[57] **CLAIM**

The ornamental design for a merchandise display, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of one embodiment of a

merchandise display showing my new design, depicting the front, top and one side thereof, with the article which is being displayed and which is not part of the design being shown in phantom lines;

FIG. 2 is an elevational view, showing the front of the merchandise display, part of the article being displayed being shown in phantom lines;

FIG. 3 is an elevational view, showing one side of the merchandise display, part of the article being shown in phantom lines;

FIG. 4 is a top plan view of the merchandise display, part of the article being shown in phantom lines;

FIG. 5 shows the display merchandise in flat condition, i.e., in unfolded state such as the merchandise display appears before it is folded into its final shape;

FIG. 6 is an elevational view showing one side of the unfolded merchandise display depicted in FIG. 5;

FIG. 7 is a perspective view of another embodiment of the merchandise display, depicting the front, top and one side thereof, with the article which is being displayed and which is not part of the design being shown in phantom lines;

FIG. 8 is an elevational view, showing the front of the merchandise display of FIG. 7, part of the article being displayed being shown in phantom lines;

FIG. 9 is an elevational view, showing one side of the merchandise display of FIG. 7, part of the article being shown in phantom lines;

FIG. 10 is a top plan view of the merchandise display of FIG. 7, part of the article being shown in phantom lines;

FIG. 11 shows the merchandise display of FIG. 7 in flat condition, i.e., in unfolded state such as the merchandise display appears before it is folded into its final shape; and,

FIG. 12 is an elevational view showing one side of the unfolded merchandise display depicted in FIG. 11.
