[57] CLAIM

The ornamental design for a end table for storing a cool chest, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of one embodiment of an end table for storing a cool chest according to the invention with the drawer thereof in closed position;

FIG. 2 is a front perspective view of the end table for storing a cool chest similar to FIG. 1 with the drawer thereof in open position, a cool chest fitting within the drawer being shown in broken lines for illustration purposes;

FIG. 3 is a front elevation view of the end table for storing a cool chest of FIG. 1;

FIG. 4 is a rear elevation view of the end table for storing a cool chest of FIG. 1;

FIG. 5 is a left side elevation view with the drawer in closed position, the right side being a mirror image thereof;

FIG. 6 is a left side elevation view with the drawer in open position, the right side being a mirror image thereof;

FIG. 7 is a top plan view of the end table for storing a cool chest of FIG. 1 with the drawer thereof shown in closed position;

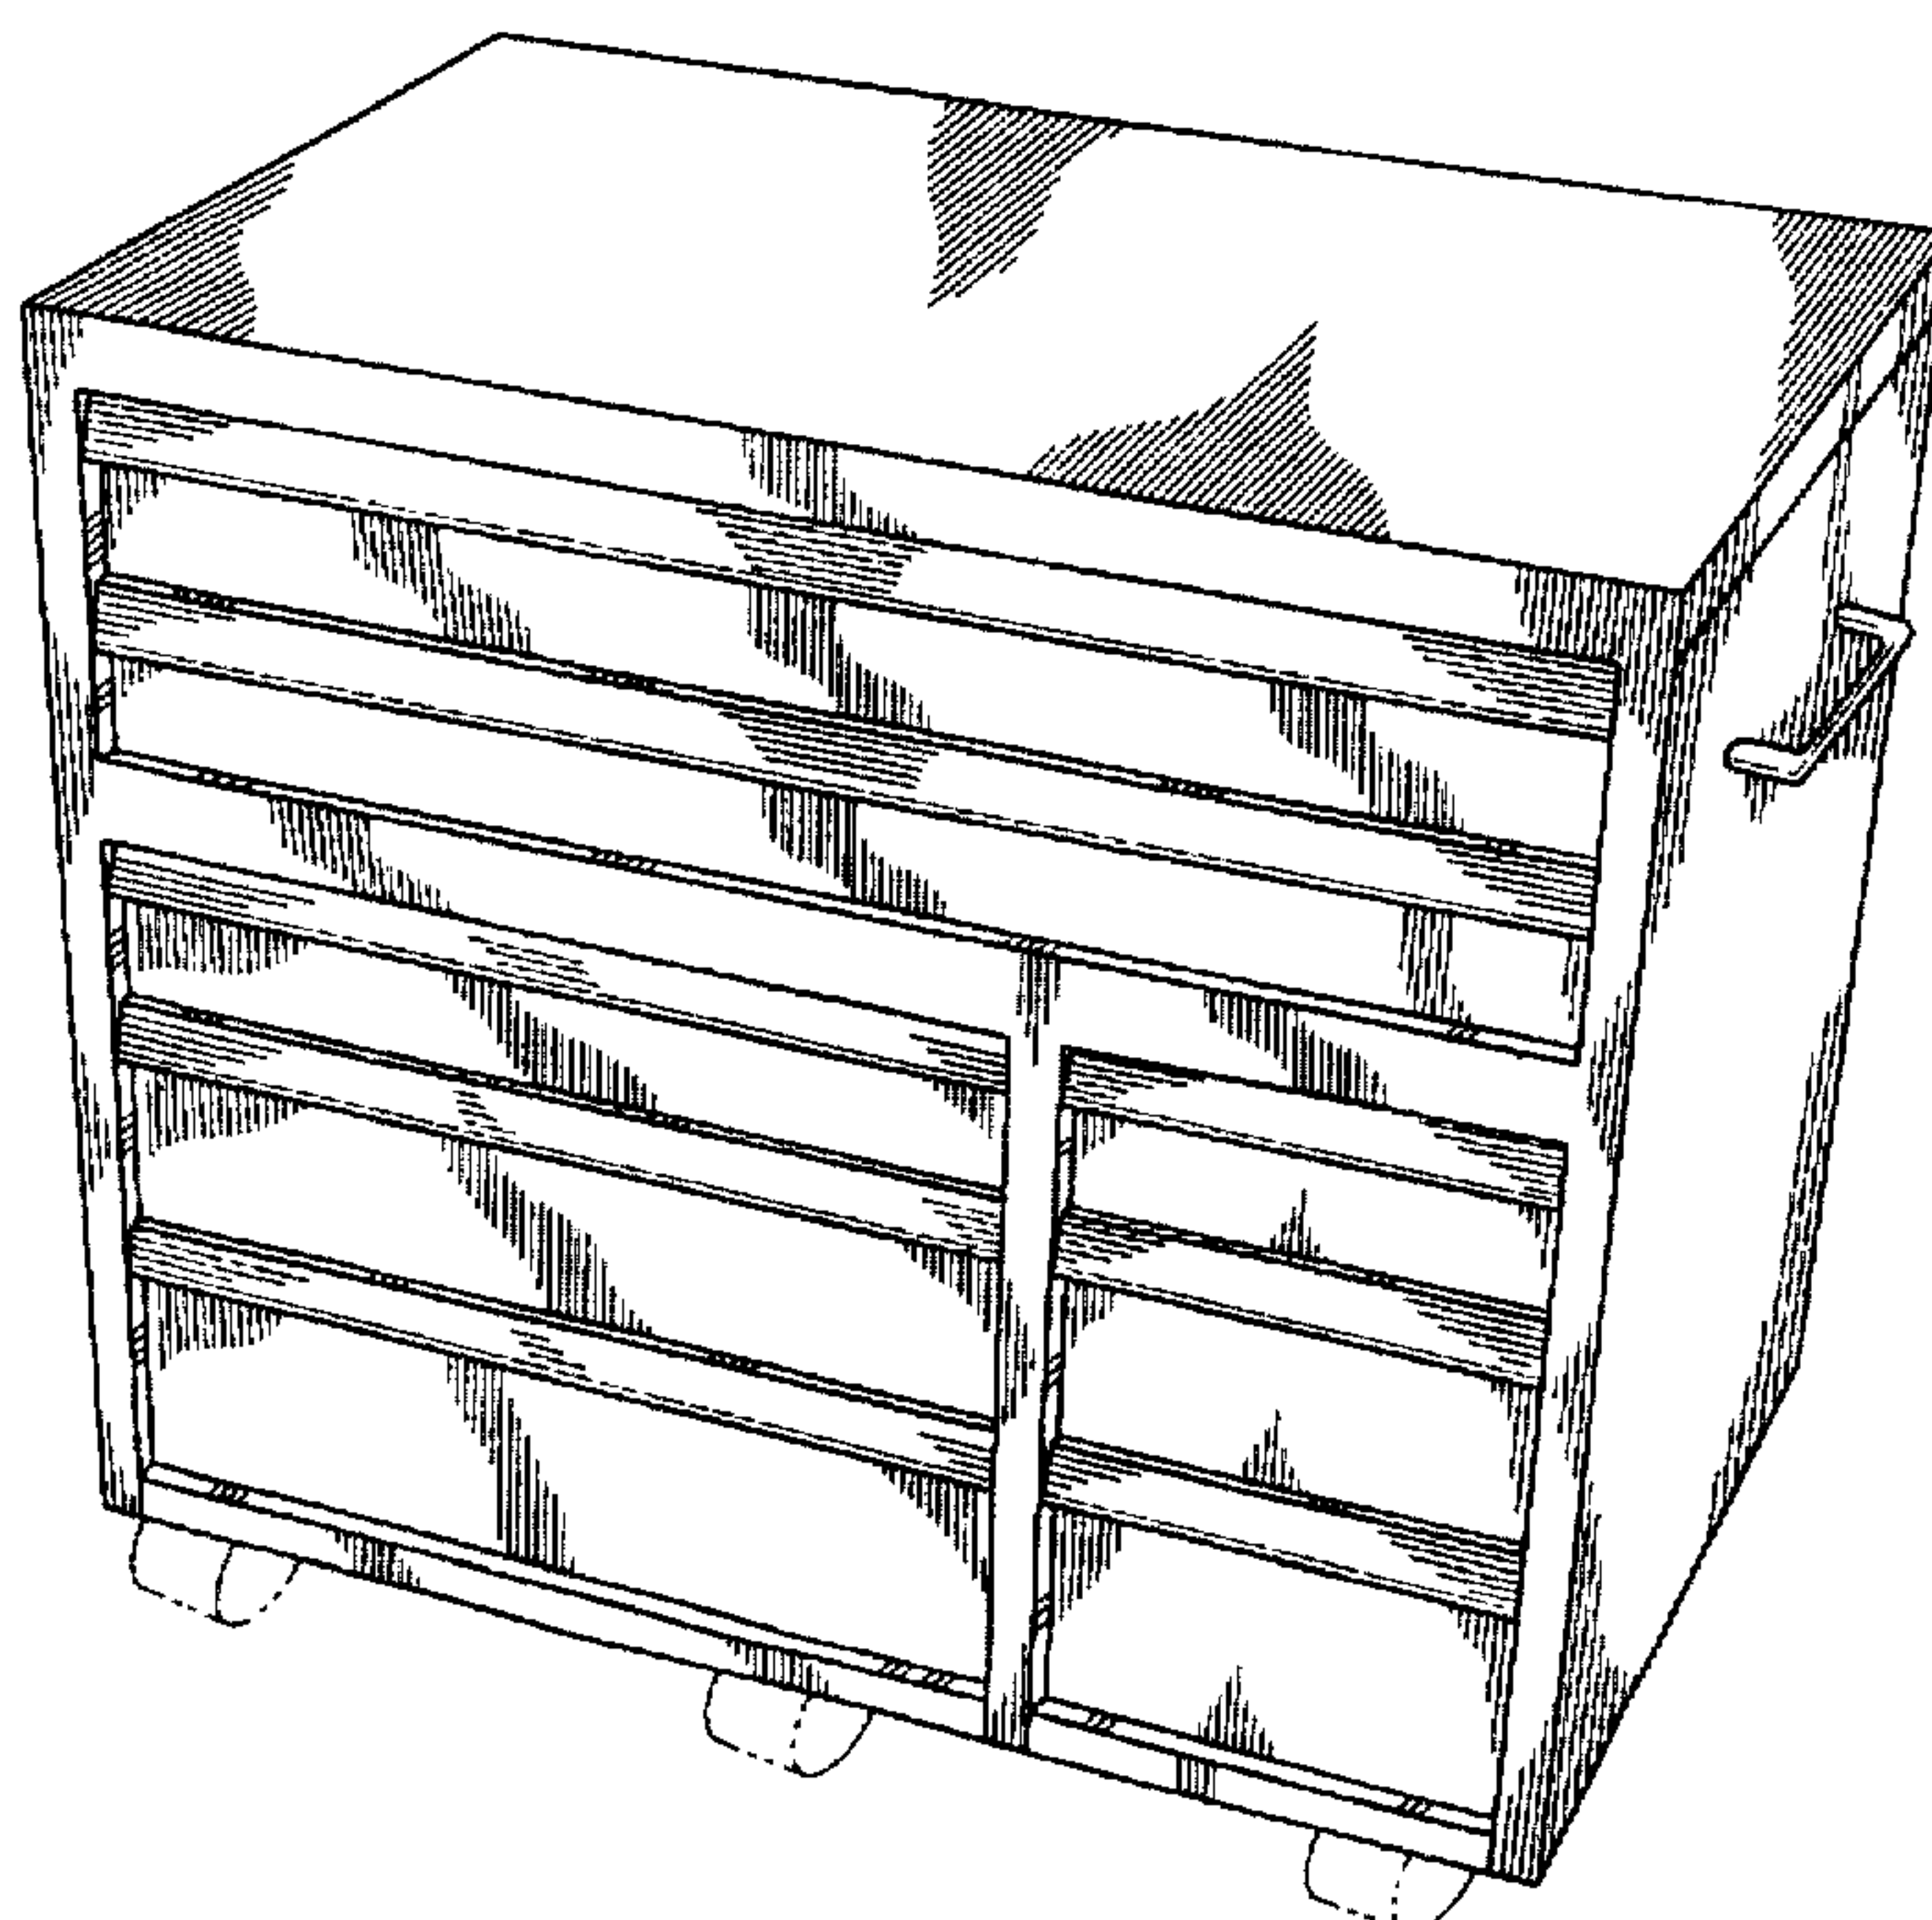

FIG. 8 is a bottom plan view of the end table for storing a cool chest of FIG. 1 with the drawer thereof in closed position;

FIG. 9 is a top plan view of the end table for storing a cool chest similar to FIG. 7 with the drawer thereof in open position; and,

FIG. 10 is a front view partially in vertical section along line 10—10 of FIG. 9 and partially in front elevation.

The broken line showing of castors in all figures other than FIGS. 7 and 9 is included for illustration purposes and does not form part of the design.
