[57] **CLAIM**

The ornamental design for a reflector for linear warning light, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a reflector for linear warning light showing a first embodiment of my new design;

FIG. 2 is a front elevational view of the reflector of FIG. 1; FIG. 3 is a side view of the reflector of FIG. 1, the reflector

appearing the same when viewed from the opposite side; FIG. 4 is a bottom view of the reflector of FIG. 1, the reflector appearing substantially the same when viewed from the top thereof;

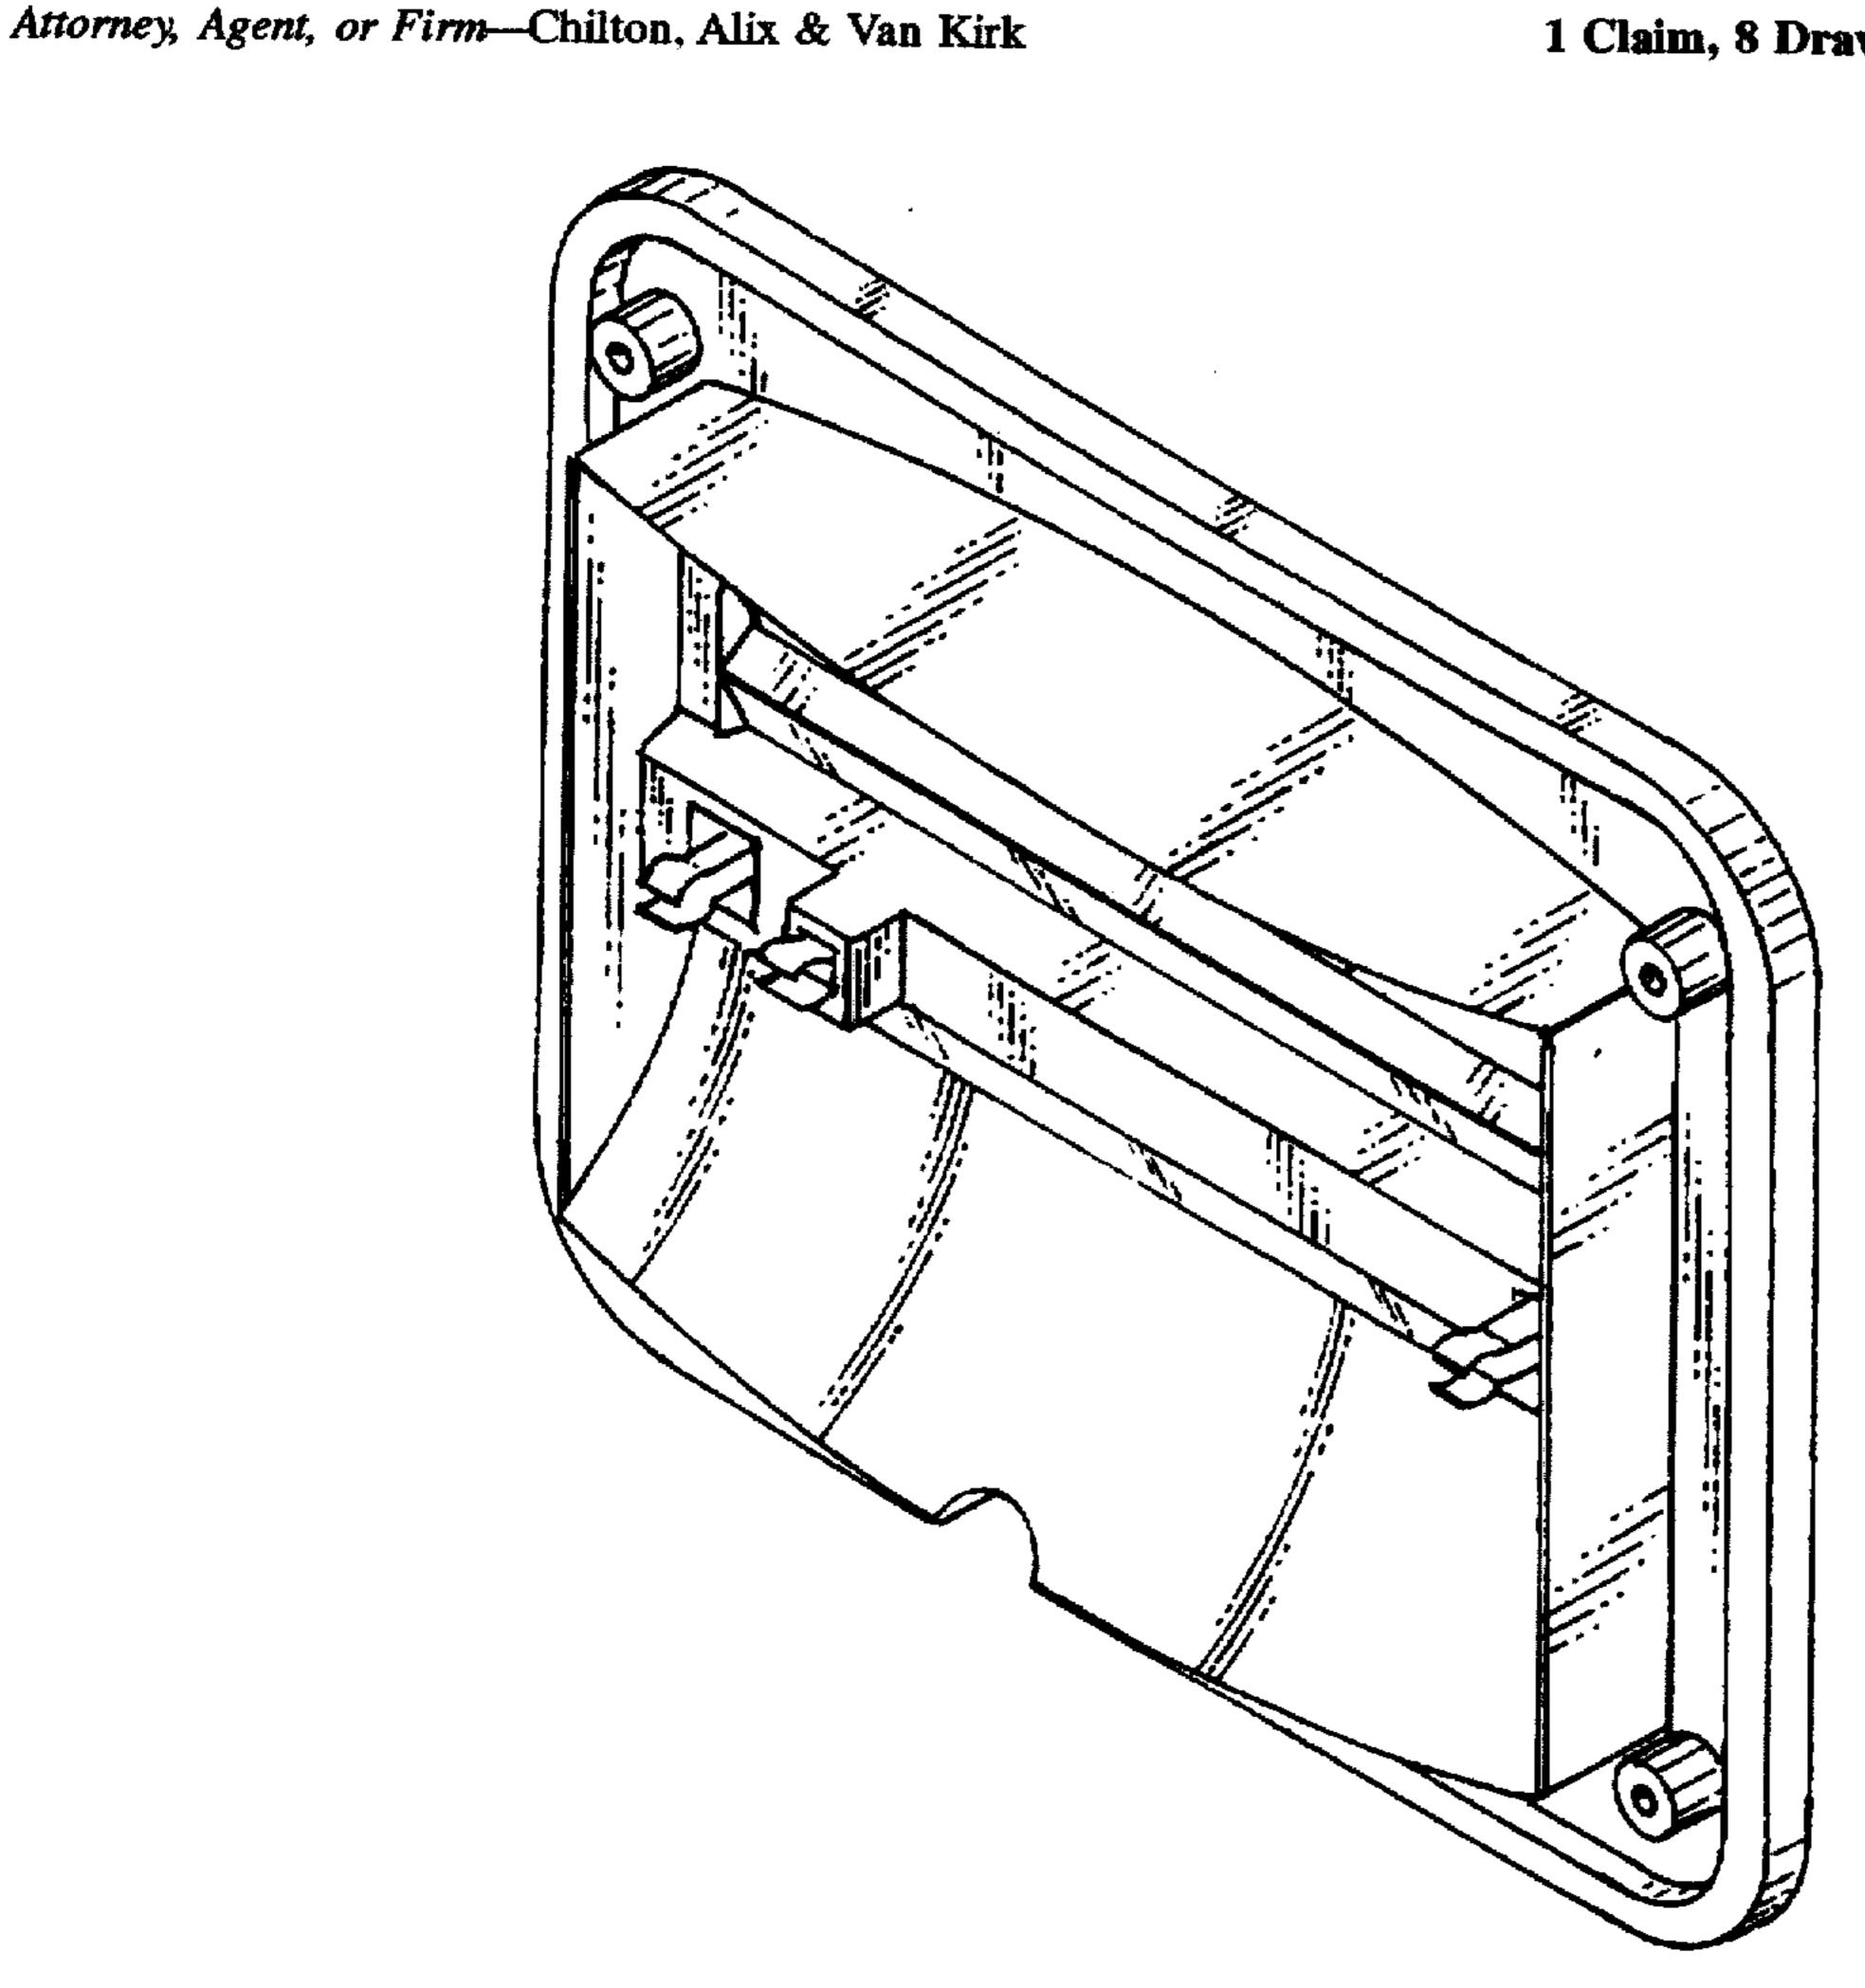

FIG. 5 is a perspective view of a reflector for linear warning light showing a second embodiment of my new design;

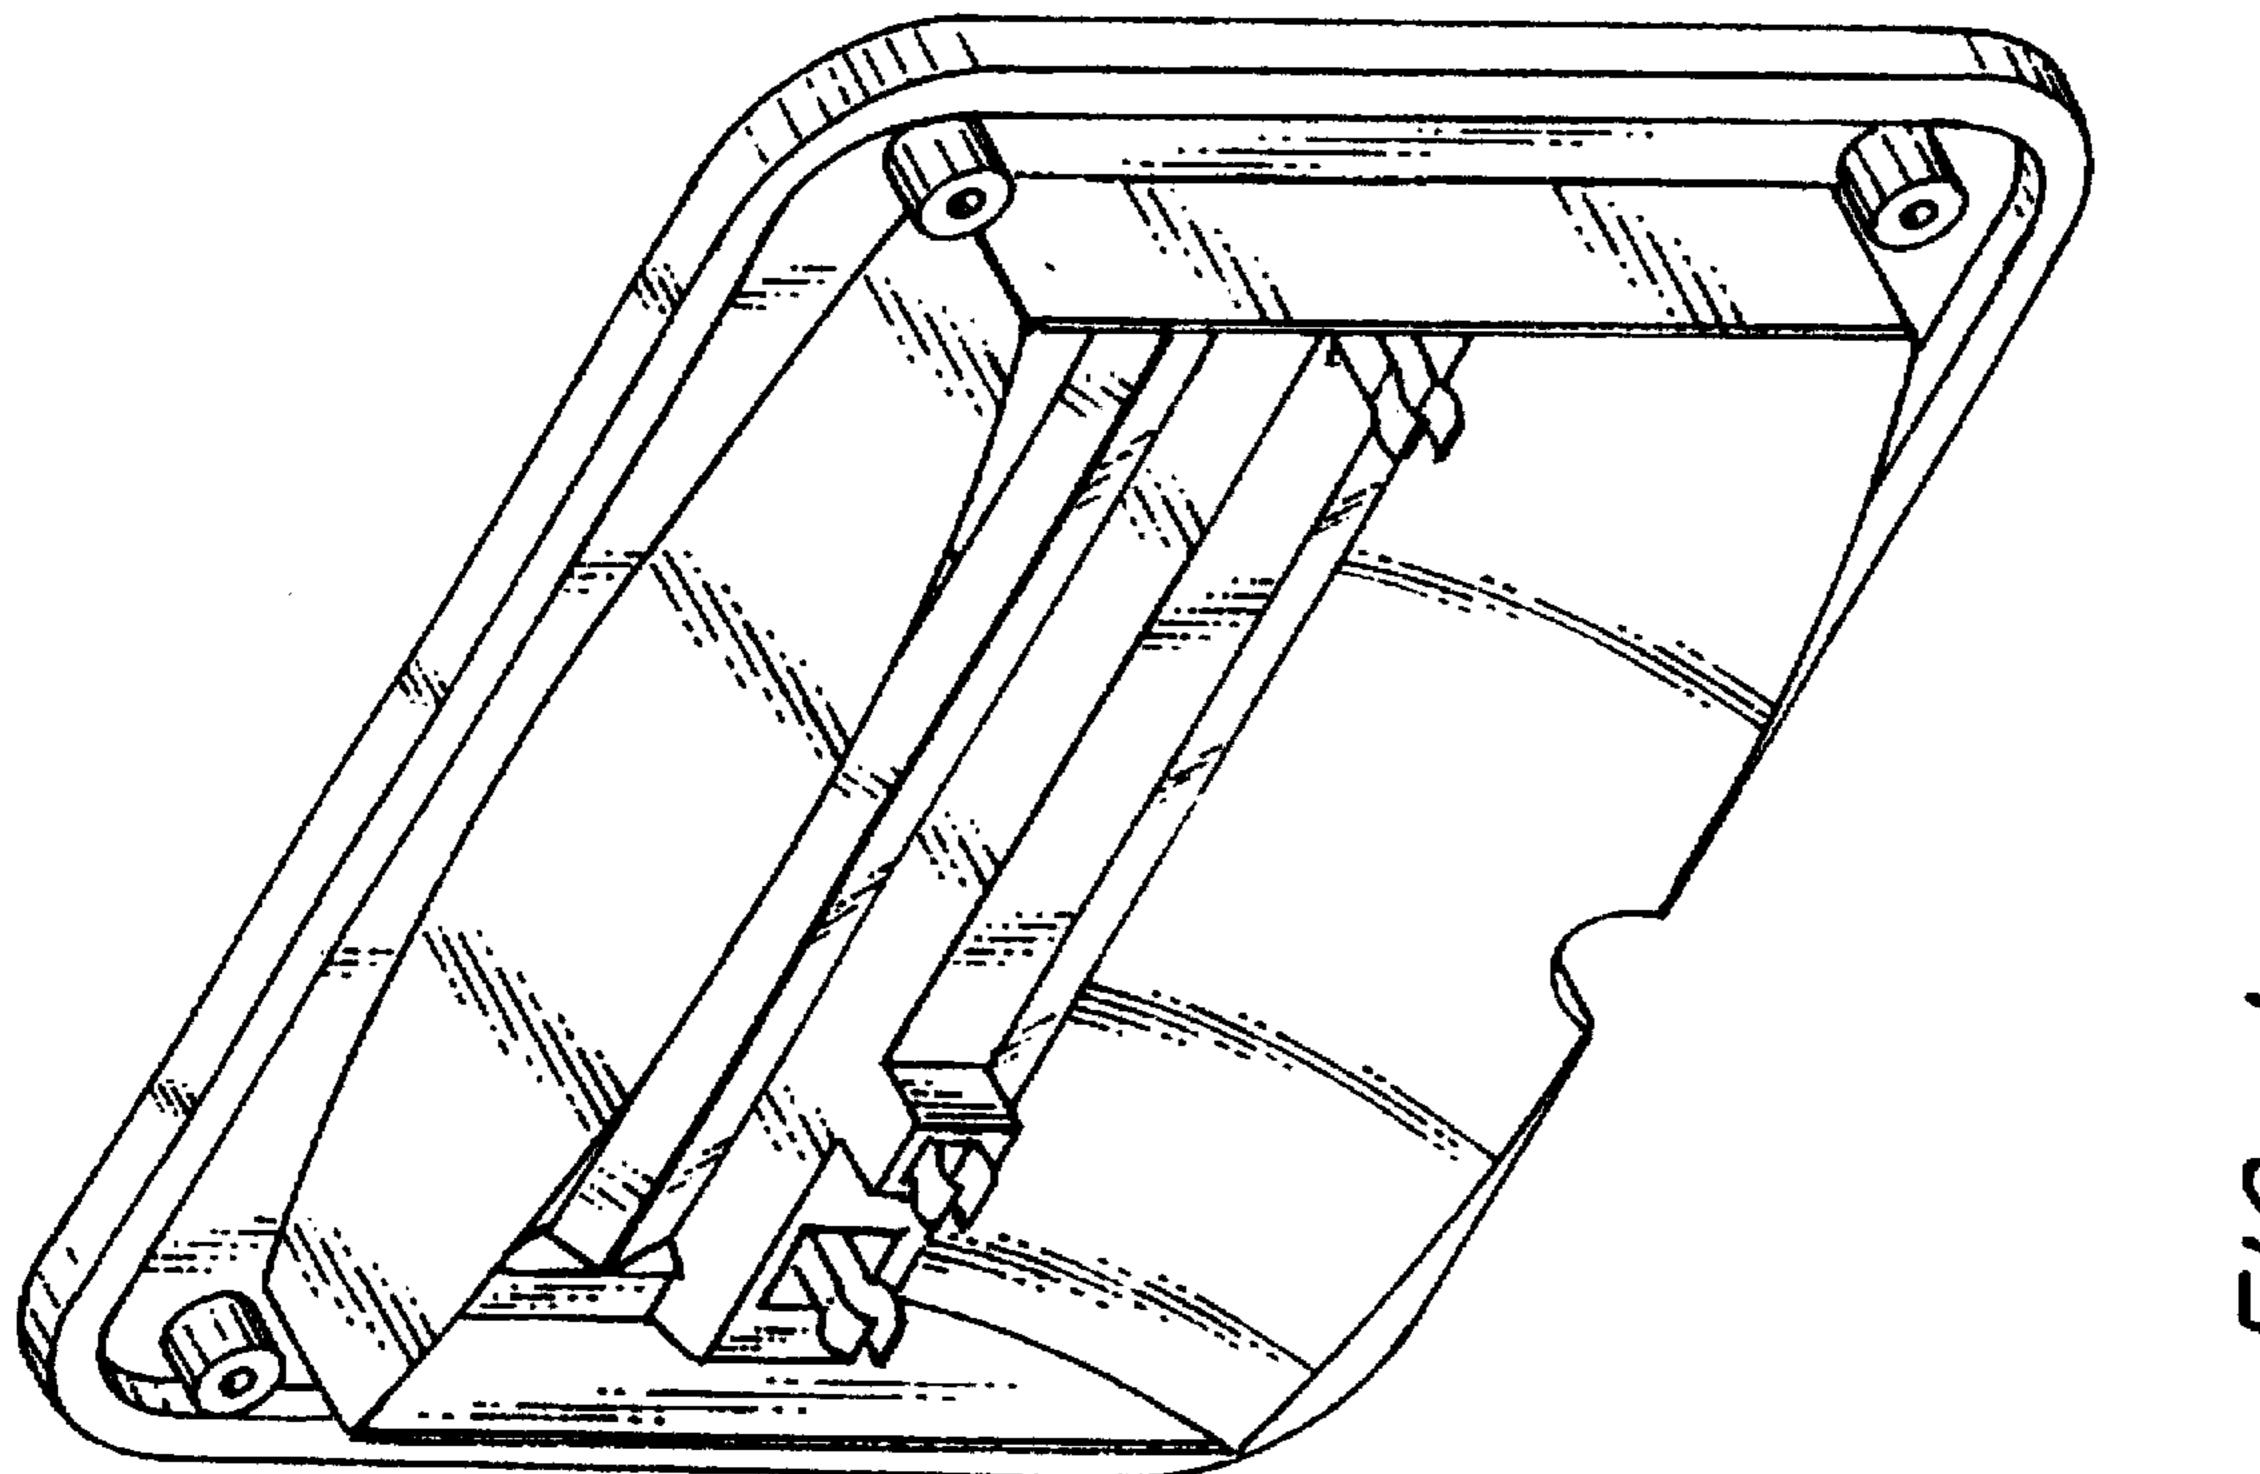

FIG. 6 is a front elevational view of the reflector of FIG. 5; FIG. 7 is a side view of the reflector of FIG. 5; with the opposide side being a mirror image; and,

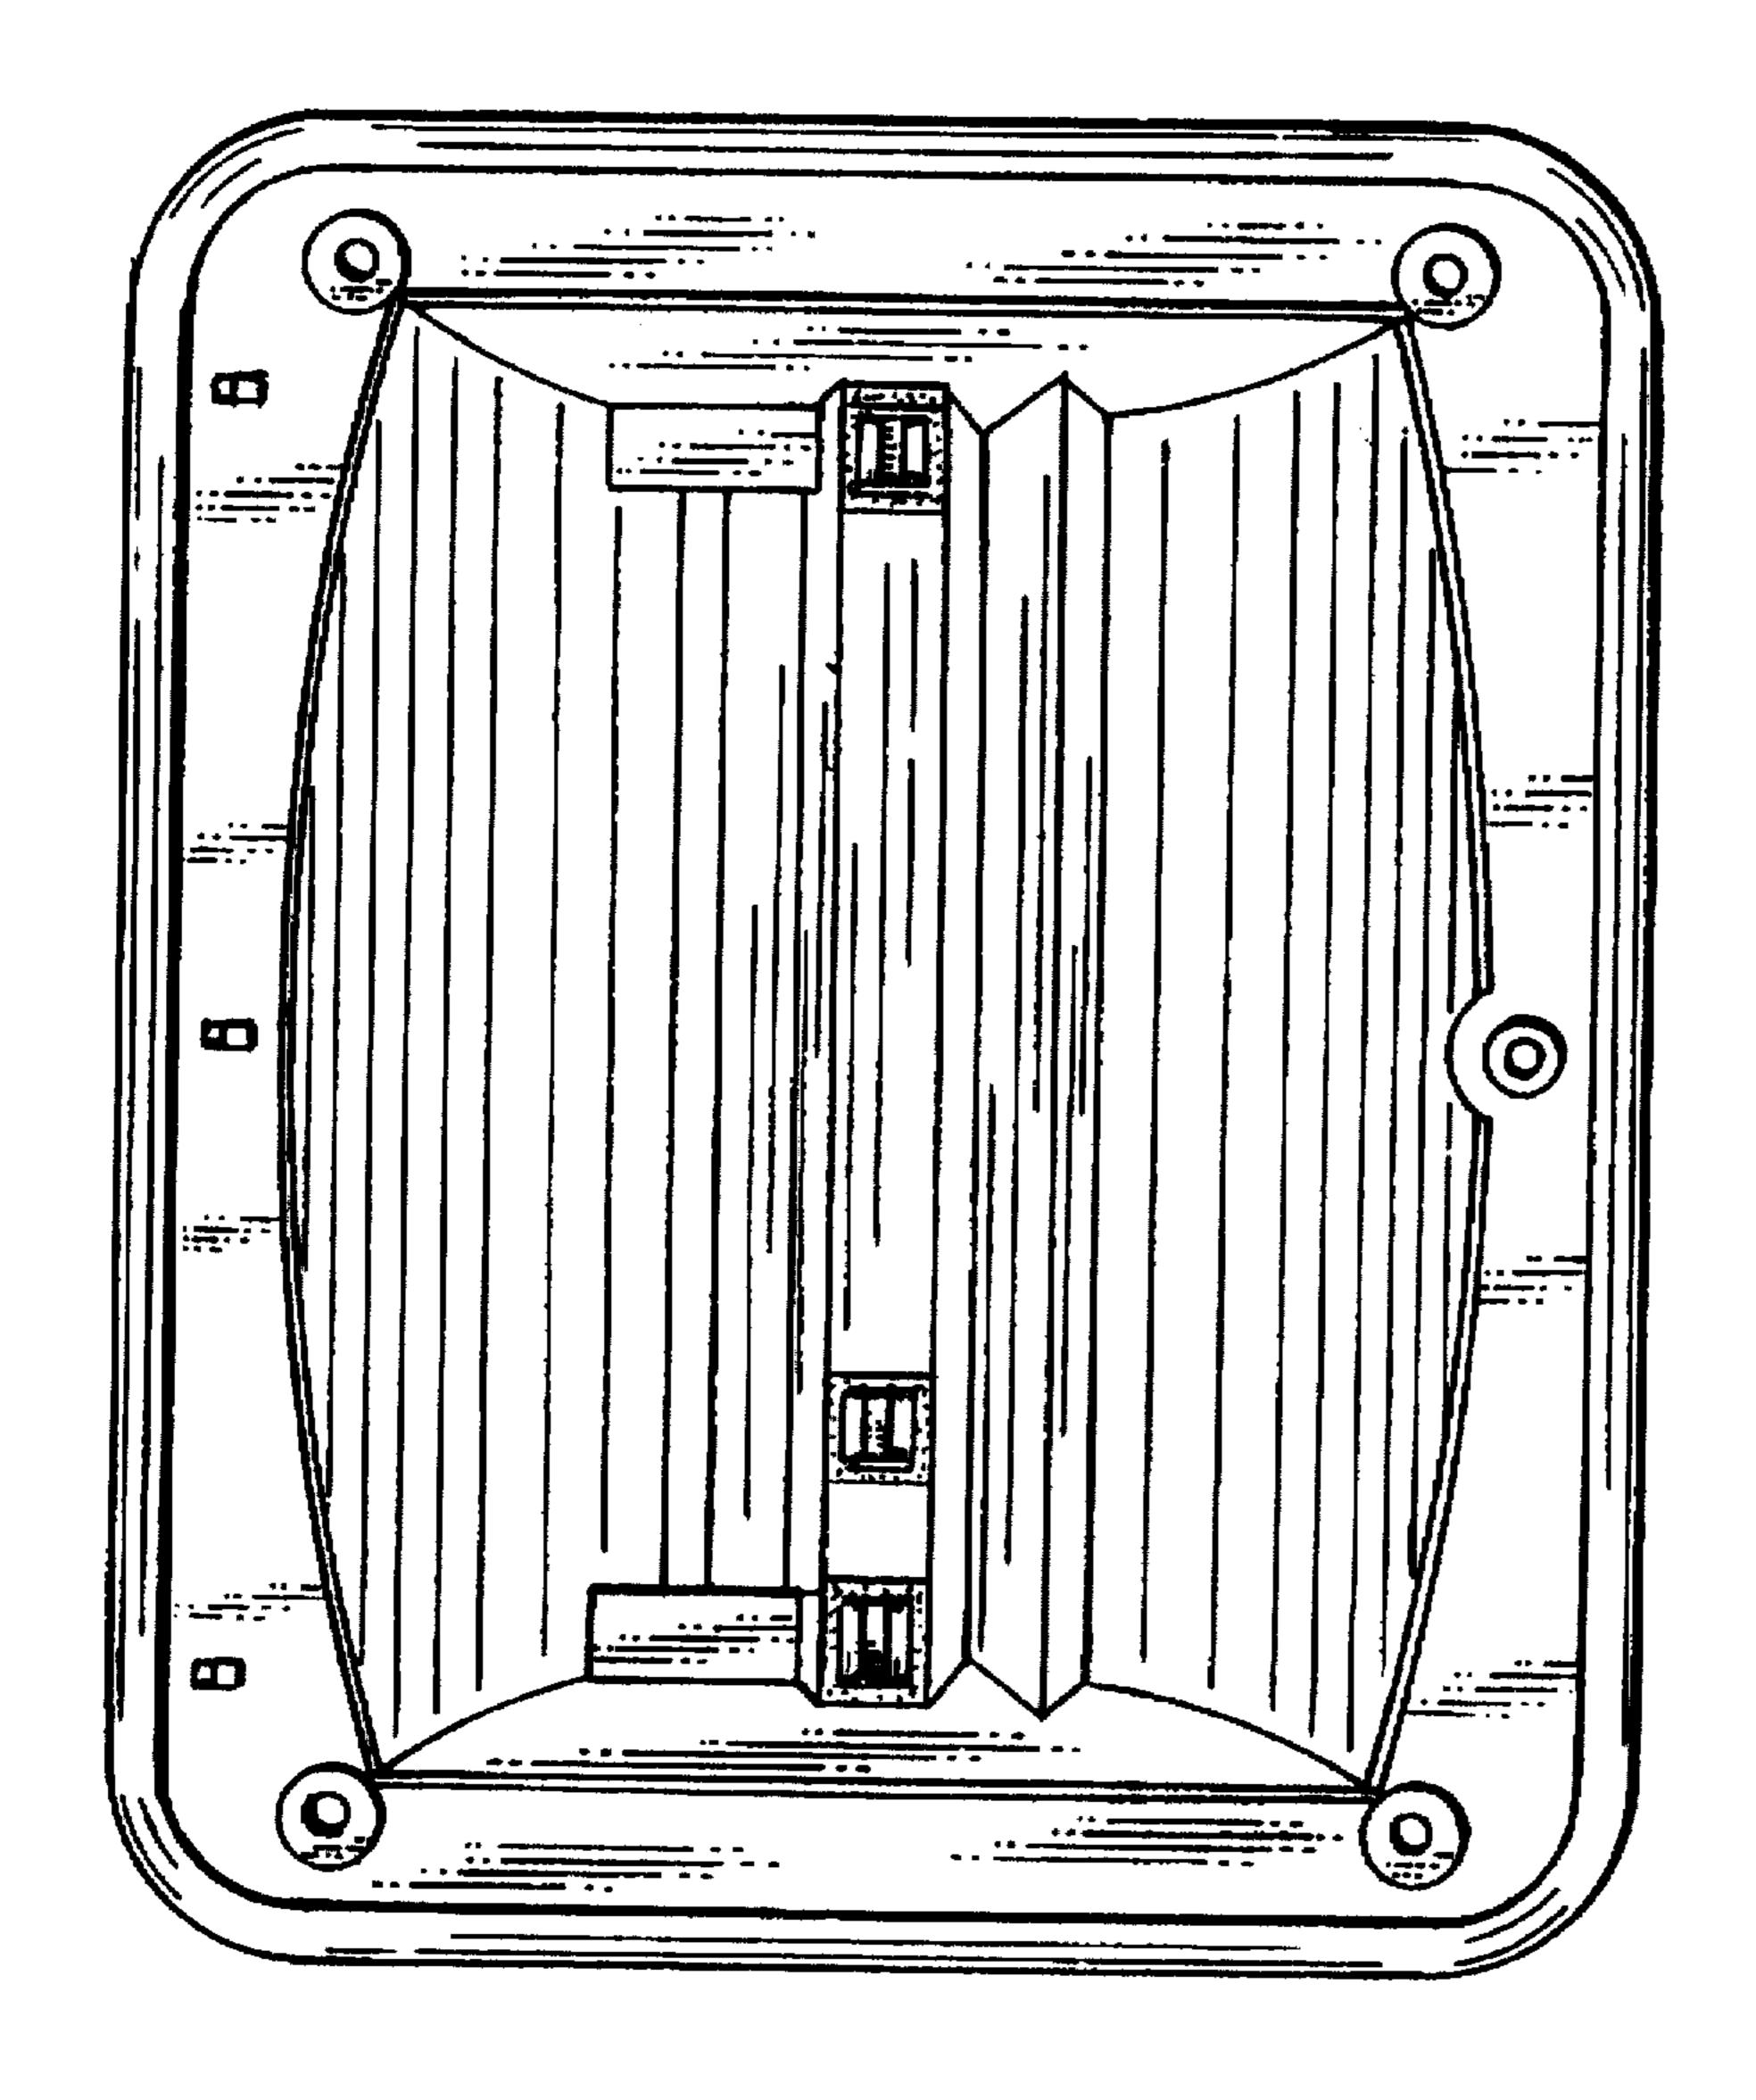

FIG. 8 is a bottom view of the reflector of FIG. 5, the reflector appearing substantially the same when viewed from the top thereof.

The appearance of my new design as seen from the rear forms no part of the claimed design.
