[57] CLAIM

The ornamental design for a sculpture, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the sculpture. The decorative

sculpture comprises two components intended to be used together as a set: a sculpture component in the form of a football helmet on a display stand, depicted on the left of FIG. 1, and a sculpture component in the form of a football on a display stand, depicted on the right of FIG. 1. In all views of the football helmet sculpture component, the variegated surface shading on the football helmet and the display stand indicates a marble surface.
