[57] CLAIM

The ornamental design for a decorative fender molding, as shown and described.

DESCRIPTION

FIG. 1 is a diagrammatic perspective view of a decorative fender molding per se in full lines with tires and a car shown in broken lines representing environmental association matter being for illustrative purposes only and forming no part of the claimed invention.

FIG. 2 is a front elevational view thereof, shown at an enlarged scale for clarity of illustration;

FIG. 3 is a rear elevational view of the instant invention, shown at an enlarged scale for clarity of illustration;

FIG. 4 is a left side elevational view thereof, shown at an enlarged scale for clarity of illustration;

FIG. 5 is a right side elevational view thereof, shown at an enlarged scale for clarity of illustration;

FIG. 6 is a top plan view of the decorative fender molding per se, shown at an enlarged scale for clarity of illustration; and,

FIG. 7 is a bottom plan view thereof, shown at an enlarged scale for clarity of illustration.
