[57] **CLAIM**  
The ornamental design for a transformable face design, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a transformable face design showing my new design;

FIG. 2 is a front elevational view of the transformable face design showing the smiling face of FIG. 1;  
FIG. 3 is a front elevational view of the transformable face design showing a frowning face;  
FIG. 4 is a top plan view of the transformable face design of FIG. 1;  
FIG. 5 is a bottom plan view of the transformable face design of FIG. 1;  
FIG. 6 is a left side elevational view of the transformable face design of FIG. 1, the right side elevational view being a mirror image thereof;  
FIG. 7 is a front elevational view of a second embodiment of the transformable face design, with a smiling face;  
FIG. 8 is a front elevational view of the second embodiment of the transformable face design, with a frowning face; and,  
FIG. 9 is a side elevational view of the transformable face design of FIG. 7, the top and bottom plan veiws being substantially identical thereto;  
The rear surface of FIGS. 1 and 7 are plain flat circular surfaces.  
The broken line showings of a clock in FIGS. 1 and 4-6 are for illustrative purposes only and form no part of the claimed design.
