[57] CLAIM

The ornamental design for a watch with binary numbers, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a watch with binary numbers showing my new design including a watch band shown as environmental structure;

FIG. 2 is another perspective view thereof, shown without the watch band;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

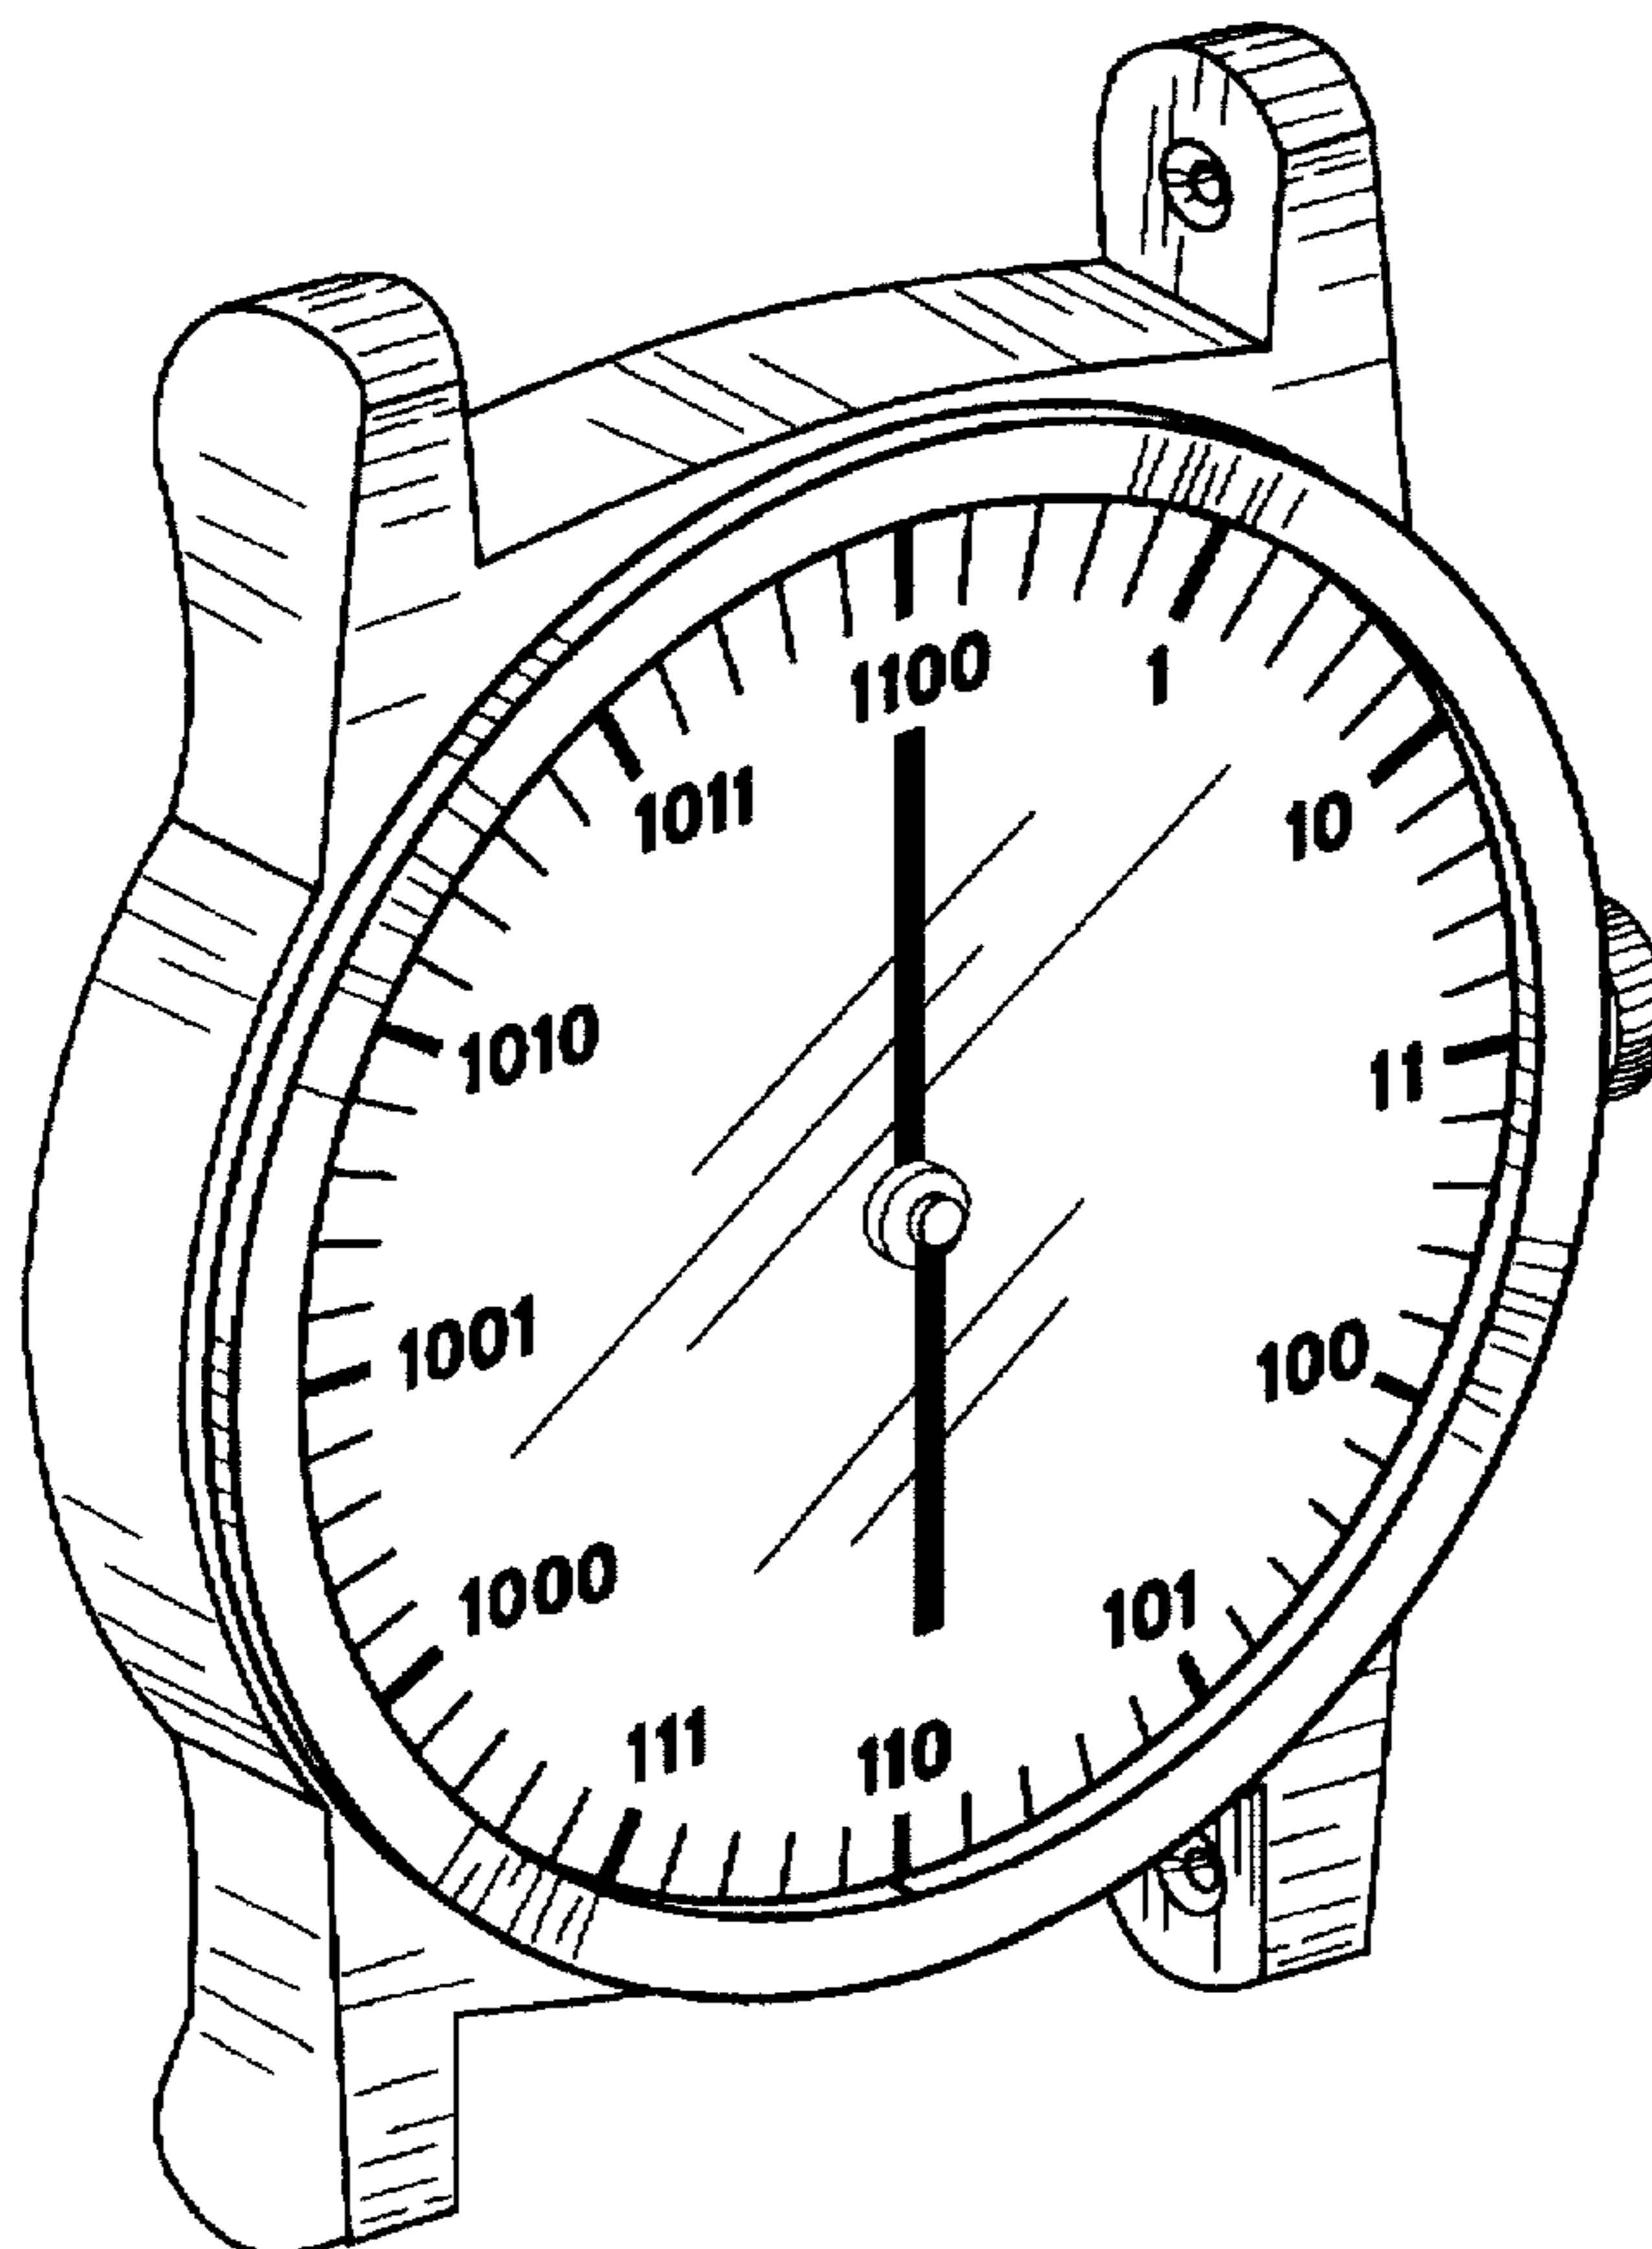

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a left side elevational view thereof; and,

FIG. 7 is a bottom plan view thereof, the top plan view being a mirror image.

The dashed lines represent a watch band for use with the present design, and form no part of the claimed invention.
