### [57] CLAIM

The ornamental design for a combined portable fan and spray misting bottle, as shown and described.

### DESCRIPTION

FIG. 1 is a perspective view of the portable fan forming part of the present design, shown separately for clarity of illustration;

FIG. 2 is a top plan view of FIG. 1;

FIG. 3 is a front elevational view of FIG. 1;

FIG. 4 is an right side view of FIG. 1;

FIG. 5 is a rear elevational view of FIG. 1;

FIG. 6 is a left side view of FIG. 1, which is substantially identical to the opposing right side view;

FIG. 7 is a top plan view of FIG. 1;

FIG. 8 is a left side view of the portable fan forming part of the present design, shown separately for clarity of illustration, with the pedestal support tab rotated to an engaged position; for clarity of illustration, with the pedestal support tab rotated to an engaged position;

FIG. 9 is a perspective view of the portable fan attached to the spray misting bottle according to the present design;

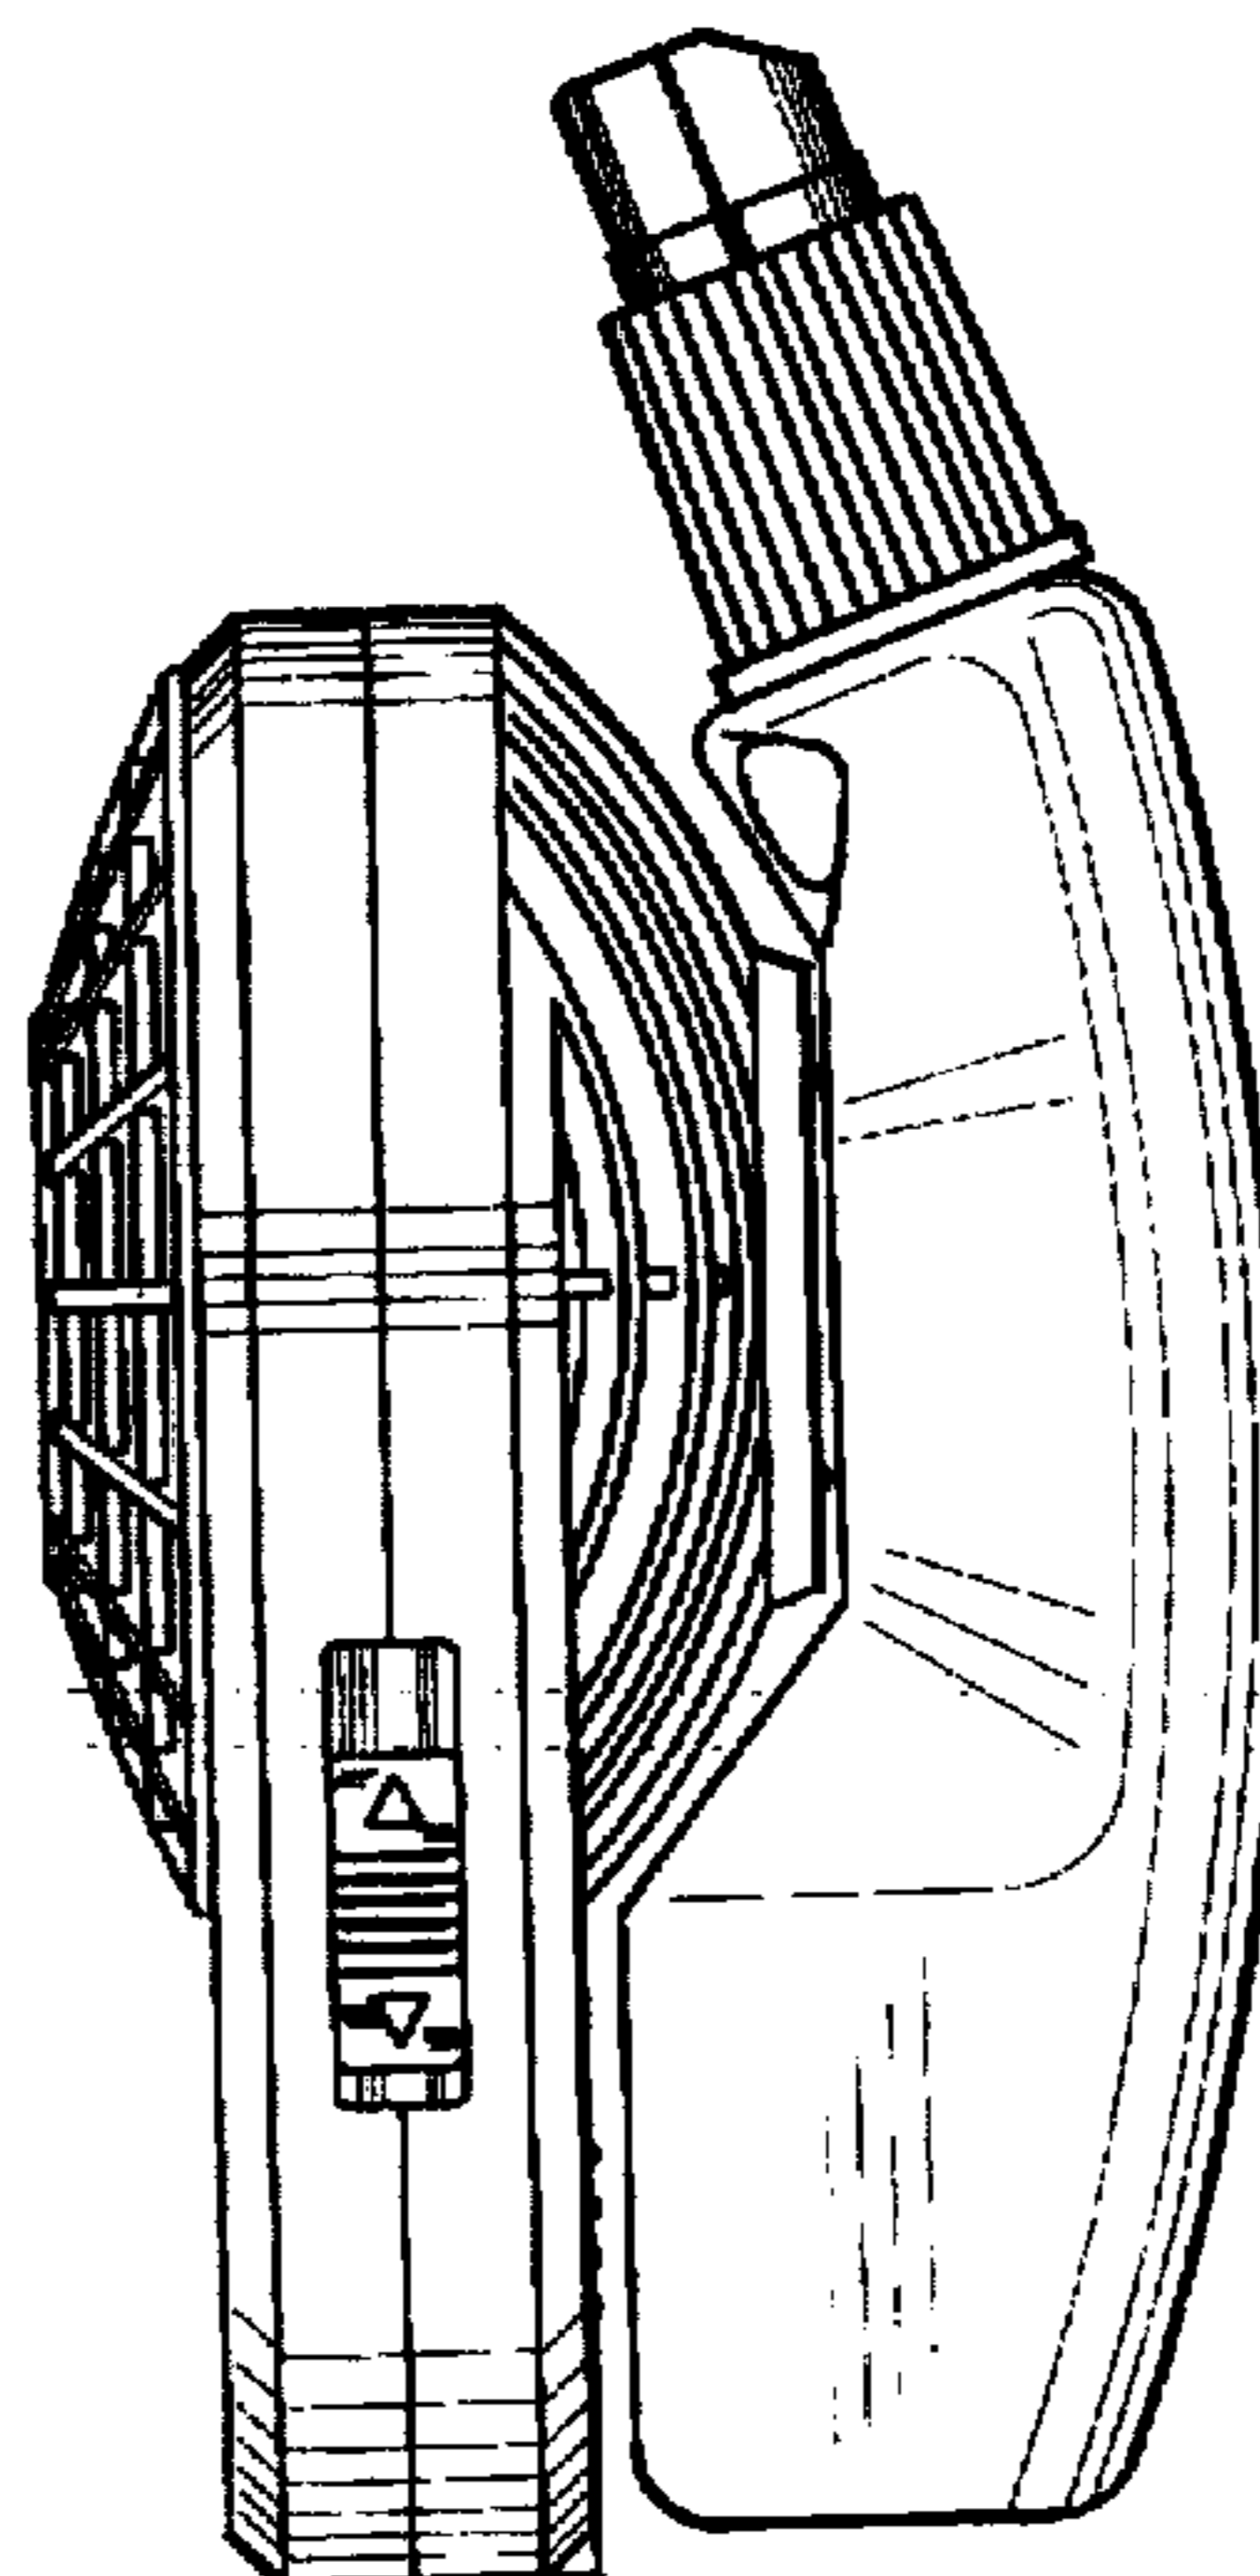

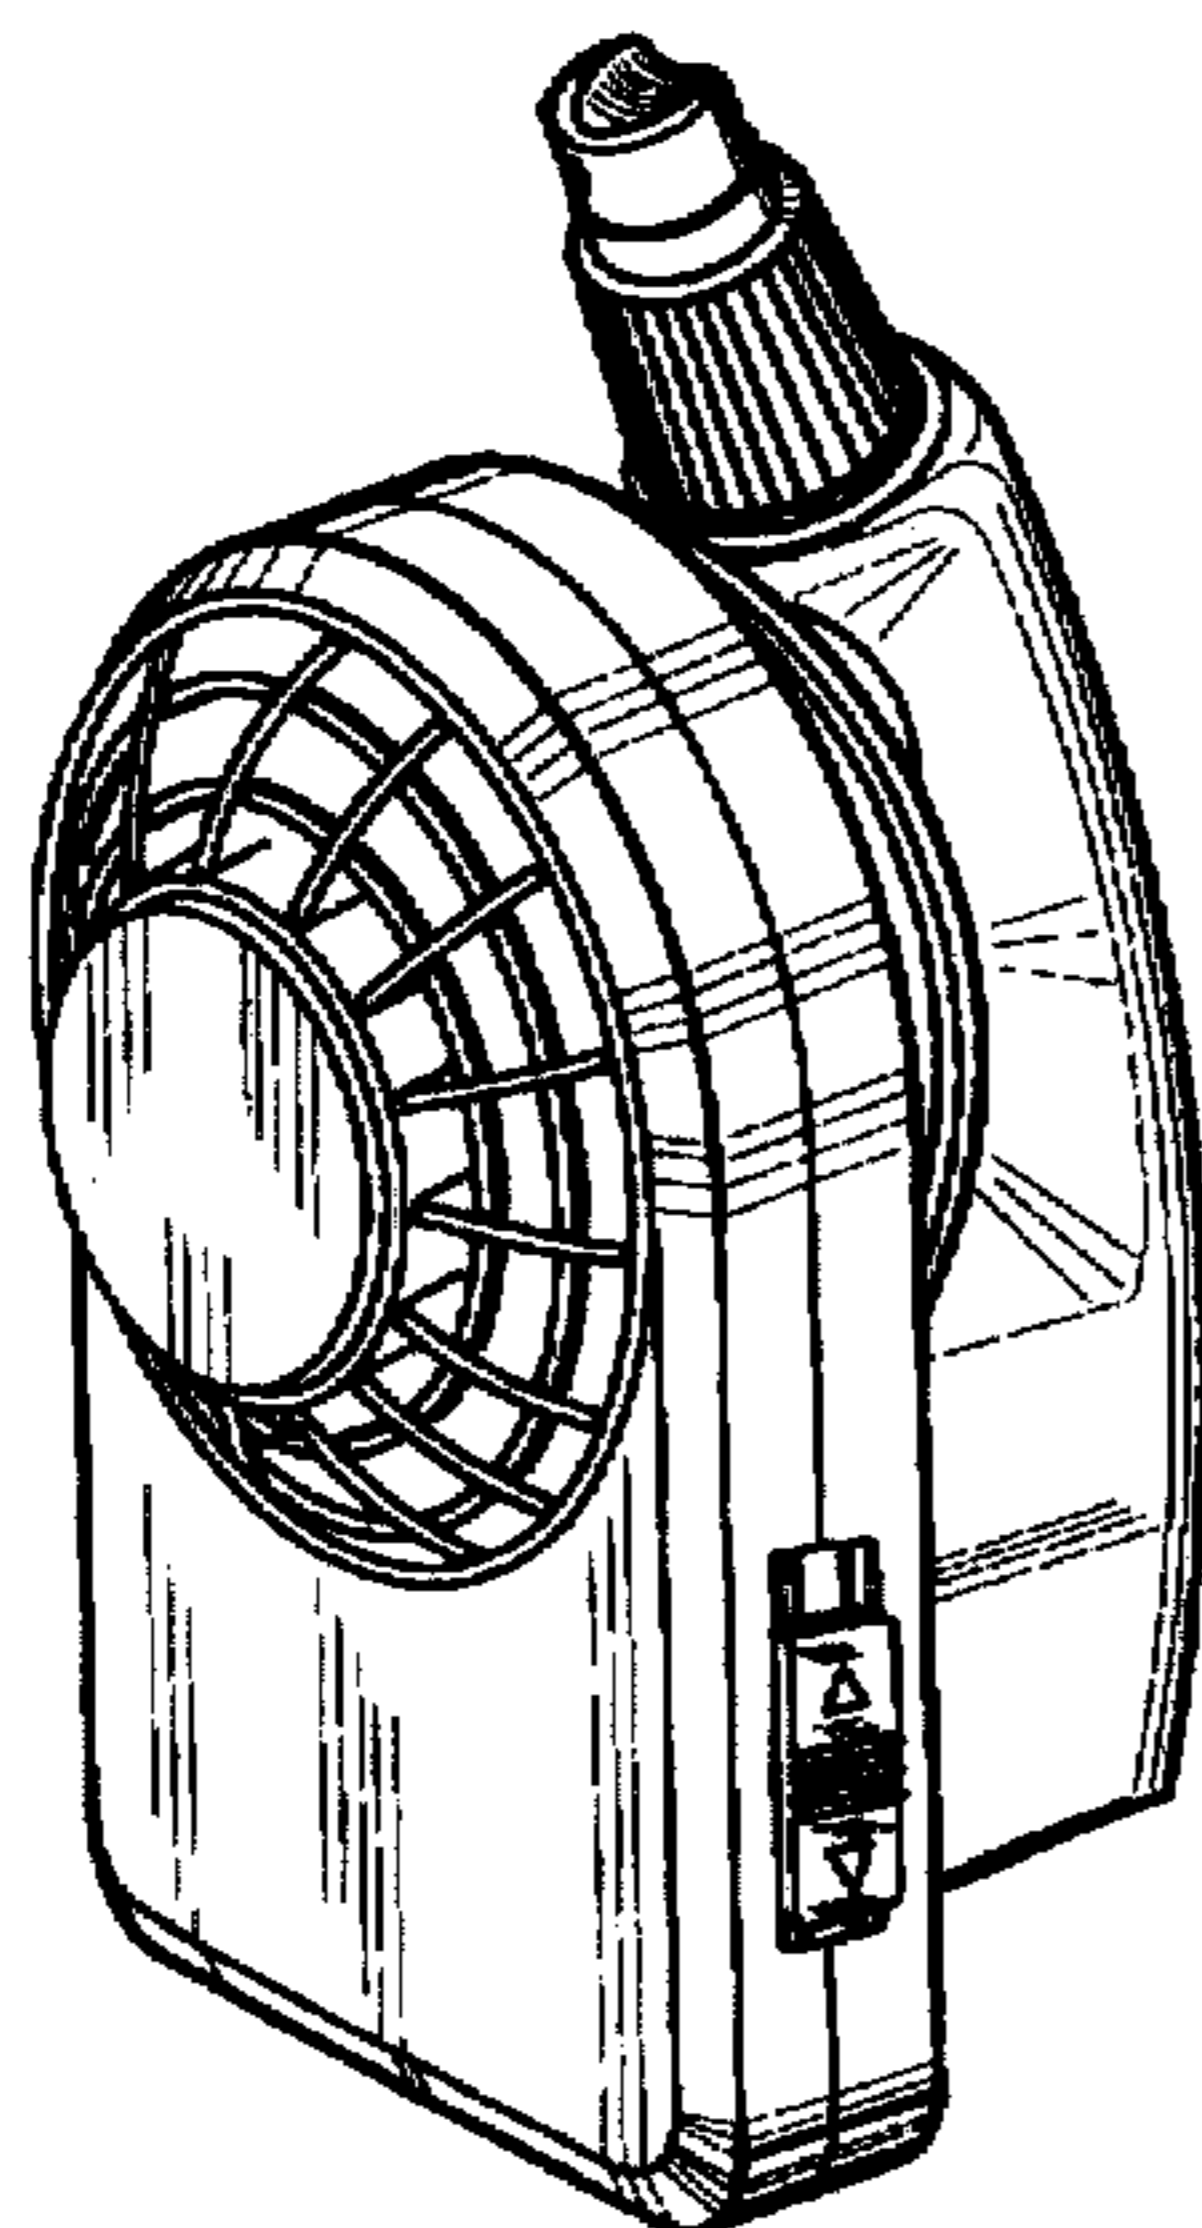

FIG. 10 is a top plan view of the combination portable fan and spray misting bottle according to the present design;

FIG. 11 is a right side view of the portable fan and attached spray misting bottle according to the present design;

FIG. 12 is a left side view of the portable fan and attached spray misting bottle which is substantially identical to the right side view of FIG. 11; and,

FIG. 13 is a bottom view of the portable fan and spray misting bottle according to the present design.
