[57] CLAIM

The ornamental design for a front control panel membrane, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a front control panel membrane showing my new design, the front control panel membrane is of uniform thickness; and,

FIG. 2 is a front elevational view of a second embodiment of the front control panel membrane shown in FIG. 1.

The broken lines which define the bounds of the claimed design form no part of thereof.
