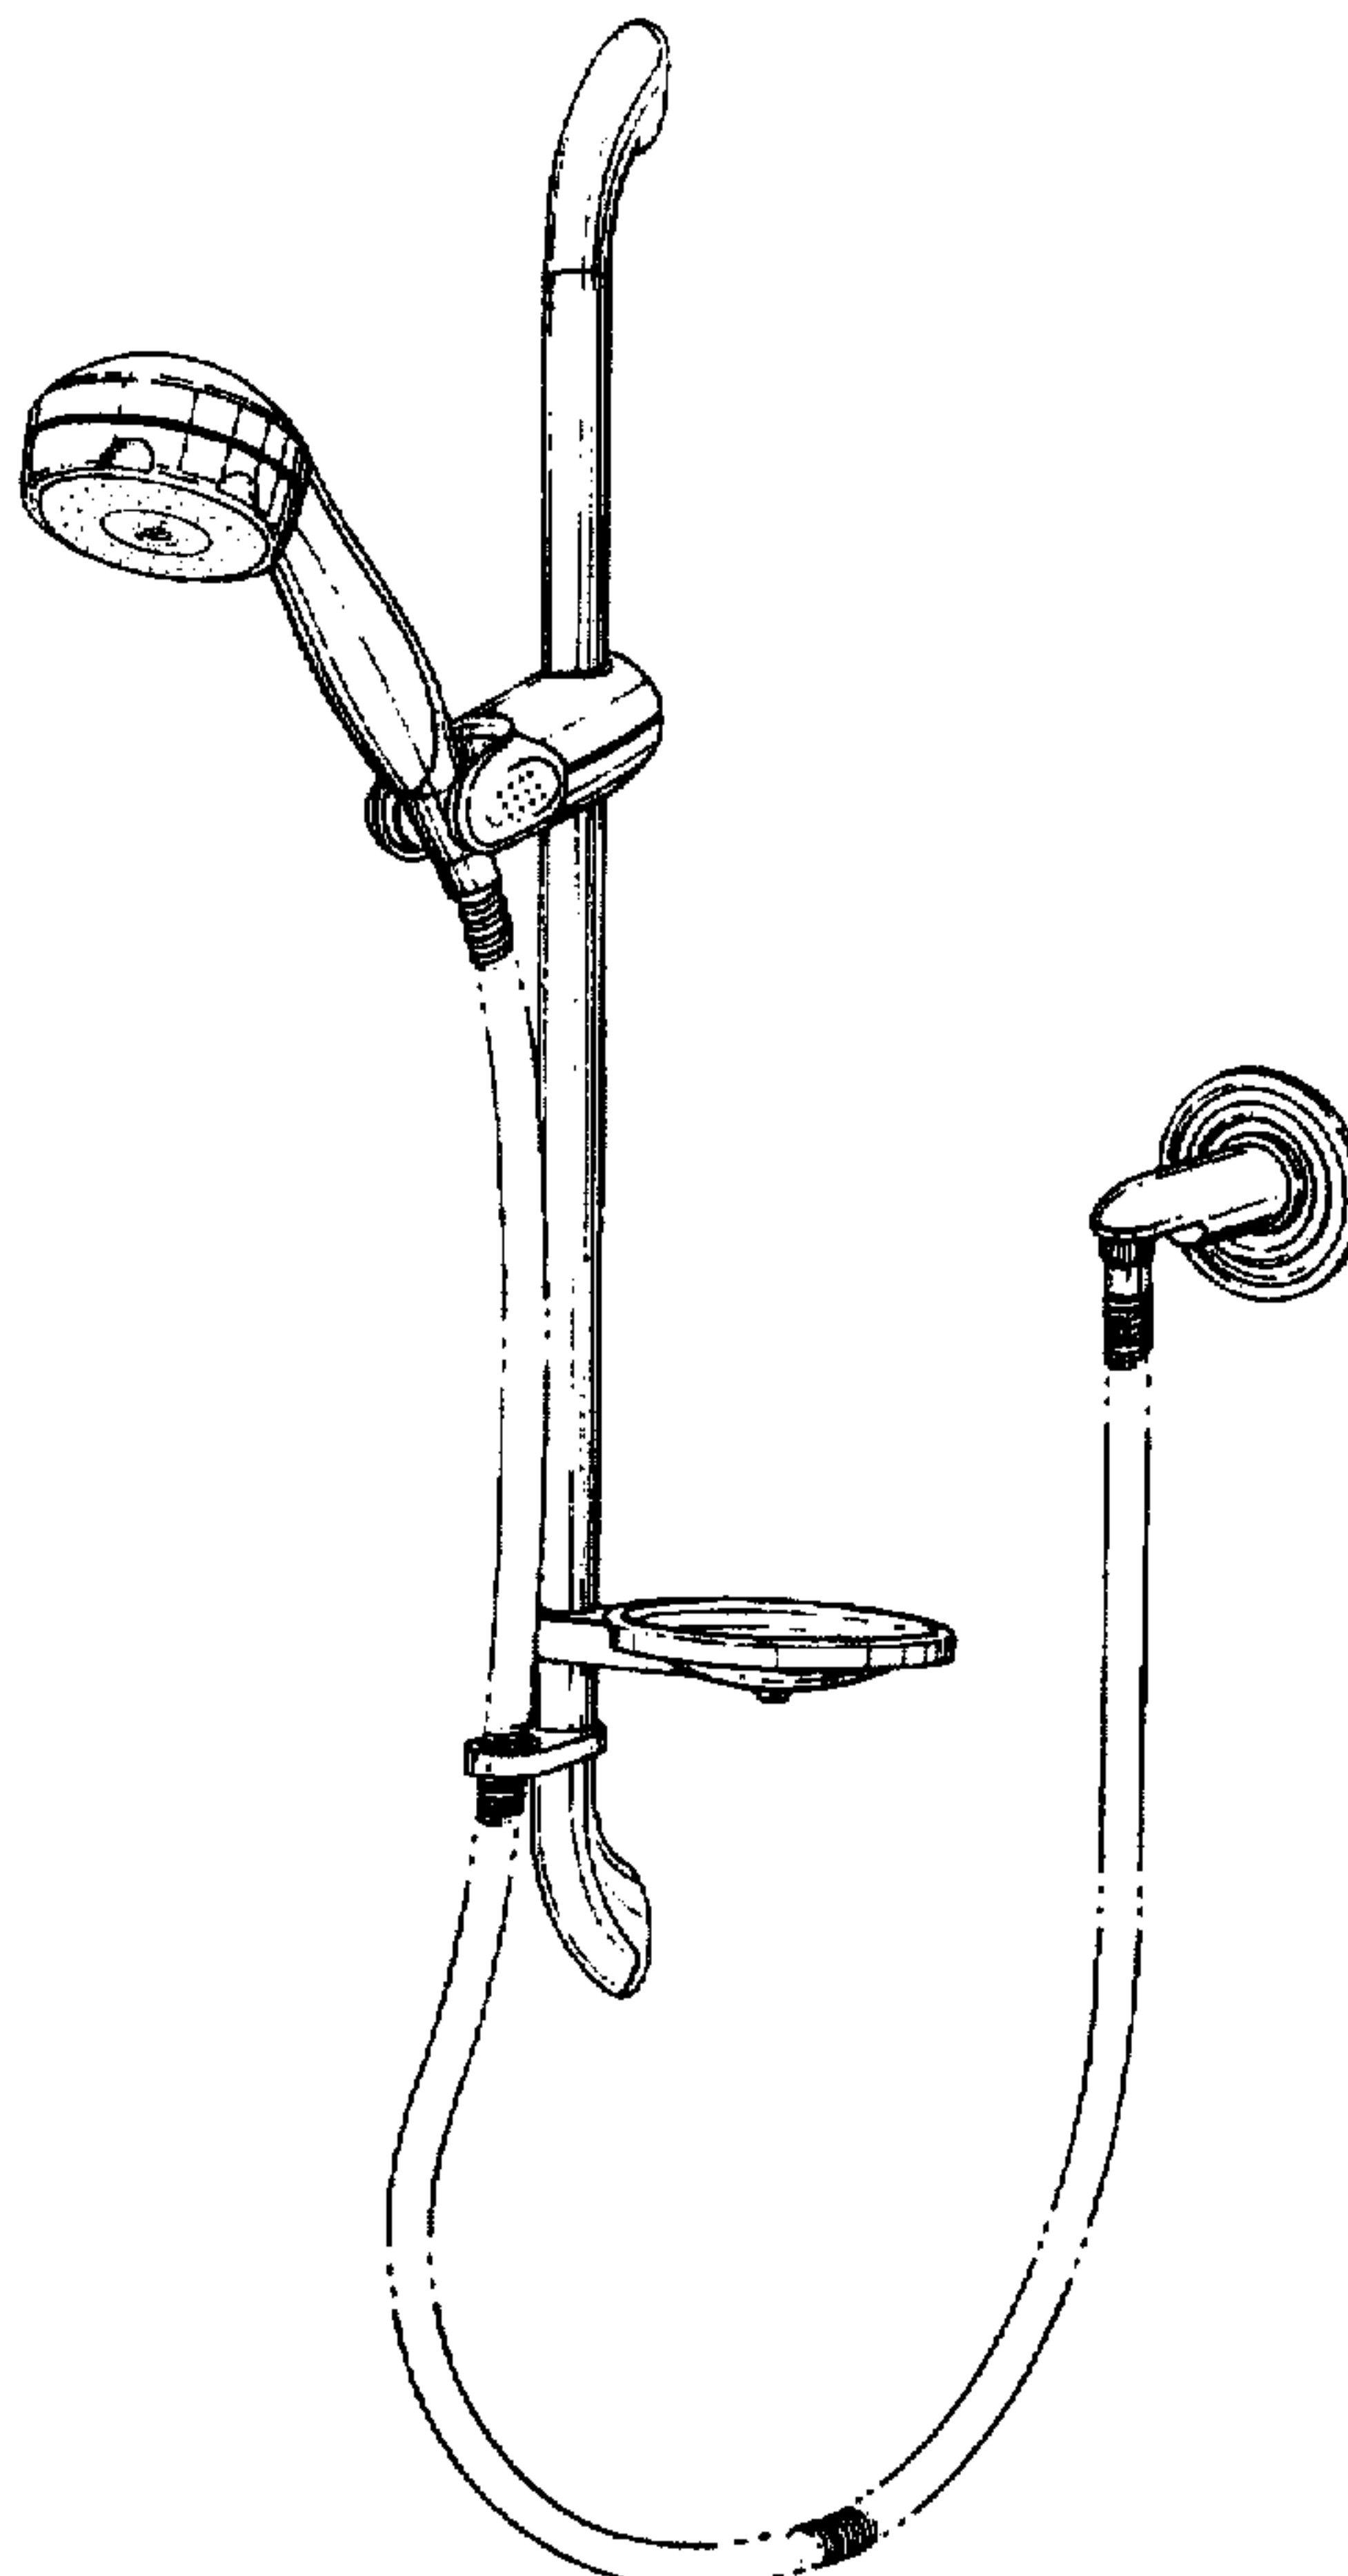

FIG. 1 is a perspective view taken from the right side, front and top of a combined hand shower, soap dish and support assembly according to the invention;

FIG. 2 is a left side view thereof; and,

FIG. 3 is a top view thereof.

The horizontal line pattern which is partially shown for ease of illustration on the hose portion, represents a pattern and is understood to repeat uniformly throughout the indicated area.
