[57] **CLAIM**

The ornamental design for a combined aerating lid and cover unit for a standard wide mouth jar, as shown and described.

**DESCRIPTION**

FIG. 1 is a top and side perspective view of the aerating lid component of a combined aerating lid and cover unit for a standard wide mouth jar showing my new design;

FIG. 2 is a side view of said aerating lid component. The opposite side view being a mirror image thereof;

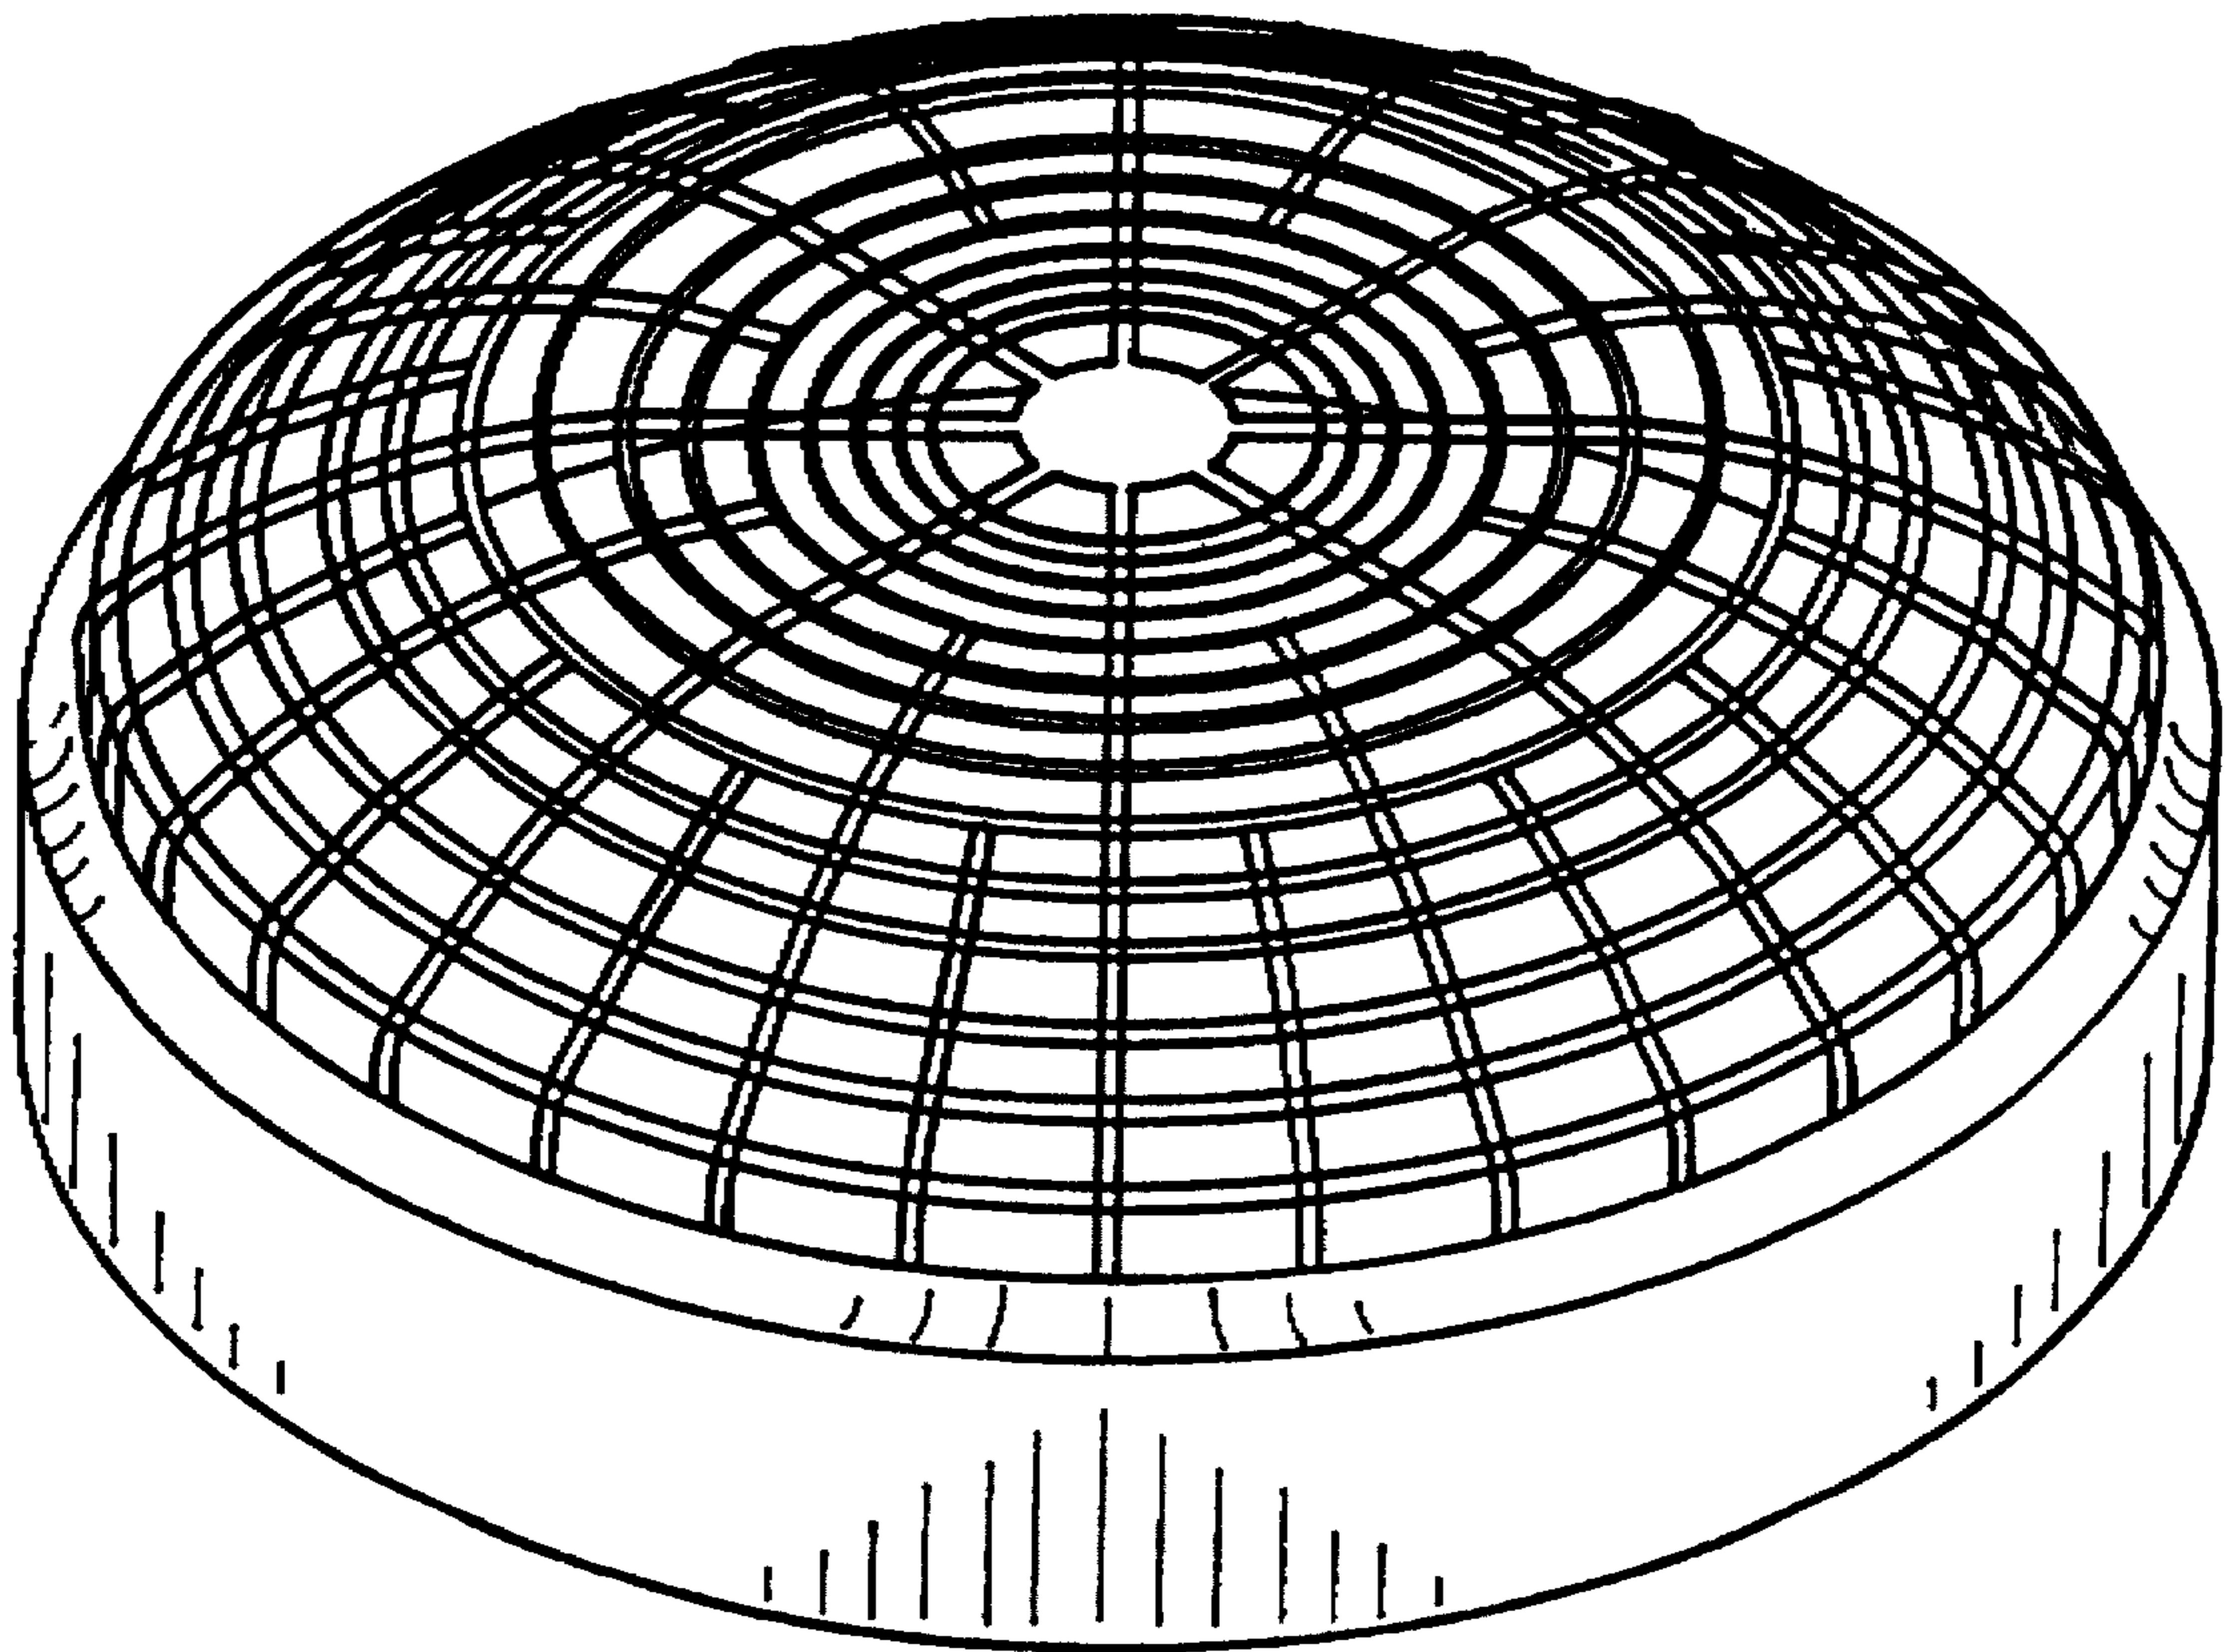

FIG. 3 is a top view of said aerating lid component, the unshown opposite bottom view being of substantially identical appearance, and,

FIG. 4 is an exploded side view of a combined aerating lid and cover unit for a standard wide mouth jar showing my new design.

The broken line showing of a jar is for illustrative purposes only and forms no part of the claimed design.

The opposite side view of the cover component is a mirror image of the side shown, and the bottom is understood to be open.
