[57] **CLAIM**

The ornamental design for a pneumatic tire for vehicles, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view showing our new design, it being understood that the tread pattern repeats uniformly throughout the circumference of the tire;

FIG. 2 is a left side elevational view thereof, the side opposite being substantially a mirror image;

FIG. 3 is an enlarged fragmentary view of the design shown in FIG. 1;

FIG. 4 is a section view taken along line 4—4 in FIG. 3; and,

FIG. 5 is a perspective view thereof.

In the drawings, the dark stippled surface shading represents the recessed portion of the tread grooves, having a depth as best shown in FIG. 4.
