[57] **CLAIM**

The ornamental design for a veneer panel, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a veneer panel showing my new design and illustrating adjacent interfitting veneer panels in

broken lines for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a side elevational view of the veneer panel shown in FIG. 1;

FIG. 3 is a bottom plan view of veneer panel shown in FIG. 1;

FIG. 4 is a sectional view taken along the line 4—4 of FIG. 1 and illustrating arcuate grooves in the veneer layer;

FIG. 5 is a sectional view taken along the line 5—5 of FIG. 1 and illustrating a half groove at the end of the veneer panel of FIGS. 1-4;

FIG. 6 is a sectional view of a second embodiment of a veneer panel, illustrating a V-shaped groove in the veneer layer, taken along line 6—6 of FIG. 1, the top, bottom, and sides of the veneer panel are similar to the top, bottom, and sides of the veneer panel disclosed in FIG. 1-4;

FIG. 7 is a top plan view of a third embodiment of a veneer panel illustrating veneer rows of different widths but having grooves similar to the grooves illustrated in the veneer panel of FIGS. 1-5;

FIG. 8 is a bottom plan of the modified veneer panel shown in FIG. 7; and,

FIG. 9 is a side elevational view of the veneer panel shown in FIG. 7.
