[57] CLAIM

The ornamental design for a portion of a screen of a programmed computer system, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a portion of a screen of a programmed computer system showing a first embodiment of our new design; and,

FIG. 2 is a front elevational view of a second embodiment thereof.

The broken-line disclosure of the unclaimed edge of the screen portion is for illustrative purposes only and forms no part of the claimed design.
