Attorney, Agent, or Firm—**Brian D. Smith, P.C.**

[57] **CLAIM**

The ornamental design for a prop cover, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a prop cover showing my new design, with the cross-hatch pattern indicating a conventional fabric and with the broken line showing for illustrative purposes only and forming no part of the claimed design, and with the cross-stitch lines representing conventional stitching;

FIG. 2 is a front elevational view of the prop cover of FIG. 1, shown in isolation;

FIG. 3 is a rear elevational view of the prop cover shown in FIG. 2, showing a drawstring type fastener;

FIG. 4 is a side elevational view of the prop cover of FIG. 2, shown enclosing the propeller of a boat motor and showing the drawstring type fastener pulled tight around the shaft of the propeller; and,

FIG. 5 is a rear elevational view of the prop cover of FIG. 4, shown laid out flat and empty.
