[57] CLAIM

The ornamental design for handheld radio transmitter, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a first embodiment of a handheld radio transmitter showing my new design; the broken line showing of a tab is for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a top plan view of the first embodiment;

FIG. 3 is a front elevational view of the first embodiment;

FIG. 4 is a right side elevational view of the first embodiment;

FIG. 5 is a rear elevational view of the first embodiment;

FIG. 6 is a bottom plan view of the first embodiment;

FIG. 7 is a left side elevational view of the first embodiment;

FIG. 8 is a top perspective view of the second embodiment of a handheld radio transmitter showing my new design;

FIG. 9 is a top plan view of the second embodiment;

FIG. 10 is a front elevational view of the second embodiment;

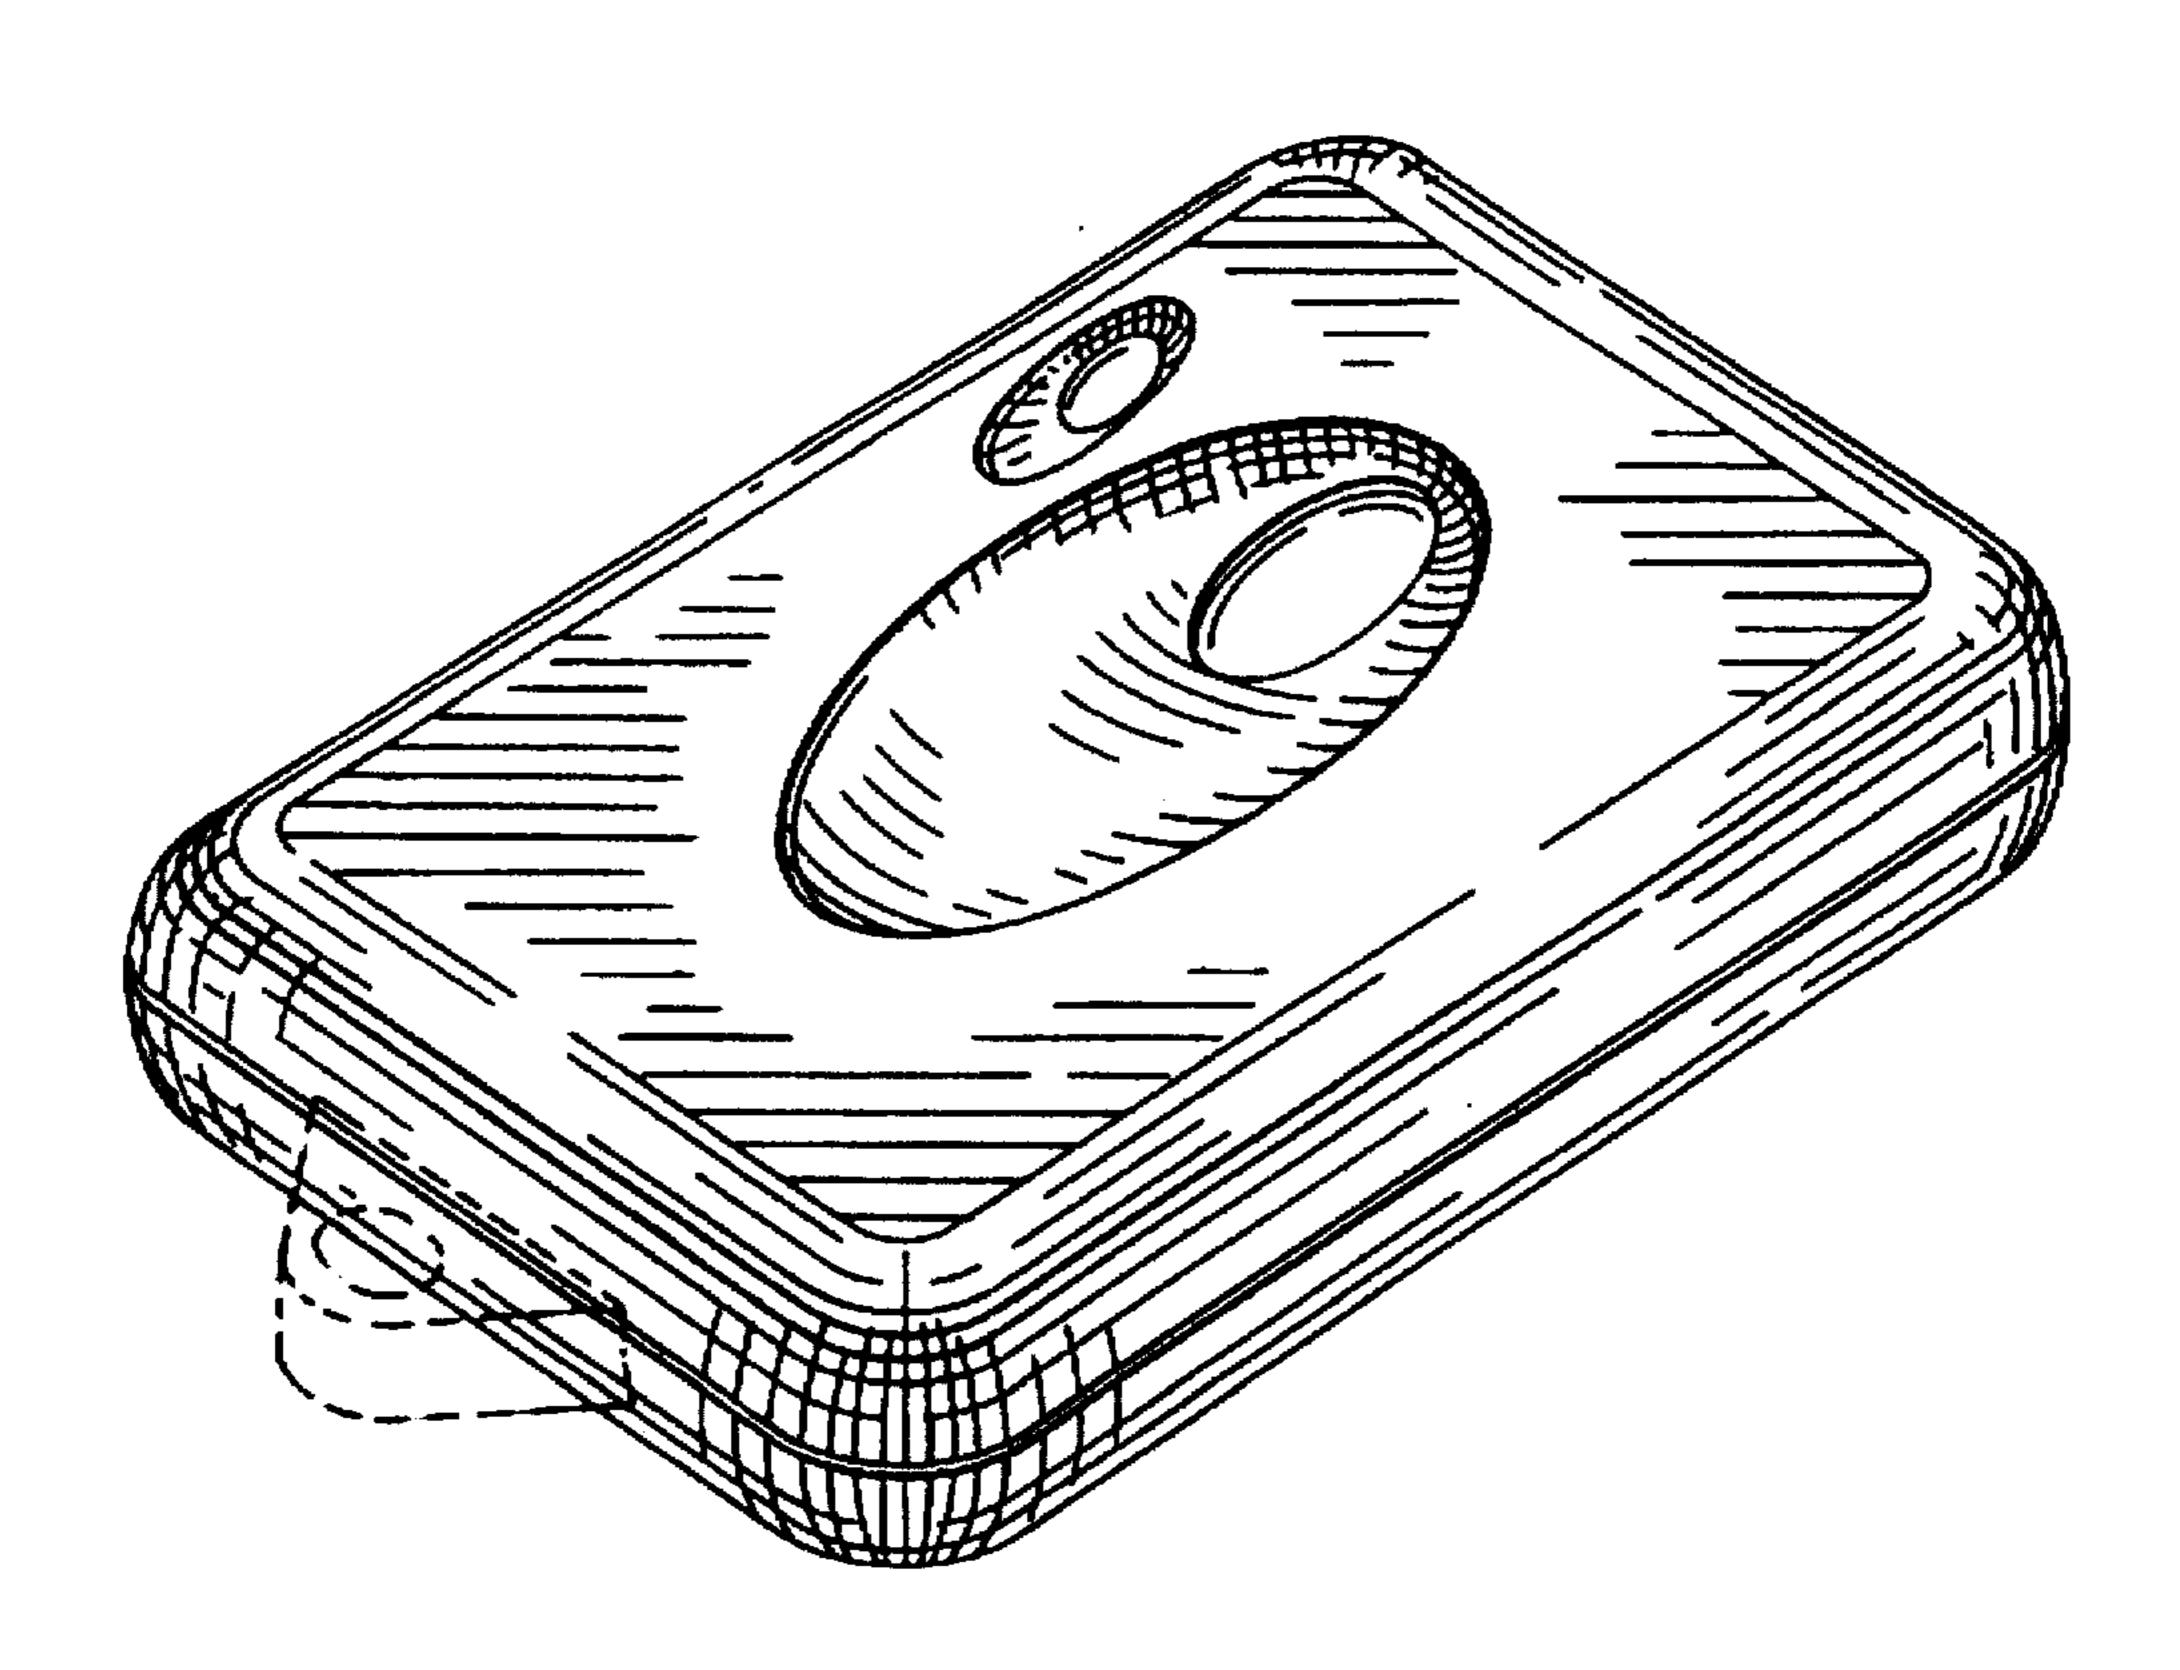

FIG. 11 is a right side elevational view of the second embodiment;

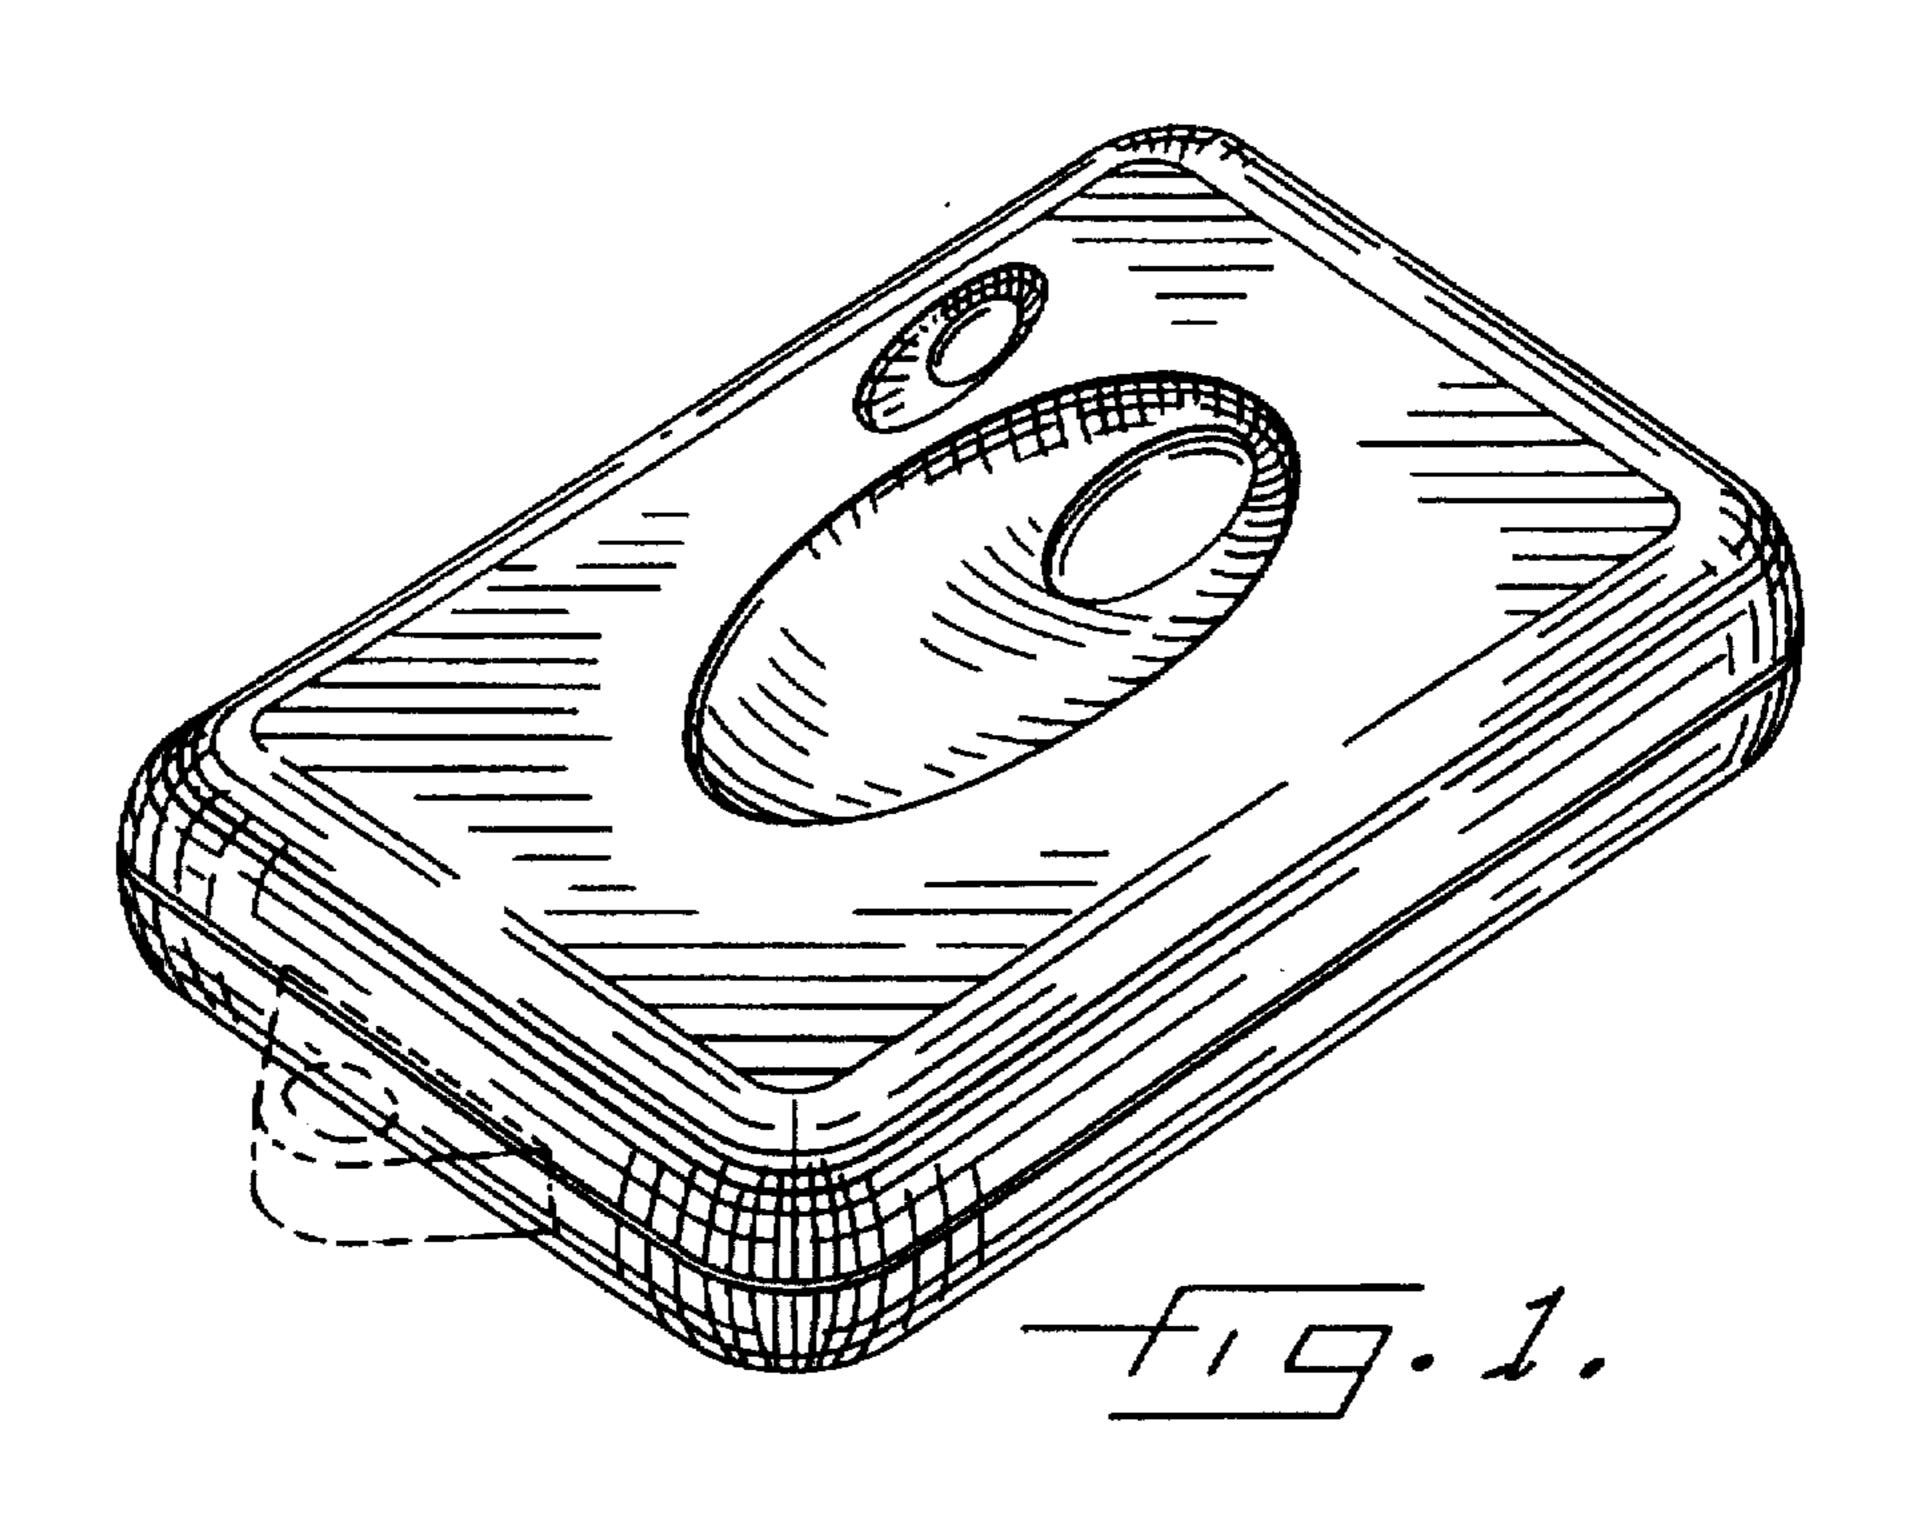

FIG. 12 is a rear elevational view of the second embodiment;

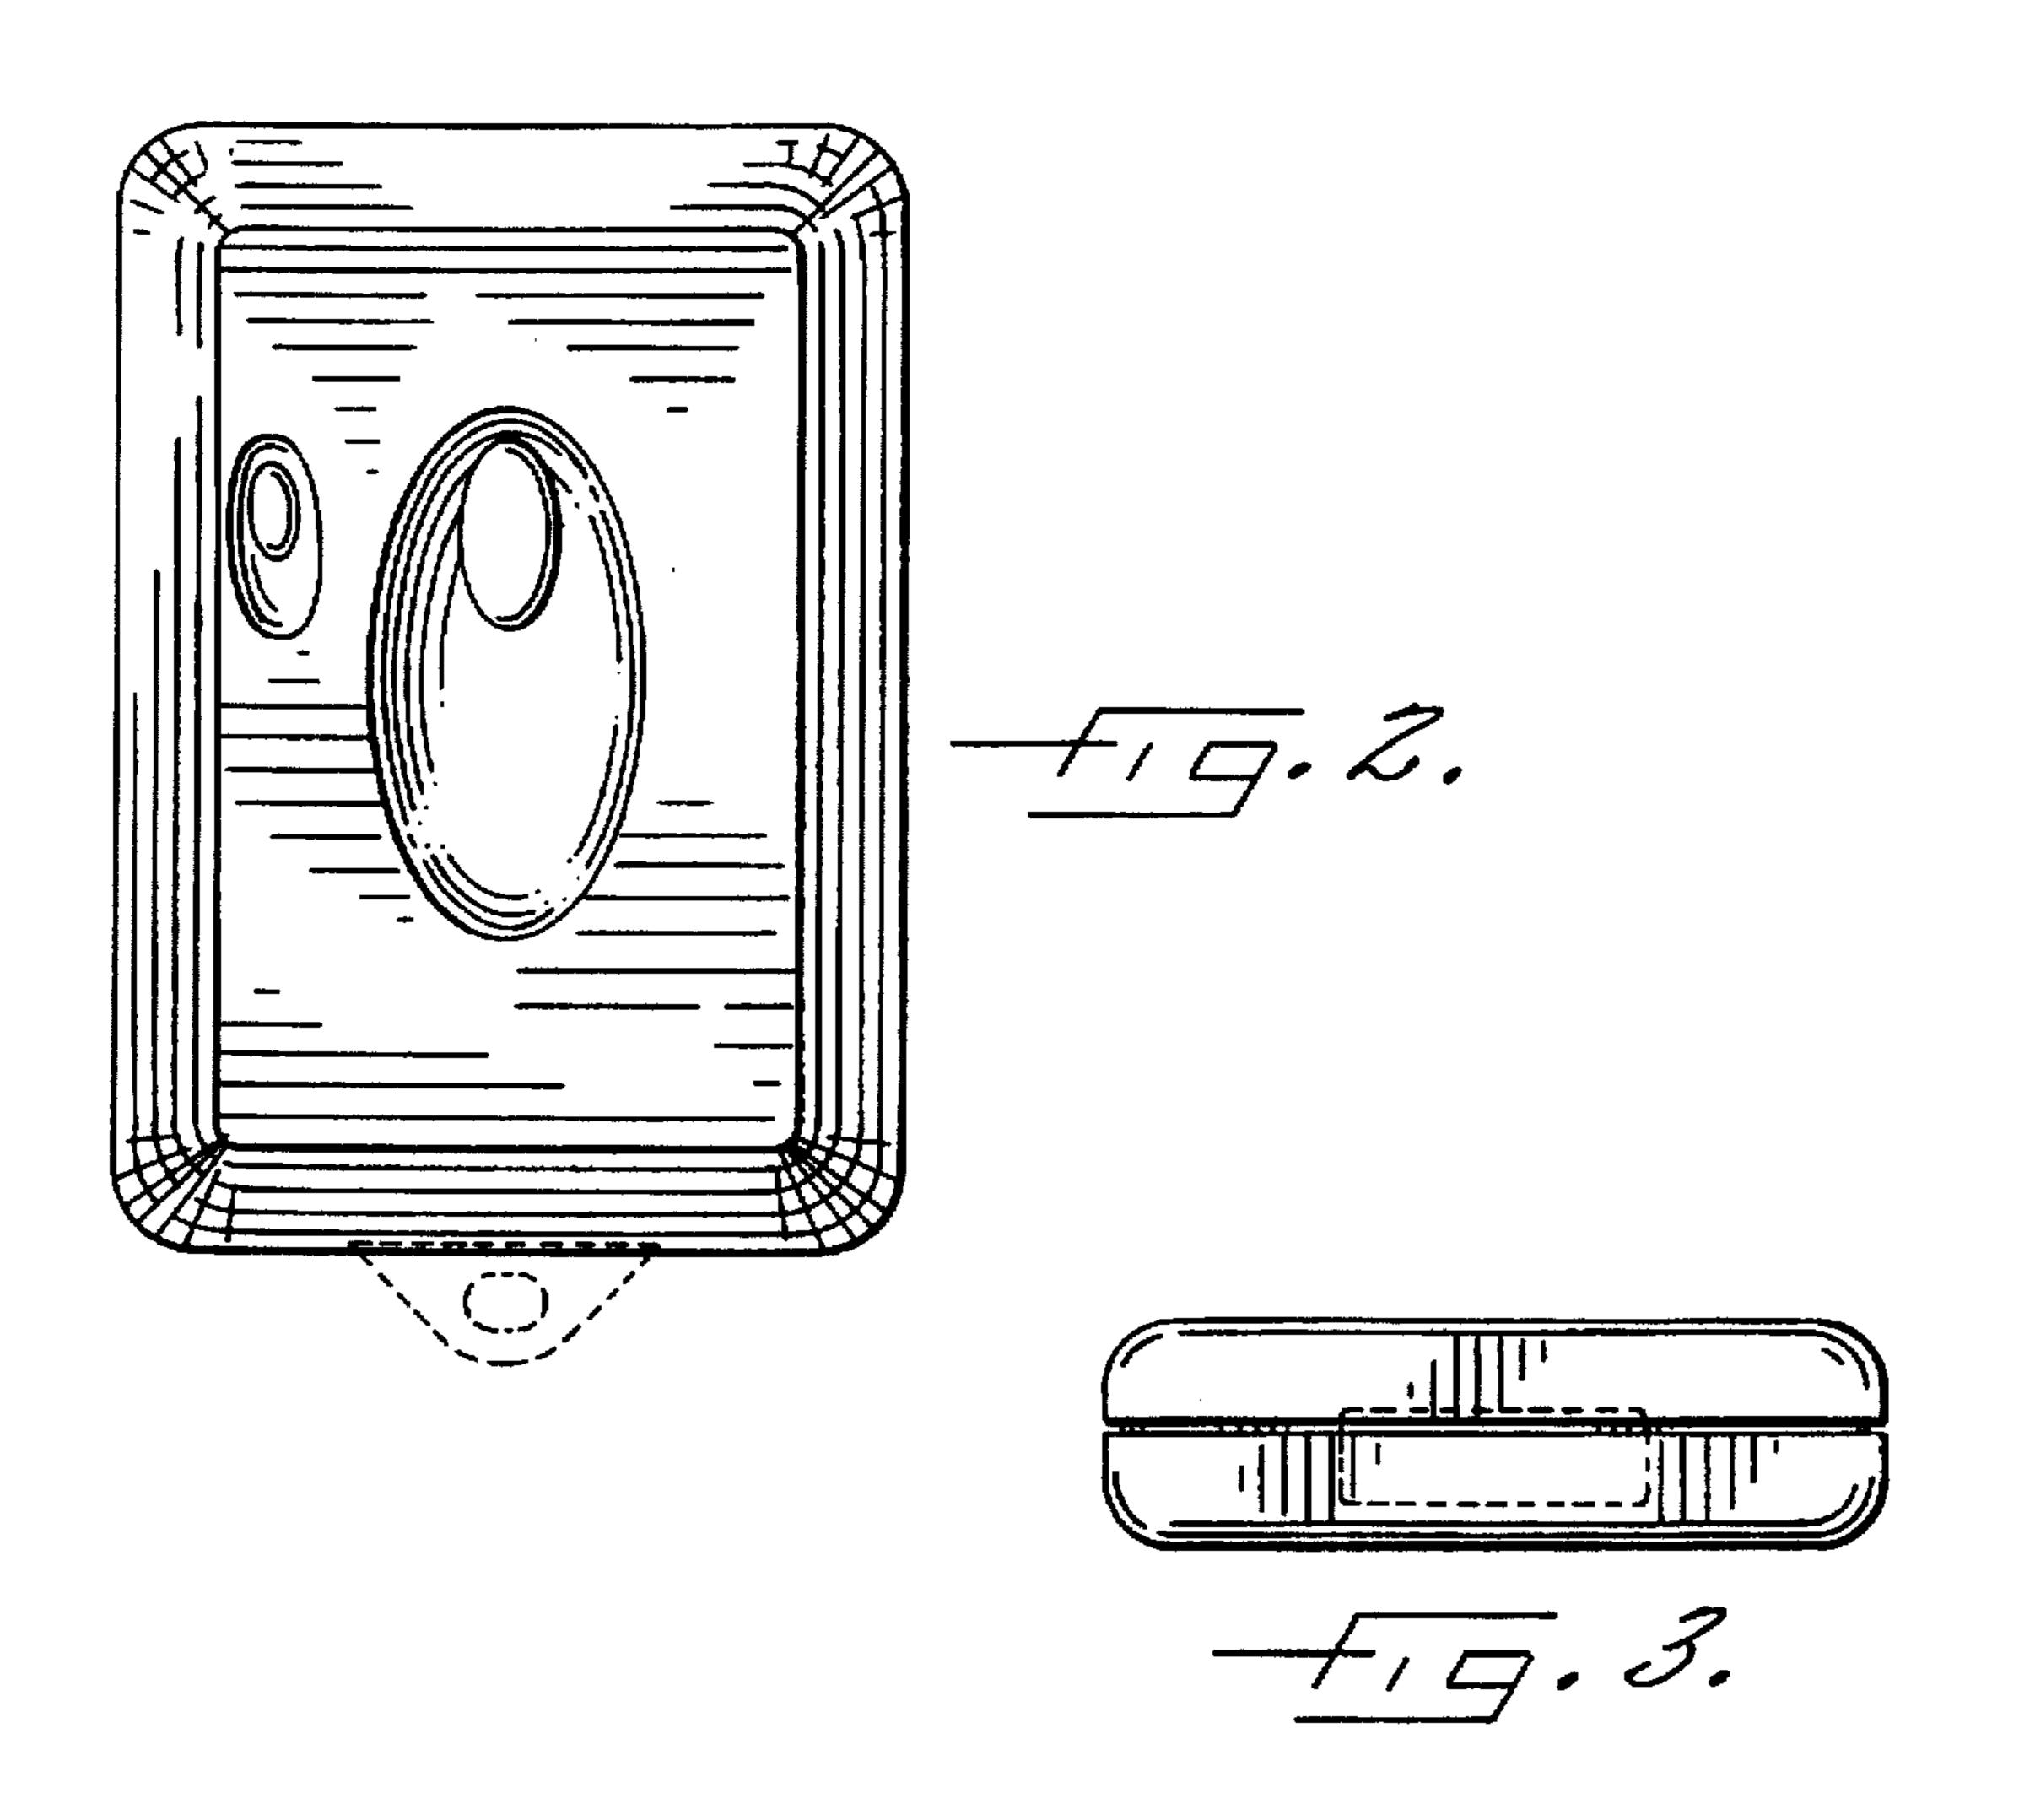

FIG. 13 is a bottom plan view of the second embodiment; and,

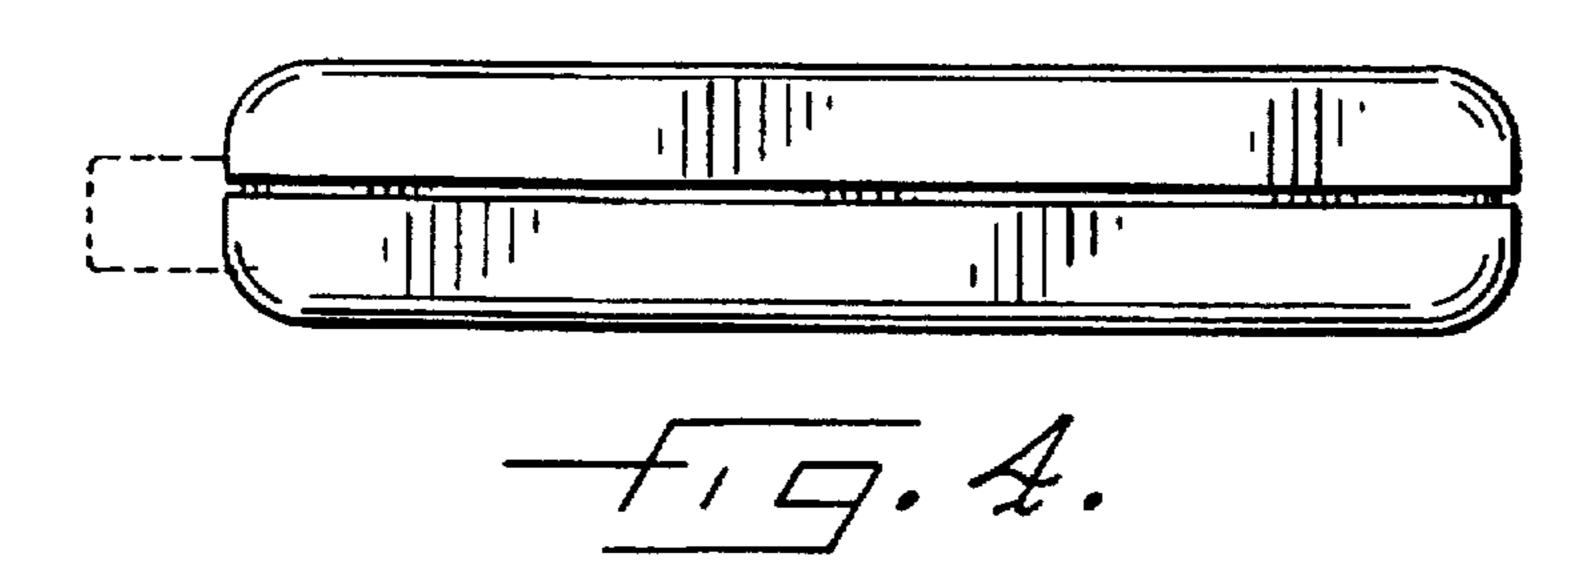

FIG. 14 is a left side elevational view of the second embodiment.
