[57] **CLAIM**

The ornamental design for a brush handle with small brush removably held therein, as shown and described.

DESCRIPTION

FIG. 1 is a left side elevational view of the brush handle with small brush removably held therein according to our new design, the right side elevational view being a mirror image thereof;

FIG. 2 is a front elevational view thereof;

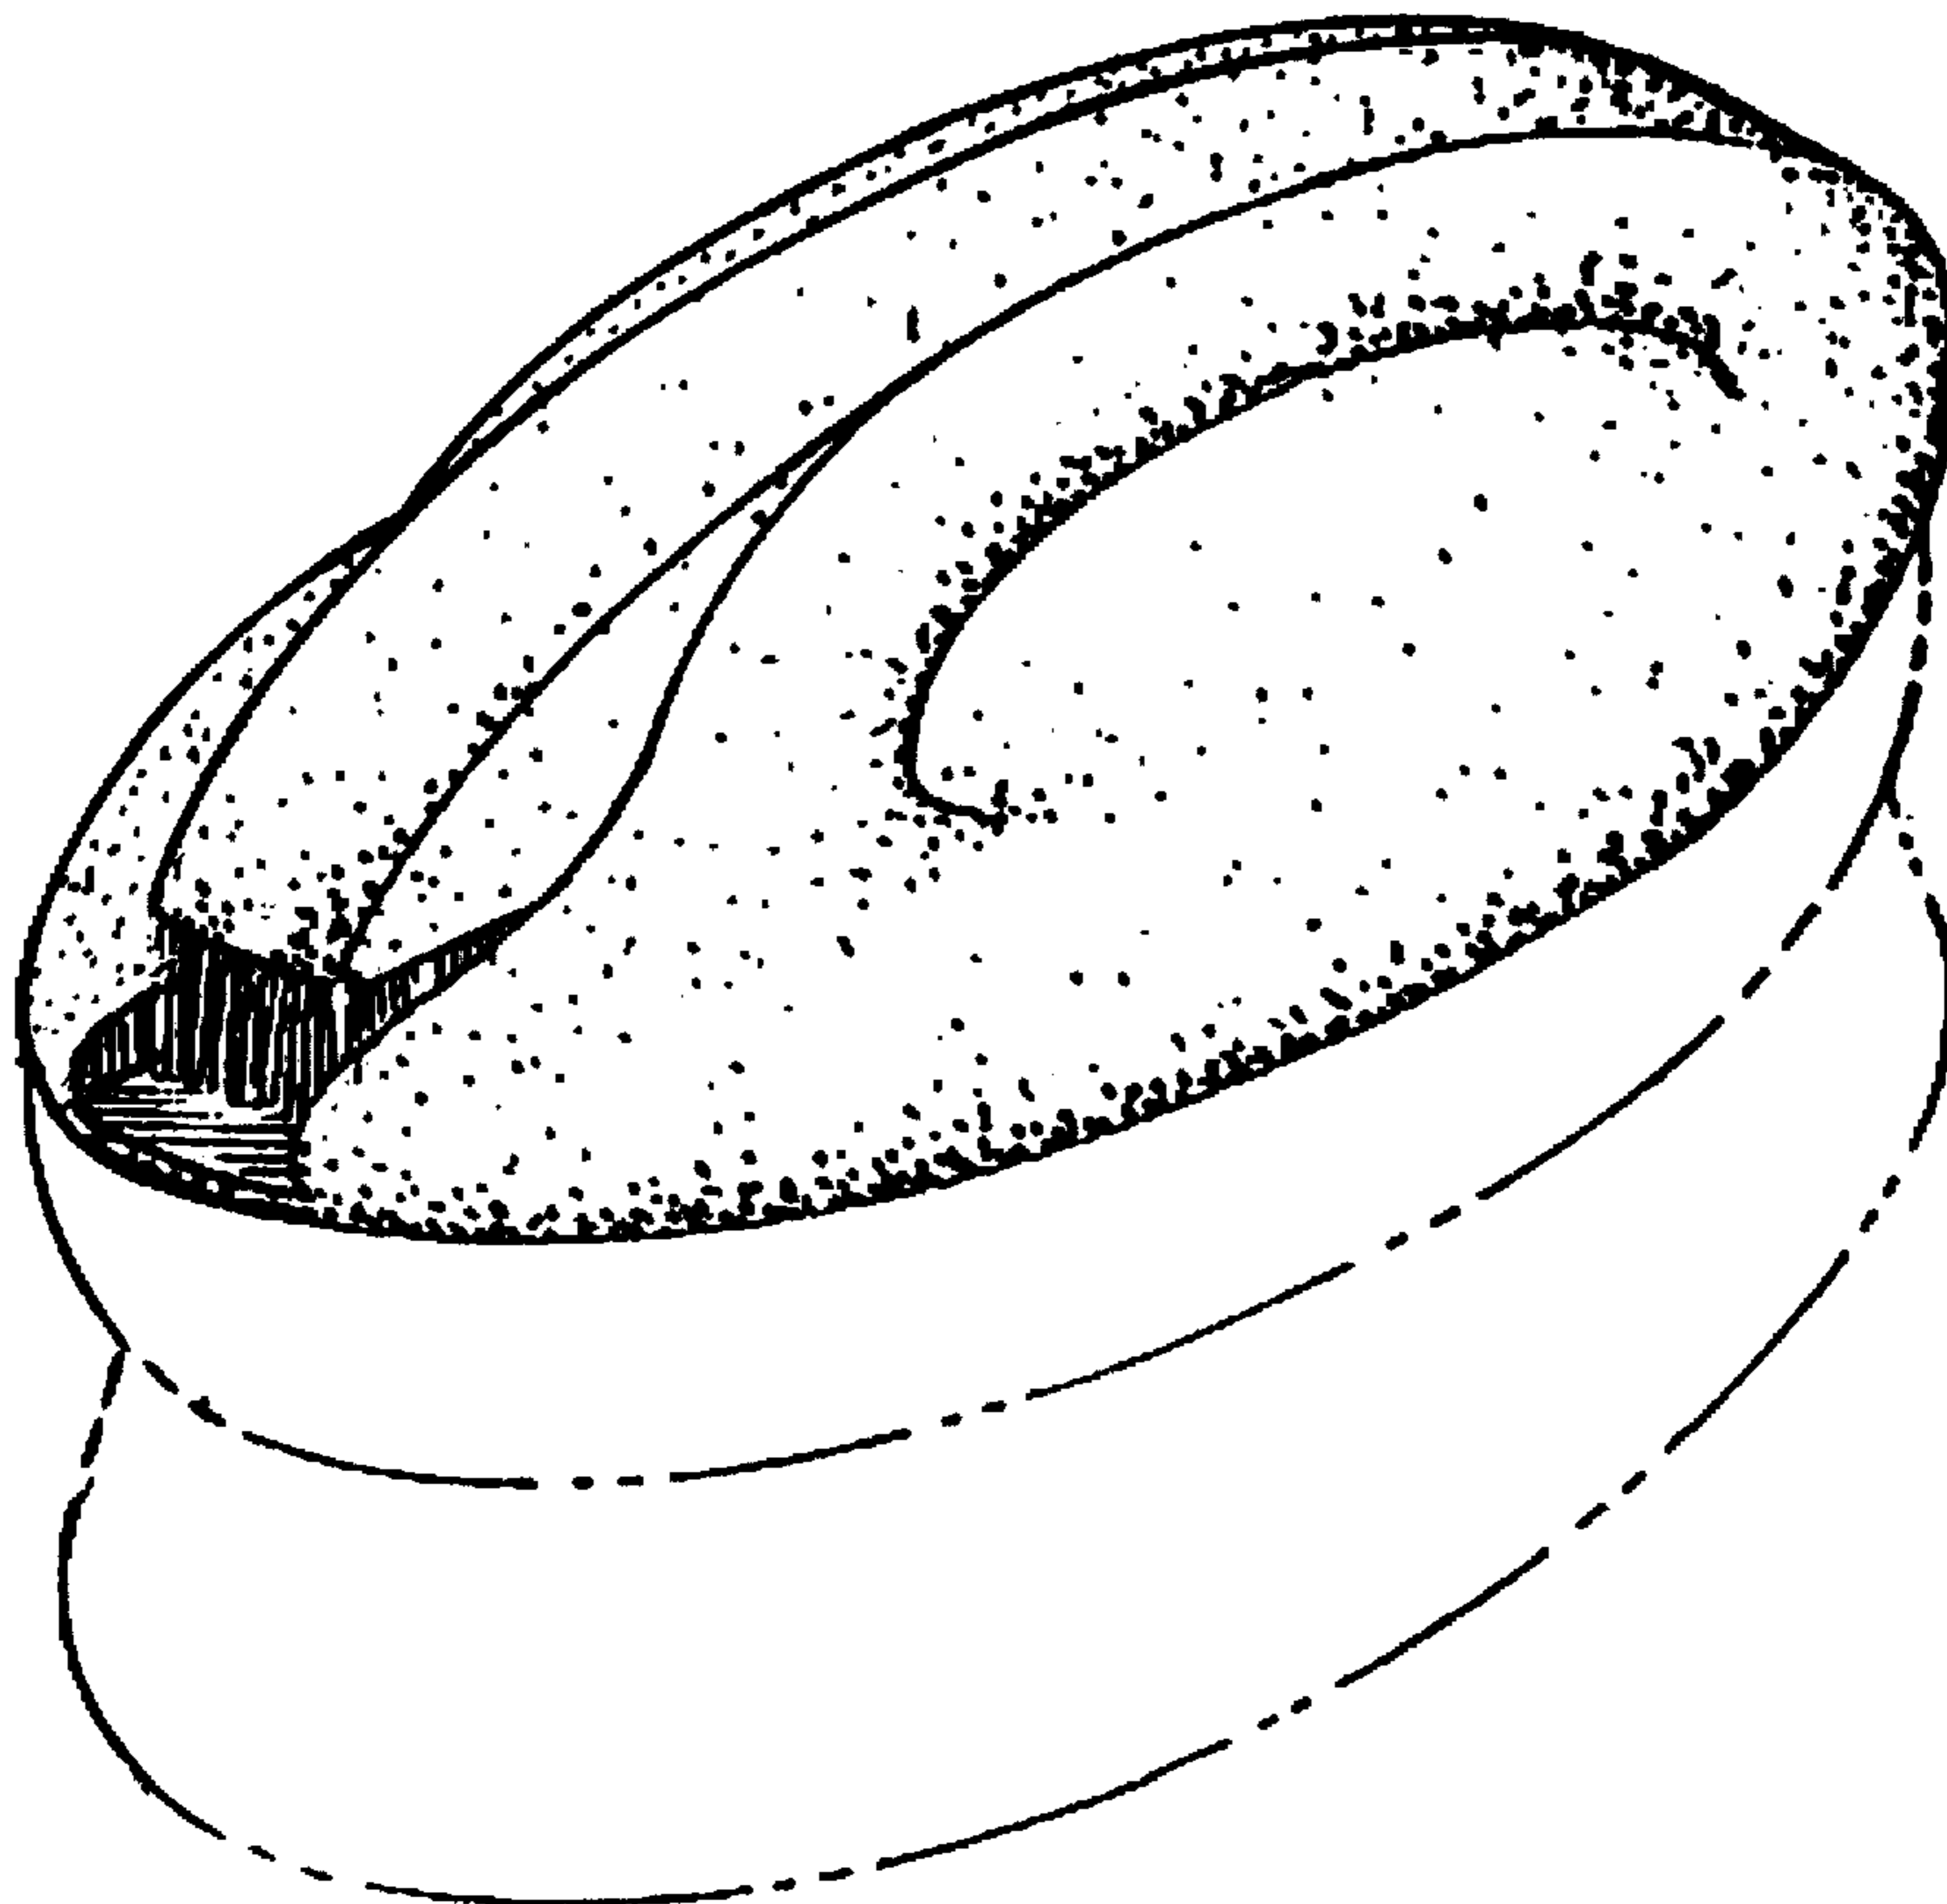

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a top plan view thereof, the bottom plan view being plain;

FIG. 5 is a perspective view of the brush handle of the subject invention, as seen from the left side of FIG. 1; and, FIG. 6 is an exploded perspective view thereof, with a like view from the opposite side being a mirror image and the small brush having uniform bristle tufts and a having a handle that is plain on the bottom and rear end.

The broken line showing of the outline of a brush is for illustrative purposes and forms no part of the claimed design.
