[57] **CLAIM**

The ornamental design for an automobile hood, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an automobile hood constructed in accordance with my new design and showing the relative location thereof as installed on an automobile;

FIG. 2 is a slightly enlarged front elevational view thereof;

FIG. 3 is a slightly enlarged right side elevational view thereof, the opposite side to that shown being a substantial mirror image; and,

FIG. 4 is a slightly enlarged top plan view thereof.

It should be understood that the bottom of my design is plain, unornamented and not visible during ordinary use.

It should be further understood that the phantom lines showing in FIG. 1 are for illustrative purposes only and form no part of the subject invention.
