### [57] CLAIM

The ornamental design for a bracelet fastener helper, as shown and described.

### DESCRIPTION

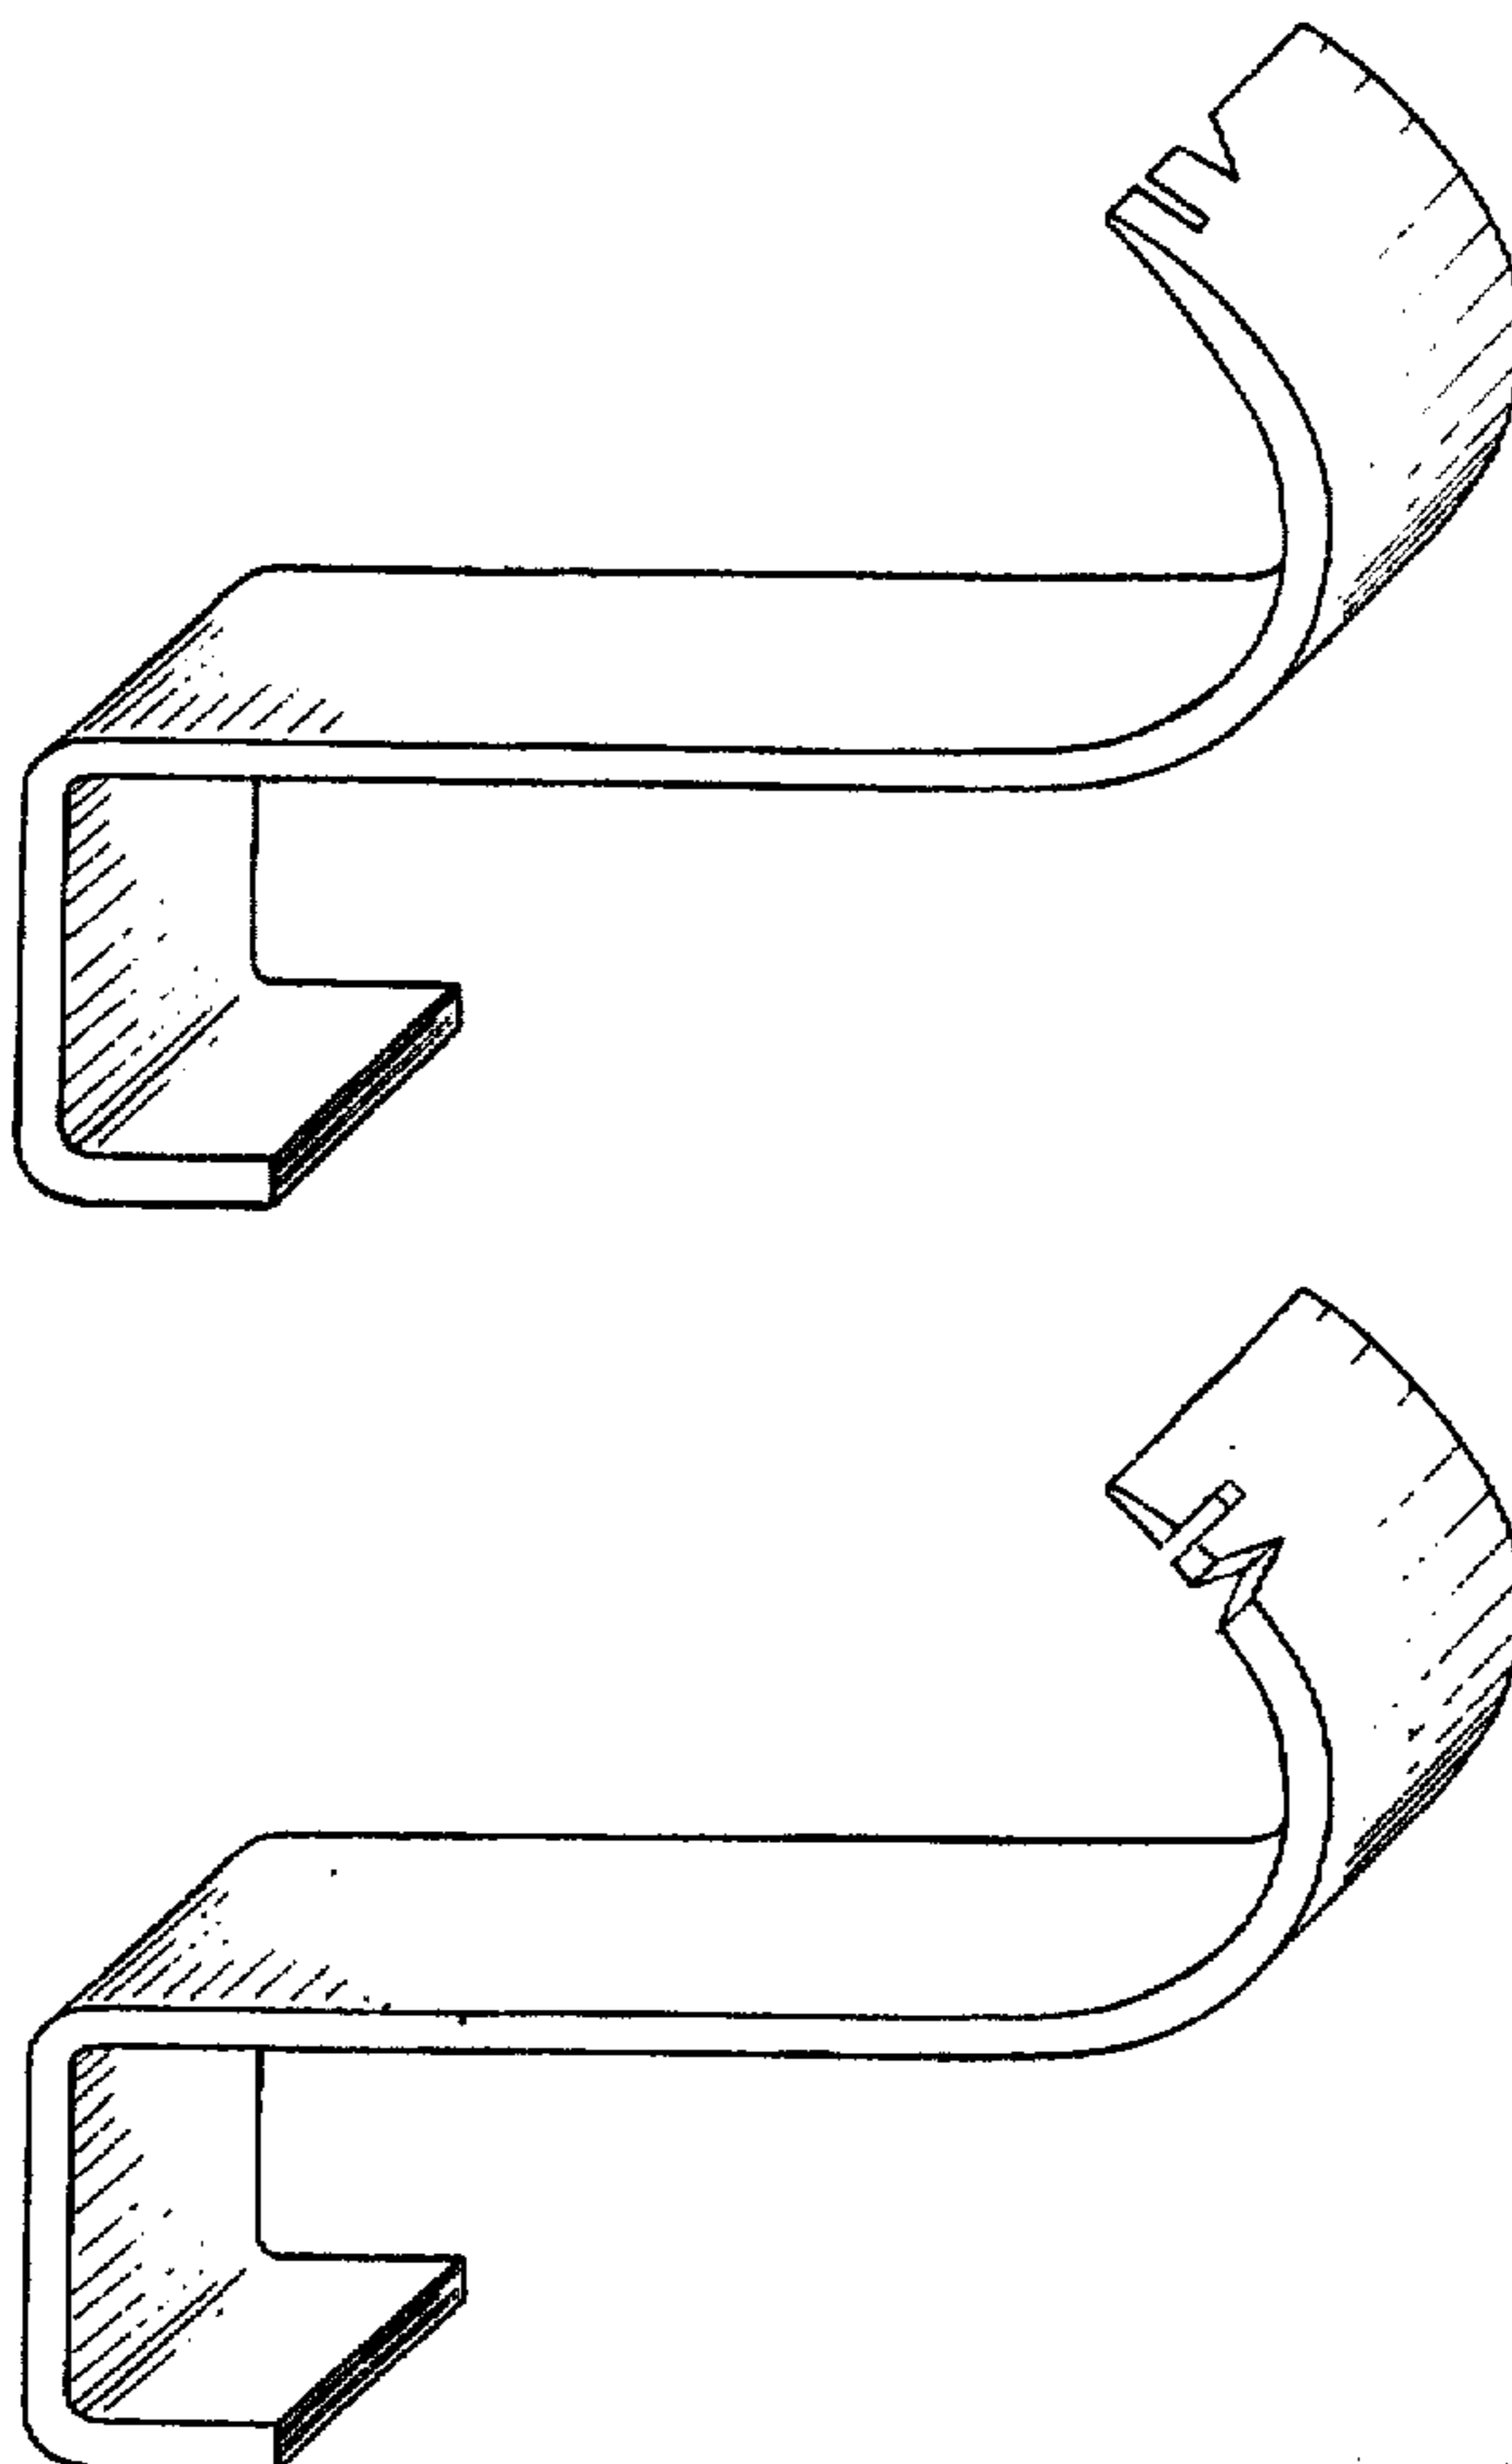

FIG. 1 is a side view of a first embodiment of the bracelet fastener helper of the present design having a silicone strip and two slits, the side which is not shown being substantially a mirror image of the side which is shown;

FIG. 2 is a front view of the bracelet fastener helper of the first embodiment of the present design;

FIG. 3 is a perspective view thereof, the bottom surfaces which are not shown are smooth and follow the contour of the sides; and,

FIG. 4 is a perspective view of a second embodiment of the present design, having two slits on the side thereof replacing the shorter silicone strip and two slits of the first embodiment, but otherwise being substantially identical to the first embodiment, the side which is not shown being substantially a mirror image of the side of the first embodiment which is shown in FIG. 1.
